Re: Case No. 2026-00265
Deficiency Response

Dear Mr. McNeill:

This letter is being filed in response to the Commission's September 23, 2026 Commission deficiency letter. In its deficiency letter the Commission found that Western Pulaski County Water District (Western Pulaski District) did not file the Amortization Schedule for its 2010 RD Water Revenue Bond or a Bond Ordinance for the 2023 RD Water Revenue Bond. The deficiency letter also found that the customer notification did not include the comparison of the current and proposed monthly rates. The customer notification listed the Current Monthly bills twice.

Attached are the:

If you have any questions or need any additional information, please let me know.

Sincerely,
