Re: Judy Water Association, Inc.
Case No. 2026-00219

Dear Mr. McNeil:

Judy Water Association is submitting the revised Purchase Water Adjustment form as requested in response to the deficiency letter.

We respectfully request that the revisions submitted with this response do not result in a change to the previously requested effective date of the Purchase Water Adjustment. Maintaining the effective date is important to the District, and we respectfully ask that the Commission allow the adjustment to remain effective as originally requested. Thank you for your consideration and assistance with this matter. Please contact us if any additional information or documentation is needed.
