# INTERCONNECTION AGREEMENT BETWEEN BELLSOUTH TELECOMMUNICATIONS INC. AND Ganoco, Inc.

#### **AGREEMENT**

This Agreement, which shall be deemed effective ten business days following the date of the last signature by the Parties is entered into by and between Ganoco, Inc. d/b/a/ American Dial Tone, Inc., ("American Dial Tone") a Florida corporation on behalf of itself, and BellSouth Telecommunications, Inc., ("BellSouth"), a Georgia corporation, having an office at 675 W. Peachtree Street, Atlanta, Georgia, 30375, on behalf of itself and its successors and assigns.

**WHEREAS**, the Telecommunications Act of 1996 (the "Act") was signed into law on February 8, 1996; and

WHEREAS, section 252(i) of the Act requires BellSouth to make available any interconnection, service, or network element provided under an agreement approved by the appropriate state regulatory body to any other requesting telecommunications carrier upon the same terms and conditions as those provided in the agreement in its entirety; and

WHEREAS, American Dial Tone has requested that BellSouth make available the interconnection agreement in its entirety executed between BellSouth and AT&T Communications of the Southern States, Inc. dated July 20, 2001 for the state of Kentucky.

**NOW, THEREFORE,** in consideration of the promises and mutual covenants of this Agreement, American Dial Tone and BellSouth hereby agree as follows:

1. American Dial Tone and BellSouth shall adopt in its entirety, except for those items identified in Paragraphs 2. - 12. following, the AT&T Interconnection Agreement dated July 20, 2001 and any and all amendments to said agreement executed and approved by the appropriate state regulatory commission as of the date of the execution of this Agreement. The AT&T Interconnection Agreement and all amendments are attached hereto as Exhibit 1 and incorporated herein by this reference. The adoption of this agreement with amendment(s) consists of the following:

2. The Parties hereby agree to delete Sections 21. and 21.1 of General Terms and Conditions and add new Sections 17. and 17.1 in Attachment 4 as follows:

#### 17. Insurance Requirements

- At all times during the term of this Agreement, each Party shall maintain, at its own expense, (i) all insurance required by applicable Law including insurance and approved self insurance for statutory workers compensation coverage and (ii) commercial general liability coverage in the amount of not less than ten million dollars (\$10,000,000) or a combination of commercial general liability and excess/umbrella coverage totaling ten million dollars (\$10,000,000). Upon request from the other Party, each Party shall furnish the other Party with certificates of insurance which evidence the minimum levels of insurance set forth herein. Each Party may satisfy all or part of the coverage specified herein through self-insurance. Each Party shall give the other Party at least thirty (30) days advance written notice of any cancellation or non-renewal of insurance required by this Section.
- 3. The Parties hereby agree to delete Section 5.3.1.1 of Attachment 3, as amended on April 18, 2002, and replace with new Sections 5.3.1.1 and 5.3.1.1.1 as follows:

- 5.3.1.1 For reciprocal compensation between the Parties pursuant to this Attachment, Local Traffic is defined as any circuit switched call that is originated by an end user of one Party and terminated to an end user of the other Party within a given LATA on that other Party's network, except for those calls that are originated or terminated through switched access arrangements (i.e., traffic that is exchanged over switched access trunk groups). Additionally, Local Traffic includes any cross boundary, voice-to-voice intrastate, interLATA or interstate, interLATA calls established as a local call by the ruling regulatory body. ISP-bound Traffic is defined as calls to an information service provider or Internet service provider ("ISP") that are dialed by using a local dialing pattern (7 or 10 digits) by a calling party in one LATA to an ISP server or modem in the same LATA. ISP-bound Traffic is not Local Traffic subject to reciprocal compensation, but instead is information access traffic subject to the FCC's jurisdiction.
- 5.3.1.1.1 Notwithstanding the definitions of Local Traffic and ISP-bound traffic above, and pursuant to the FCC's Order on Remand and Report and Order in CC Docket 99-68 released April 27, 2001 ("ISP Order on Remand"), BellSouth and American Dial Tone agree to the rebuttable presumption that all combined circuit switched Local and ISP-bound Traffic delivered to BellSouth or American Dial Tone that exceeds a 3:1 ratio of terminating to originating traffic on a statewide basis shall be considered ISP-bound traffic for compensation purposes.

  BellSouth and American Dial Tone further agree to the rebuttable presumption that all combined circuit switched Local and ISP-bound Traffic delivered to BellSouth or American Dial Tone that does not exceed a 3:1 ratio of terminating to originating traffic on a statewide basis shall be considered Local Traffic for compensation purposes.
- 4. The Parties hereby agree to delete Sections 5.3.2, 5.3.3, 5.3.3.1, 5.3.3.2, 5.3.3.3, 5.3.3.4, 5.3.4 and 5.3.5 of Attachment 3, as amended on April 18, 2002 and replaced with new Sections 5.3.2, 5.3.3, 5.3.3.1, 5.3.3.2, 5.3.3.3, 5.3.3.4, 5.3.4 as follows:
- 5.3.2 The Parties shall provide for the mutual and reciprocal recovery of the costs for the network facilities utilized in transporting and terminating Local Traffic on each other's network.
- 5.3.3 The Parties agree that charges for transport and termination of Local Traffic on their respective networks are as set forth in Exhibit A to this Attachment
- 5.3.4 Neither Party shall pay compensation to the other Party for per minute of use rate elements associated with the Call Transport and Termination of ISP-bound Traffic.

- 5.3.5 The appropriate elemental rates set forth in Exhibit A of this Attachment shall apply for Transit Traffic as described in Section 5.3.20 below.
- 5. The Parties hereby agree to delete Sections 5.3.10 and 5.3.11, as amended on April 18, 2002, of Attachment 3 and replaced with new Sections 5.3.10 and 5.3.11 as follows:
- 5.3.10 Switched Access Traffic. Switched Access Traffic is described as telephone calls requiring local transmission or switching services for the purpose of the origination or termination of Telephone Toll Service. Switched Access Traffic includes, but is not limited to, the following types of traffic: Feature Group A, Feature Group B, Feature Group C, Feature Group D, toll free access (e.g., 8XX), 900 access and their successors. Additionally, any Public Switched Telephone Network interexchange telecommunications traffic, regardless of transport protocol method, where the originating and terminating points, end-to-end points, are in different LATAs, or are in the same LATA and the Parties' Switched Access services are used for the origination or termination of the call, shall be considered Switched Access Traffic. Irrespective of transport protocol method used, a call which originates in one LATA and terminates in another LATA (i.e., the end-to-end points of the call) or in which the Parties' Switched Access Services are used for the origination or termination of the call, shall not be considered Local Traffic or ISP-bound Traffic. If the BellSouth end user chooses American Dial Tone as their presubscribed interexchange carrier, or if the BellSouth end user uses American Dial Tone as an interexchange carrier on a 101XXXX basis, BellSouth will charge American Dial Tone the appropriate BellSouth tariff charges for originating switched access services. Neither Party shall represent Switched Access Traffic as Local Traffic or ISP-bound Traffic for purposes of determining compensation for the call.
- 5.3.11 If American Dial Tone assigns NPA/NXXs to specific BellSouth rate centers within the LATA and assigns numbers from those NPA/NXXs to American Dial Tone end users physically located outside of that LATA, BellSouth traffic originating from within the LATA where the NPA/NXXs are assigned and delivered to a American Dial Tone customer physically located outside of such LATA, shall not be deemed Local Traffic. Further, American Dial Tone agrees to identify such interLATA traffic to BellSouth and to compensate BellSouth for originating and transporting such interLATA traffic to American Dial Tone at BellSouth's switched access tariff rates.

- 5.3.11.1 If American Dial Tone does not identify such interLATA traffic to BellSouth, to the best of BellSouth's ability BellSouth will determine which whole American Dial Tone NPA/NXXs on which to charge the applicable rates for originating network access service as reflected in BellSouth's Access Service Tariff. BellSouth shall make appropriate billing adjustments if American Dial Tone can provide sufficient information for BellSouth to determine whether or not said traffic is Local Traffic.
- 6. The Parties hereby agree to incorporate the following paragraph in Attachment 4 as Section 6.13 as follows:
- Should any state or federal regulatory agency impose procedures or intervals applicable to American Dial Tone that are different from procedures or intervals set forth in this Section, whether now in effect or that become effective after execution of this Agreement, those procedures or intervals shall supersede the requirements set forth herein for that jurisdiction for all applications submitted for the first time after the effective date thereof.
- 7. Attachment 6, Section 1.1.7 is hereby deleted in its entirety and replaced with a new Section 1.1.7 as follows:
- 1.1.7 Deposit Policy. American Dial Tone shall complete the BellSouth Credit Profile and provide information to BellSouth regarding credit worthiness. Based on the results of the credit analysis, BellSouth reserves the right to secure the account with a suitable form of security deposit. Such security deposit shall take the form of cash, an Irrevocable Letter of Credit (BellSouth form), Surety Bond (BellSouth form) or, in BellSouth's sole discretion, some other form of security. Any such security deposit shall in no way release American Dial Tone from its obligation to make complete and timely payments of its bill. American Dial Tone shall pay any applicable deposits prior to the inauguration of service. If, in the sole opinion of BellSouth, circumstances so warrant and/or gross monthly billing has increased beyond the level initially used to determine the level of security deposit, BellSouth reserves the right to request additional security and/or file a Uniform Commercial Code (UCC-1) security interest in American Dial Tone's "accounts receivables and proceeds." Interest on a security deposit, if provided in cash, shall accrue and be paid in accordance with the terms in the appropriate BellSouth tariff. Security deposits collected under this Section shall not exceed two months' estimated billing. In the event American Dial Tone fails to remit to BellSouth any deposit requested pursuant to this Section. service to American Dial Tone may be terminated, and any security

deposits will be applied to American Dial Tone's account(s). In the event that American Dial Tone defaults on its account, service to American Dial Tone will be terminated in accordance with Section 1.8 of this Attachment, and any security deposit held will be applied to its account.

In determining whether a security deposit is required, BellSouth will review American Dial Tone's Dun & Bradstreet rating and report details, American Dial Tone's payment history with BellSouth and payment history with others as available; the number of years American Dial Tone has been in business; American Dial Tone's management history and managers' length of service with American Dial Tone; liens, suits and judgments against American Dial Tone; UCC-1 filings against American Dial Tone's assets; and to the extent available, American Dial Tone's financial information. Upon the conclusion of this review, if BellSouth continues to insist on additional security, at American Dial Tone's written request, BellSouth will provide an explanation in writing to American Dial Tone justifying the decision for additional deposit.

- 8. Attachment 8 will be deleted in its entirety and replaced with a new Attachment 8 attached hereto as Exhibit 2.
- 9. The Parties hereby agree to delete in entirety Attachment 13.
- 10. The Parties hereby agree to delete in entirety and replace the Kentucky rates contained in Exhibits A and D of Attachment 1, Exhibits A(1) and A(2) of Attachment 2, Exhibit A of Attachment 3, Exhibit B of Attachment 5 and Exhibit E of Attachment 6 with the rates in Exhibit 3 of this Agreement, as ordered in Kentucky Administrative Case No. 382, issued December 18, 2001.
- 11. In the event that American Dial Tone consists of two (2) or more separate entities as set forth in the preamble to this Agreement, all such entities shall be jointly and severally liable for the obligations of American Dial Tone under this Agreement.
- 12. The term of this Agreement shall be from the effective date as set forth above and shall expire as set forth in Section 2.1 of the AT&T Interconnection Agreement. For the purposes of determining the expiration date of this Agreement pursuant to Section 2.1 of the AT&T Interconnection Agreement, the effective date shall be July 20, 2001.

- 13. American Dial Tone shall accept and incorporate any amendments to the AT&T Interconnection Agreement executed as a result of any final judicial, regulatory, or legislative action.
- 14. Every notice, consent, approval, or other communications required or contemplated by this Agreement shall be in writing and shall be delivered in person or given by postage prepaid mail, address to:
