Amendment to the Agreement Between Dixie-Net Communications, L.L.C. And BellSouth Telecommunications, Inc. Dated November 3, 2002

Pursuant to this Amendment, (the "Amendment"), Dixie-Net Communications, L.L.C. ("Dixie-Net"), and BellSouth Telecommunications, Inc. ("BellSouth"), hereinafter referred to collectively as the "Parties," hereby agree to amend that certain Interconnection Agreement between the Parties dated November 3, 2002 ("Agreement") to be effective as of April 1, 2005 ("Effective Date").

WHEREAS, BellSouth and Dixie-Net entered into the Agreement on November 3, 2002, and;

NOW THEREFORE, in consideration of the mutual provisions contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby covenant and agree as follows:

1. The Parties agree to replace, in its entirety, Section 3.3.1 with the following and to replace the rates set forth in Exhibit A of Attachment 3, in their entirety, with those attached to this amendment:

3.3 Interconnection via Dedicated Facilities

3.3.1 With the exception of Multiplexing compensation, Multiple Tandem Access compensation, and Transit Traffic compensation, as each is defined in this Attachment, the Parties shall implement a Bill and Keep compensation plan under which neither Party will charge the other Party recurring and nonrecurring charges for trunks (one-way or two-way) and associated dedicated facilities for the exchange of Local Traffic (non-transit) and ISP-bound Traffic. The respective rate elements to which this Bill and Keep compensation plan applies are those marked as "BK" in Exhibit A to Attachment 3. Each Party has the obligation to install the appropriate trunks and associated facilities on its respective side of the Interconnection Point and is responsible for bearing its own costs on its side of the Interconnection Point. BellSouth shall be compensated for the ordering of trunks and facilities by Dixie Net used exclusively for Transit Traffic and for ancillary traffic types including, but not limited to, 911 and OS/DA. The Parties agree that charges for such trunks and facilities are as set forth in Exhibit A to this Attachment or the applicable BellSouth tariff. In the event that a Party chooses to lease facilities from the other Party in lieu

of installing facilities on its side of the Interconnection Point as required by this Agreement, such facilities are not subject to "bill and keep".

- 2. All of the other provisions of the Agreement, dated November 3, 2002, shall remain in full force and effect.
- 3. Either or both of the Parties are authorized to submit this Amendment to the respective state regulatory authorities for approval subject to Section 252(e) of the Federal Telecommunications Act of 1996.

IN WITNESS WHEREOF, the Parties have executed this Amendment the day and year written below.

BellSouth Telecommunications, Inc.
