RE: CONTRACT MODIFICATION REFLECTING NEW WHOLESALE WATER RATE
TO EAST PENDLETON WATER DISTRICT FROM THE BRACKEN COUNTY
WATER DISTRICT

Dear Chairman Cobb:

Please be advised that I am writing you in my capacity as Attorney for the Bracken County Water District, relative to a new pass through wholesale rate increase due to an wholesale water rate increase from a supplier of water to the Bracken County Water District, i.e. City of Augusta.

City of Augusta was authorized by KY PSC to increase its wholesale water rates to Bracken County Water District from \$2.36 per 1000 gallons to \$3.10 per 1000 gallons. KY PSC approved Bracken County Water District to charge its wholesale water customers \$5.60 per 1000 gallons an increase of \$0.78 from \$4.82 per 1000 gallons (the prior wholesale rate to City of Brooksville), beginning October 10, 2025.

I have enclosed a draft of the contract modification, a draft resolution of the commissioners approving, a copy of the KY PSC Order approving, and a copy of the original contract.

Please contact me if you have any questions regarding this letter or the enclosed/attached documents.

Assuming that all documents are approved, please forward me the originals upon execution. Thank you in advance.

Sincerely,

JESSE P. MELCHER

Enclosure: Draft Contract Modification reflecting new rate; draft resolution of commissioners approving modification, copy of KY PSC Order approving new rate, and copy of original contract.
