RE: Case 2026-00211
North McLean County Water District
Remediation of Deficiencies in ARF Application

Dear Ms. Bridwell,

Enclosed for filing reference case is North McLean County Water District's correction of the percentage increase for the proposed rates. The original Alternative Rate Filing Application was filed September 23, 2026. The filing was rejected due to deficiencies identified in your letter dated October 2, 2026. North McLean County Water District has addressed the issue as follows:

- 807 KAR 5:076 Section 5(4)(c): Does notice of proposed rate adjustment meet regulatory requirements; The amount of the change requested in both dollar amounts and percentage change for each customer classification to which the proposed rates apply. The percentage changes are incorrect in the notice. **ATTACHED 1 Customer Notice and ATTACHED 2 Attachment CPR**

If accepted by the Commission North McLean County Water District will include the customer notice enclosed with the upcoming water billing October 23, 2026.

The district respectfully requests that these measures be considered as sufficient to remediate the deficiencies in the ARF application.

Sincerely,

Tiffany Sallee
