COMMONWEALTH OF KENTUCKY
BEFORE THE KENTUCKY STATE BOARD ON
ELECTRIC GENERATION AND TRANSMISSION SITING

In the Matter of:

ELECTRONIC APPLICATION OF MYSO, LLC (MAYFIELD) FOR A CERTIFICATE OF CONSTRUCTION FOR A NONREGULATED ELECTRIC TRANSMISSION LINE IN GRAVES AND MCCRACKEN COUNTIES, KENTUCKY PURSUANT TO KRS 278.714 AND 807 KAR 5:110	)	Case No. 2026-00229

APPLICATION FOR CERTIFICATE OF CONSTRUCTION

MYSO, LLC (the "Applicant" or "Mayfield") files this application requesting from the Kentucky State Board on Electric Generation and Transmission Siting (the "Siting Board" or "Board") a certificate of construction for a nonregulated electric transmission line pursuant to KRS 278.714 (the "Application"). The transmission line will be located in both Graves and McCracken Counties, Kentucky.

In support of this Application, the Applicant submits herewith Exhibits A-D. To assist the Board and interested persons in locating information required by various statutes and regulations, the Applicant also submits herewith the Table of Contents required by 807 KAR 5:110 §3(2)(b) and attaches hereto an Indexes of Regulation Requirements, listing respectively the requirements for a transmission line application, and the principal place(s) each requirement is addressed in these Application materials. The facts on which the Application is based are contained in the concurrently filed exhibits, reports, and the statements further made by the Applicant as follows:

I. Applicant

1. MYSO, LLC, pursuant to KRS 278.714(2)(a), proposes to construct and own the nonregulated electric transmission line, subject to this Application. Its address and telephone

number are: 515 N. Flagler Dr. Suite 250, West Palm Beach, FL, 33401; (888) 614-2626. Communications to Mayfield regarding this Application and Board proceeding should be directed to the undersigned attorneys of record and Jacqui Kitchen, Senior Director of Development, at Jacqui.Kitchen@brightnightpower.com.

II. Description of Proposed Route

2. Previously, the Siting Board approved Mayfield's proposed merchant electric generation facility ("Facility") by entry of its Final Order on July 24, 2026, in Case No. 2025-00395. The Facility is a 200 MW solar energy generation facility located on approximately 2,051 acres in unincorporated Graves County, Kentucky, near the community of Boaz. The proposed nonregulated electric transmission line will run from the approved MYSO, LLC substation in Graves County, and end at the existing Bryan Road substation in McCracken County, Kentucky.

3. Pursuant to KRS 278.714(2)(b), Mayfield seeks to construct a 161 kV overhead, single-circuit nonregulated electric transmission line. The line will be maintained within the proposed transmission-line easements and the existing Paducah & Louisville Railway (P&L) right-of-way shown on Exhibit A. The line will run from the Mayfield Solar collector substation to the existing Bryan Road 161 kV Substation owned and operated by Big Rivers Electric Cooperative (BREC).

4. It is anticipated that the transmission line will be supported by approximately eighty (80) steel monopole structures that are up to one hundred twenty (120) feet tall. Exhibit A also shows the existing property lines and the names of the persons who own the property over which the line will cross, as well as the P&L Railroad right-of-way.

5. Pursuant to KRS 278.714(2)(b)(4)(a), Exhibit B shows the distance of the proposed electric transmission line from residential neighborhoods, schools, and public and private parks located within a one (1) mile radius of the proposed facilities. There are ten (10) residential neighborhoods

located within this radius. However, there are no schools or public or private parks located within a mile of the proposed electric transmission line.

6. Pursuant to KRS 278.714(2)(c), the total length of the transmission line will be approximately 30,730 feet (or 5.82 miles). The approximate locations of the terminal points are as follows: Mayfield Solar Collector Substation: 36°53'46.02"N, 88°39'41.34"W; Bryan Road Substation/POI: 36°57'31.20"N, 88°36'56.01"W. The nonregulated electric transmission line will interconnect with BREC's existing Bryan Road 161 kV Substation at the Project's point of interconnection.

7. Pursuant to KRS 278.714(2)(d), the proposed electric transmission line and appurtenances will be constructed and maintained in accordance with accepted engineering practices and the National Electric Safety Code.

III. Evidence of Public Notice

8. Public notice which complied with the requirements of KRS 278.714(2)(e) was provided preceding the filing of this Application. This notice was provided to the general public via publication in the Mayfield Messenger, which is the newspaper of general circulation in Graves County, and via publication in the Paducah Sun, which is the newspaper of general circulation in McCracken County. Notice in both the Mayfield Messenger and the Paducah Sun were published on October 24, 2026. Evidence of public notice is provided in Exhibit C.

IV. Proof of Service to County and Municipality Officials

9. Pursuant to KRS 278.714(2)(f), on October 27, 2026, copies of this Application were electronically delivered to the County Judge/Executive of Graves County and the County Judge/Executive of McCracken County, as the chief executive officer of the counties in which the proposed nonregulated electric transmission line is to be located, as well as the Planning and Community Development Manager of McCracken County Planning Commission, as the chief officer of the public agency charged with the duty of planning land use in the general area in which the line is proposed to be located. Proof of service is included as Exhibit D.

WHEREFORE, the Applicant respectfully requests that the Board issue a final Order regarding this Application: 1) Approving a KRS 278.714 certificate of construction for the proposed nonregulated electric transmission line; and 2) Granting all other relief to which Applicant may be entitled.

Dated this 29th day of October 2026.

Respectfully submitted,

/s/ Kathryn A. Eckert

Mr. Cannon:

Please see the attached application for approval of MYSO LLC (Mayfield)'s proposed nonregulated electric transmission line in Ky. Siting Board Case No. 2026-00229. Mayfield is providing a copy of this to you as the chief officer of the public agency charged with the duty of planning land use in the general area in which part of the line is to be located. Exhibit D is marked as blank because your confirmation of receipt will be included once the application is filed with the Siting Board.

Please confirm your receipt of the application. Please let us know if you have any questions or have issues accessing the attachments.

Warm regards,

Katie Eckert
