| NOTE: (1) CLEC should contact its contract negotiator if it prefers the "state specific" OSS charges as ordered by the State Commissions. The OSS charges currently contained in this rate exhibit are the BellSouth "regional" service ordering charges. CLEC may elect either the state specific Commission ordered rates for the service ordering charges, or CLEC may elect the regional service ordering charge, however, CLEC can not obtain a mixture of the two regardless if CLEC has a interconnection contract established in each of the 9 states.   |   |         |      |   |       |            |               |                                  |                                      |  |  |   |   |       |
| NOTE: (2) Any element that can be ordered electronically will be billed according to the SOME C rate listed in this category. Please refer to BellSouth's Local Ordering Handbook (LOH) to determine if a product can be ordered electronically. For those elements that cannot be ordered electronically at present per the LOH, the listed SOME C rate in this category reflects the charge that would be billed to a CLEC once electronic ordering capabilities come on-line for that element. Otherwise, the manual ordering charge, SOMAN, will be applied to a CLECs bill when it submits an LSR to BellSouth. |   |         |      |   |       |            |               |                                  |                                      |  |  |   |   |       |

|  | <b>UNBUNDLED CENTREX PORT/LOOP COMBINATIONS - COST BASED RATES</b>   |         |      |       |       |            |                                  |                                      |  |  |   |   |       |              |       |
|  | 1. Cost Based Rates are applied where BellSouth is required by FCC and/or State Commission rule to provide Unbundled Local Switching or Switch Ports.  |         |      |       |       |            |                                  |                                      |  |  |   |   |       |              |       |
|  | 2. Features shall apply to the Unbundled Port/Loop Combination - Cost Based Rate section in the same manner as they are applied to the Stand-Alone Unbundled Port section of this Rate Exhibit.  |         |      |       |       |            |                                  |                                      |  |  |   |   |       |              |       |
|  | 3. End Office and Tandem Switching Usage and Common Transport Usage rates in the Port section of this rate exhibit shall apply to all combinations of loop/port network elements except for UNE Coin Port/Loop Combinations.   |         |      |       |       |            |                                  |                                      |  |  |   |   |       |              |       |
|  | 4. The first and additional Port nonrecurring charges apply to Not Currently Combined Combos. For Currently Combined Combos, the nonrecurring charges shall be those identified in the Nonrecurring - Currently Combined sections. Additional NRCs may apply also and are categorized accordingly. |         |      |       |       |            |                                  |                                      |  |  |   |   |       |              |       |
|  | 5. Market Rates for Unbundled Centrex Port/Loop Combination will be negotiated on an Individual Case Basis, until further notice.  |         |      |       |       |            |                                  |                                      |  |  |   |   |       |              |       |

| <p>The "Zone" shown in the sections for stand-alone loops or loops as part of a combination refers to Geographically Deaveraged UNE Zones. To view Geographically Deaveraged UNE Zone Designations by Central Office, refer to internet Website: <a href="http://www.interconnection.bellsouth.com/become_a_clec/html/interconnection.htm">http://www.interconnection.bellsouth.com/become_a_clec/html/interconnection.htm</a></p>  |   |         |       |   |        |            |                                  |                                      |  |  |   |   |            |       |       |       |
| <b>OPERATIONAL SUPPORT SYSTEMS (OSS) - "REGIONAL RATES"</b>   |   |         |       |   |        |            |                                  |                                      |  |  |   |   |            |       |       |       |
| <p><b>NOTE: (1)</b> CLEC should contact its contract negotiator if it prefers the "state specific" OSS charges as ordered by the State Commissions. The OSS charges currently contained in this rate exhibit are the BellSouth "regional" service ordering charges. CLEC may elect either the state specific Commission ordered rates for the service ordering charges, or CLEC may elect the regional service ordering charge, however, CLEC can not obtain a mixture of the two regardless if CLEC has a interconnection contract established in each of the 9 states.</p> <p><b>NOTE: (2)</b> Any element that can be ordered electronically will be billed according to the SOME C rate listed in this category. Please refer to BellSouth's Local Ordering Handbook (LOH) to determine if a product can be ordered electronically. For those elements that cannot be ordered electronically at present per the LOH, the listed SOME C rate in this category reflects the charge that would be billed to a CLEC once electronic ordering capabilities come on-line for that element. Otherwise, the manual ordering charge, SOMAN, will be applied to a CLECs bill when it submits an LSR to BellSouth.</p> |   |         |       |   |        |            |                                  |                                      |  |  |   |   |            |       |       |       |

| <p>The "Zone" shown in the sections for stand-alone loops or loops as part of a combination refers to Geographically Deaveraged UNE Zones. To view Geographically Deaveraged UNE Zone Designations by Central Office, refer to internet Website: <a href="http://www.interconnection.bellsouth.com/become_a_clec/html/interconnection.htm">http://www.interconnection.bellsouth.com/become_a_clec/html/interconnection.htm</a></p>  |   |         |      |   |        |            |                                  |                                      |  |  |   |   |       |       |       |       |
| OPERATIONAL SUPPORT SYSTEMS (OSS) - "REGIONAL RATES"  |   |         |      |   |        |            |                                  |                                      |  |  |   |   |       |       |       |       |
| <p>NOTE: (1) CLEC should contact its contract negotiator if it prefers the "state specific" OSS charges as ordered by the State Commissions. The OSS charges currently contained in this rate exhibit are the BellSouth "regional" service ordering charges. CLEC may elect either the state specific Commission ordered rates for the service ordering charges, or CLEC may elect the regional service ordering charge, however, CLEC can not obtain a mixture of the two regardless if CLEC has a interconnection contract established in each of the 9 states.</p>   |   |         |      |   |        |            |                                  |                                      |  |  |   |   |       |       |       |       |
| <p>NOTE: (2) Any element that can be ordered electronically will be billed according to the SOME C rate listed in this category. Please refer to BellSouth's Local Ordering Handbook (LOH) to determine if a product can be ordered electronically. For those elements that cannot be ordered electronically at present per the LOH, the listed SOME C rate in this category reflects the charge that would be billed to a CLEC once electronic ordering capabilities come on-line for that element. Otherwise, the manual ordering charge, SOMAN, will be applied to a CLECs bill when it submits an LSR to BellSouth.</p> |   |         |      |   |        |            |                                  |                                      |  |  |   |   |       |       |       |       |

| <b>UNBUNDLED CENTREX PORT/LOOP COMBINATIONS - COST BASED RATES</b>   |   |         |      |       |       |            |              |        |                         |                                  |                                      |  |  |   |   |
| 1. Cost Based Rates are applied where BellSouth is required by FCC and/or State Commission rule to provide Unbundled Local Switching or Switch Ports.  |   |         |      |       |       |            |              |        |                         |                                  |                                      |  |  |   |   |
| 2. Features shall apply to the Unbundled Port/Loop Combination - Cost Based Rate section in the same manner as they are applied to the Stand-Alone Unbundled Port section of this Rate Exhibit.  |   |         |      |       |       |            |              |        |                         |                                  |                                      |  |  |   |   |
| 3. End Office and Tandem Switching Usage and Common Transport Usage rates in the Port section of this rate exhibit shall apply to all combinations of loop/port network elements except for UNE Coin Port/Loop Combinations.   |   |         |      |       |       |            |              |        |                         |                                  |                                      |  |  |   |   |
| 4. The first and additional Port nonrecurring charges apply to Not Currently Combined Combos. For Currently Combined Combos, the nonrecurring charges shall be those identified in the Nonrecurring - Currently Combined sections. Additional NRCs may apply also and are categorized accordingly. |   |         |      |       |       |            |              |        |                         |                                  |                                      |  |  |   |   |
| 5. Market Rates for Unbundled Centrex Port/Loop Combination will be negotiated on an Individual Case Basis, until further notice.  |   |         |      |       |       |            |              |        |                         |                                  |                                      |  |  |   |   |

| <p>The "Zone" shown in the sections for stand-alone loops or loops as part of a combination refers to Geographically Deaveraged UNE Zones. To view Geographically Deaveraged UNE Zone Designations by Central Office, refer to internet Website: <a href="http://www.interconnection.bellsouth.com/become_a_clec/html/interconnection.htm">http://www.interconnection.bellsouth.com/become_a_clec/html/interconnection.htm</a></p>  |   |         |      |   |       |            |                                  |                                      |  |  |   |   |       |       |       |       |
| OPERATIONAL SUPPORT SYSTEMS (OSS) - "REGIONAL RATES"  |   |         |      |   |       |            |                                  |                                      |  |  |   |   |       |       |       |       |
| <p>NOTE: (1) CLEC should contact its contract negotiator if it prefers the "state specific" OSS charges as ordered by the State Commissions. The OSS charges currently contained in this rate exhibit are the BellSouth "regional" service ordering charges. CLEC may elect either the state specific Commission ordered rates for the service ordering charges, or CLEC may elect the regional service ordering charge, however, CLEC can not obtain a mixture of the two regardless if CLEC has a interconnection contract established in each of the 9 states.</p> <p>NOTE: (2) Any element that can be ordered electronically will be billed according to the SOMEc rate listed in this category. Please refer to BellSouth's Local Ordering Handbook (LOH) to determine if a product can be ordered electronically. For those elements that cannot be ordered electronically at present per the LOH, the listed SOMEc rate in this category reflects the charge that would be billed to a CLEC once electronic ordering capabilities come on-line for that element. Otherwise, the manual ordering charge, SOMAN, will be applied to a CLECs bill when it submits an LSR to BellSouth.</p> |   |         |      |   |       |            |                                  |                                      |  |  |   |   |       |       |       |       |
