Dear Mr. Whitaker:

In accordance with the timeframe stated within Terms and Conditions of the contract, on **August 22, 2002**, BellSouth Telecommunications, Inc. expressed its interest to Global Telelink Services, Inc. in commencing the renegotiations of the Interconnection Agreement between the two Parties. The basis for the renegotiations has been the current BellSouth Standard Interconnection Agreement. This Standard Agreement is utilized so that the new agreement might reflect the various changes established by court orders, along with recent developments in industry standards, subsequent to signing the original agreement.

The request for negotiations letter mailed to Global Telelink Services, Inc. was returned. In my research, I found that our records show that Global Telelink Inc.'s Q-accounts have been disconnected. Also, according to Ron Jackson, former attorney for Global Telelink Services, Inc., Global Telelink Services, Inc.'s operations were placed under the control of a court-appointed receiver.

Due to the above information, please be informed that the Interconnection Agreement between Global Telelink Services, Inc. and BellSouth ***will be terminated on December 31, 2002, the expiration date of the Agreement.***

If my understanding of the above information is incorrect, please give me a call.

Regards,

Nicole Bracy
