The Lewis County Lions made the trip over to Rowan County to play in the Eastern Kentucky Conference Grid-o-Rama. They were the second game of the evening with Fleming County and Fairview being the early game. The Lions played the host team, the Rowan County Vikings in the nightcap. The game was one of highs and lows, but the coaching staff felt as if they could take some positive points from the night and build on them for the upcoming week.

The Lions will kick-off their regular season Friday night, August 21st, at Olive Hill as they take on the West Carter Comets in the Beckham County Bowl. This game was started a few years back to highlight our past and the common heritage that our two schools share. A little history, as some of you know, back in 1904 the Kentucky legislature created Beckham County from parts of Carter, Elliott, Lewis, and Rowan counties, with Olive Hill being the new county seat. However, the county was dissolved after only a few months by the courts as it did not meet the minimum requirements by the criteria set out in the constitution. However, there has been a bond between the two communities that makes this game a little special. Hope to see a few of you out at the game this coming Friday.

Volleyball will open the season this week on August 17th at Bracken County. Then on the 19th they will play Nicholas County at the Lewis County Middle School court. Mark your calendar and get out to support the Lady Lions on the 19th. Coach Bentley feels good about the overall effort the ladies have put in this preseason and is excited to see it on the court.

As I mentioned last week the football team has made the playoffs two other times, in 2021 under Coach Bryan Hoover and in 2022 under Gene Peterson. Here are those two teams:

Now some BTs Tidbits:

• Football once again will be having the "Yard Line Sale" as a fundraiser for the team. The gist is that you pay $25 and you are given a random yard line on the field for the season. If the ball is on that yard line at the end of the first and third quarters, you win some money. There are only 99 numbers, so get yours soon.

• Remember that you can reach out to me with comments and suggestions by e m a i l at epb_billtom_stone@hotmail.com and my phone number is (606) 541-0303. I look forward to hearing from you guys with information and ideas.

Our neighborhood has been blessed with a couple of new additions this past month and I want to welcome them into our community.

• A future Lion was born to Seth and Madison Wallingford on July 29, 2026. Archer Brooks Wallingford weighed 7 lbs. 11 oz. and was 20.5 inches tall. His dad Seth was a great athlete at LCHS playing both baseball and basketball. Seth is currently the head coach of the LCHS baseball team. Archer was welcomed into the family by his grandparents, Shane and Kim Wallingford of Tollesboro and Dwayne and Robin Patrick of London, Ohio. As a side note, Coach Wallingford shared with me that London, Ohio, is the birthplace of Pro Football Hall of Famer Dick LeBeau. That man knows defense.

• On August 4, 2026, Austin and Kenzie Rucker brought into the Lion's family Laynie James Rucker. Laynie weighed 7 lbs. 1 oz. and was 20 inches tall. Her "Big Brother" Reece was excited to welcome her home. Laynie's grandparents, Danny and Lana Rucker, and Greg and Donna Caudell, were over the top with excitement, joy, thankfulness, and love as they welcomed their little bundle of joy into this world. Austin is the current president of the Vanceburg Lions Club and a huge supporter of Lewis County sports.

• Was talking with my friend Tom Bertram and he shared some exciting news about his grandson Collin Bertram. Collin was voted "Track Athlete of the Year" in a Cincinnati Enquirer poll. Collin is the son of Alex and Heather Bertram and attends Georgetown High School. Collin was first team SBAAC and won the district in both shot put and discus as well as being a regional qualifier in both. Congratulations.

The season is upon us, but it is not too late to get your young athlete involved. There are opportunities on all levels to get your child on a team. Get them off the screen and put them in the scene.

Dear Natural Gas Customer:

On or about August 18, 2026, Western Lewis Rectorville Water and Gas District ("District") expects to submit a rate adjustment request to the Kentucky Public Service Commission ("PSC").

Pursuant to the procedures set forth in 807 KAR 5:076, please take notice of the following information about the proposed rate adjustment that is presented below:

The rates contained in this notice are proposed by the District, but the PSC, the state agency that regulates utility services in Kentucky, may order rates to be charged that differ from those found in this notice. The present rates and proposed rates to which the proposed rates will apply and the amount of change requested in both dollar amounts and percentage change to which the proposed rates will apply are set forth in Page 2 of this Notice. The amount of the average usage and the effect upon the average bill for each customer classification to which the proposed rates will apply are also set forth on Page 2 of this notice.

In preparing the submission, the District used the *small company rate of service method* defined by the PSC and figures from the calendar year 2025. In 2025, the total revenue for the District in Kentucky was $258,630. Under the same conditions, the proposed rate changes would result in revenue of $449,644. This is an overall increase of $191,014 or 74%.

The date the proposed rates are expected to be filed with the PSC is August 18, 2026. The proposed effective date of the rates is for services rendered on and after October 1, 2026.

The application submitted by the District to the PSC may be examined at Western Lewis Rectorville Water and Gas District, located at 3044 KY 3161, Maysville, KY 41056. The application submitted by the District may also be examined at the PSC office located at 211 Sower Boulevard Frankfort Kentucky, Monday through Friday, 8:00 a.m. to 4:30 p.m. or through the commission's website at http://psc.ky.gov. Comments regarding application may be submitted to the PSC through its Web site or by mail to: Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602.

You may submit a timely written request for intervention to the PSC, establishing the grounds for the request including your status and interest in the proceeding by mail to: Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602. If the PSC does not receive a written request for intervention within thirty (30) days of the mailing of this notice, the PSC may take final action on the application.

Dear Natural Gas Customer:

On or about August 13, 2026, Western Lewis Rectorville Water and Gas District ("District") expects to submit a rate adjustment request to the Kentucky Public Service Commission ("PSC").

Pursuant to the procedures set forth in 807 KAR 5:076, please take notice of the following information about the proposed rate adjustment that is presented herein:

The rates enumerated in this notice are proposed by the District, but the PSC, the state agency that regulates utility services in Kentucky, may order rates to be charged that differ from those found in this notice. The percent rates and proposed rates by which the proposed rates will apply and the amount of change requested in both dollar amounts and percentage change to which the proposed rates will apply are set forth in Page 2 of this Notice. The amount of the average usage and the effect upon the average bill for each customer classification, to which the proposed rates will apply are also set forth on Page 3 of this notice.

In preparing the submission, the District used the retail customer cost of service method defined by the PSC, and figures from the calendar year 2025. In 2025, the total revenue for the District in Kentucky was $258,936. Under the same conditions, the proposed rate changes would result in revenue of $449,646. This is an overall increase of $191,014 or 74%.

The date the proposed rates are expected to be filed with the PSC is August 13, 2026. The projected effective date of the rates is for services rendered on and after October 1, 2026.

The application submitted by the District to the PSC may be examined at Western Lewis Rectorville Water and Gas District, located at 8064 KY 9141, Maysville, KY 41056. The application submitted by the District may also be examined at the PSC office located at 211 Sower Boulevard Frankfort Kentucky, Monday through Friday, 8:00a.m. to 4:30p.m. or through the commission's website at http://psc.ky.gov. REASONS FOR APPLICATION

(In the space below list all reasons why the Applicant requires a rate adjustment. Describe any event or occurrence of significance that may affect the Applicant's present or future financial condition, including but not limited to excessive water line losses, regulatory changes, major repairs, planned construction, and increases in wholesale water costs.)

Western Lewis Rectorville Water and Gas District is requesting a rate adjustment for the gas customer rate and base rate. The reason for the request is due to large loss of revenue due to discrepancies between what is being charged and the cost of the gas during the winter months. Without this increase the District will not be able to afford to keep operations going for their customers. Additionally, only basic repairs and maintenance have been done on the gas service due to lack of funds. Therefore, the funds requested will also be used for updates to gas equipment.
