

**EXECUTIVE SUMMARY**  
**of**  
**LEC Unwired, LLC**  
**Louisiana**  
**BellSouth/MCI Standard Interconnection Agreement**

<b>Agreement Effective Date: May 5, 1999</b>	<b>Agreement Expiration Date: August 6, 2000</b>
<b>Negotiator: Stuart Hudnall</b>	<b>Negotiator Tel No: 404-927-7859</b>
<b>Location of Executive Summary: s:\hendrix\hudnall\LEC Unwired\MCIadopt</b>	<b>Location of Agreement and Amendment(s): s:\hendrix\hudnall\LEC Unwired\MCIadopt</b>

Please be advised that the above named CLEC has adopted the BellSouth/MCI Standard Interconnection agreement in its entirety. Based on the ruling issued by the United States Court of Appeals for the Eighth Circuit, filed July 18, 1997, a CLEC who chooses to adopt another CLEC's agreement must adopt the agreement in its entirety. Therefore, **THERE CAN BE NO DEVIATIONS**. Also, the term of the adopted agreement can only be for the remaining term of the original CLEC agreement.

## **AGREEMENT**

This Agreement, which shall become effective as of the 5th day of May, 1999, is entered into by and between LEC Unwired, LLC, ("LEC Unwired"), a Louisiana limited liability company on behalf of itself, and BellSouth Telecommunications, Inc., ("BellSouth"), a Georgia corporation, having an office at 675 W. Peachtree Street, Atlanta, Georgia, 30375, on behalf of itself and its successors and assigns.

**WHEREAS**, the Telecommunications Act of 1996 (the "Act") was signed into law on February 8, 1996; and

**WHEREAS**, section 252(i) of the Act requires BellSouth to make available any interconnection, service, or network element provided under an agreement approved by the appropriate state regulatory body to any other requesting telecommunications carrier upon the same terms and conditions as those provided in the agreement in its entirety; and

**WHEREAS**, LEC Unwired has requested that BellSouth make available the interconnection agreement in its entirety executed between BellSouth and MCImetro Access Transmission Services, Inc. ("MCI") dated August 7, 1997 for the state of Louisiana.

**NOW, THEREFORE**, in consideration of the promises and mutual covenants of this Agreement, LEC Unwired and BellSouth hereby agree as follows:

1. LEC Unwired and BellSouth shall adopt in its entirety the MCI Interconnection Agreement dated August 7, 1997, any and all amendments to said agreement executed and approved by the appropriate state regulatory commission as of the date of the execution of this Agreement, and the current Louisiana rates. The MCI Interconnection Agreement, all amendments, and the current Louisiana rates are attached hereto as Exhibit 1 and incorporated herein by this reference.

2. In the event that LEC Unwired consists of two (2) or more separate entities as set forth in the preamble to this Agreement, all such entities shall be jointly and severally liable for the obligations of LEC Unwired under this Agreement.

3. The term of this Agreement shall be from the effective date as set forth above and shall expire as set forth in section 3, Part A, General Terms and Conditions of the MCI Interconnection Agreement. For the purposes of determining the expiration date of this Agreement pursuant to section

3, Part A, General Terms and Conditions of the MCIIm Interconnection Agreement, the effective date shall be August 7, 1997.

4. LEC Unwired shall accept and incorporate any amendments to the MCIIm Interconnection Agreement executed as a result of any final judicial, regulatory, or legislative action.

5. Every notice, consent, approval, or other communications required or contemplated by this Agreement shall be in writing and shall be delivered in person or given by postage prepaid mail, addressed to:

# **EXHIBIT 1**

AMENDMENT TO  
INTERCONNECTION AGREEMENT BETWEEN  
BELLSOUTH TELECOMMUNICATIONS, INC.

AND LEC UNWIRED, LLC  
May 5, 1999

Pursuant to this Agreement (the "Amendment"), BellSouth Telecommunications, Inc. ("BellSouth") and LEC Unwired, LLC ("LEC Unwired") hereinafter referred to collectively as the "Parties" hereby agree to amend that certain Interconnection Agreement (Adoption of MCI-Louisiana Agreement) between the Parties dated May 5, 1999 ("Interconnection Agreement").

NOW THEREFORE, in consideration of the mutual provisions contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, BellSouth and LEC Unwired hereby covenant and agree as follows:

1. Pursuant to Attachment 1 of the Interconnection Agreement, the Parties hereby agree to revise the Unbundled Network Element Rates, Local Interconnection Rates, and other applicable rates as set forth in Attachment 1 for the state of Louisiana. Based on the Order issued by the Louisiana Public Service Commission on October 24, 1997, in Docket No. U-22022/U-22093, the final unbundled network element rates and local interconnection rates in Louisiana shall be as set forth in Attachment 1. These rates shall be effective immediately.
2. Attachment 1, Tables 1, 2, 3, 4, 5 is hereby deleted in its entirety and shall be replaced with Attachment 1, Tables 1, 2 of this amendment.
3. The following is hereby added to Attachment III, Section 2:
  - 2.10 BellSouth Order Coordination referenced in Attachment III includes two types: "Order Coordination" and "Order Coordination - Time Specific."
  - 2.10.1 "Order Coordination" refers to standard BellSouth service order coordination involving SL2 voice loops and all digital loops. Order coordination for physical conversions will be scheduled at BellSouth's discretion during normal working hours on the committed due date and LEC Unwired advised. Order coordination for new service or non-physical conversions will be performed by BellSouth at non-scheduled intervals on the committed due date and LEC Unwired advised. Where facilities are available, BellSouth will install unbundled loops within a 5-7 business days interval. For orders of 14 or more unbundled loops, the installation will be handled on a project basis and the intervals will be set by the BellSouth project manager for that order. Some unbundled loops require a Service Inquiry (SI) to determine if facilities are available prior to issuing the order.

The interval for the SI process is separate from the installation interval. For expedite requests by LEC Unwired, expedite charges will apply for intervals less than 5 days. The charges outlined in BellSouth's FCC # 1 Tariff, Section 5.1.1, will apply.

2.10.2 "Order Coordination - Time Specific" refers to service order coordination in which LEC Unwired requests a specific time for a service order conversion to take place. This is a chargeable option for any coordinated order.

4. Attachment III, Section 4, Paragraph 4.1 is hereby deleted in its entirety and shall be replaced with the following:

#### **4.1 Definition**

4.1.1 The loop is the physical medium or functional path on which a subscriber's traffic is carried from the MDF or similar terminating device in a central office or similar environment up to the termination at the NID at the customer's premise. Each unbundled loop will be provisioned with a NID.

4.1.2 The provisioning of service to a customer will require cross-office cabling and cross-connections within the central office to connect the loop to a local switch or to other transmission equipment in co-located space.

4.1.3 BellSouth will offer Unbundled Voice Loops (UVL) in two different service levels - Service Level One (SL1) and Service Level Two (SL2). SL1 loops will be non-designed, will not have test points, and will not come with any Order Coordination (OC) or engineering information/circuit make-up data. Upon issuance of an order in the service order system, SL1 loops will be activated on the due date in the same manner and time frames that BellSouth normally activates POTS-type loops for its customers. SL2 loops shall have test points, will be designed with a Design Layout Record provided to LEC Unwired, and will be provided with Order Coordination. The OC feature will allow LEC Unwired to coordinate the installation of the loop with the disconnect of an existing customer's service and/or number portability service. In these cases, BellSouth will perform the order conversion with standard order coordination at its discretion during normal work hours.

4.1.4 BellSouth will also offer Unbundled Digital Loops (UDL). They will be designed, will be provisioned with test points (where appropriate), and will come standard with Order Coordination and a DLR.

4.1.5 As a chargeable option on all unbundled loops except UVL-SL1, BellSouth will offer Order Coordination - Time Specific (OC-TS). This will allow LEC Unwired the ability to specify the time that the coordinated conversion takes place.

4.1.6 LEC Unwired will be responsible for testing and isolating troubles on the unbundled loops. Once LEC Unwired has isolated a trouble to the BellSouth provided loop, LEC Unwired will issue a trouble to BellSouth on the loop. BellSouth will take the actions necessary to repair the loop if a trouble actually exists. BellSouth will repair these loops in the same time-frames that BellSouth repairs loops to its end user customers.

4.1.7 If LEC Unwired reports a trouble on SL1 loops and no trouble actually exists, BellSouth will charge LEC Unwired for any dispatching and testing (both inside and outside the CO) required by BellSouth in order to confirm the loop's working status.

4.1.8 If LEC Unwired reports a trouble on SL2 loops and no trouble actually exists, BellSouth will charge LEC Unwired for any dispatching and testing, (outside the CO) required by BellSouth in order to confirm the loop's working status.

5. The Parties agree that all of the other provisions of the Interconnection Agreement, dated May 5, 1999, shall remain in full force and effect.

6. The Parties further agree that either or both of the Parties is authorized to submit this Amendment to the Louisiana State Public Service Commission or other regulatory body having jurisdiction over the subject matter of this Amendment, for approval subject to Section 252(e) of the federal Telecommunications Act of 1996.

IN WITNESS WHEREOF, the Parties hereto have caused this Amendment to be executed by their respective duly authorized representatives on the date indicated below.

## **PRICING**

**The rates, terms and conditions contained within this Attachment were negotiated as a whole and each rate, term and condition within the Attachment is interdependent upon the other rates, terms and conditions within this Agreement.**

### **1. General Principles**

All services currently provided hereunder (including resold Local Services, Local Interconnection, Network Elements and Ancillary Functions) and all new and additional services to be provided hereunder shall be priced in accordance with all applicable provisions of the Act and the rules and orders of the Federal Communications Commission and the Louisiana Public Service Commission.

### **2. Local Service Resale**

The rates that LEC Unwired shall pay to BellSouth for resold Local Services shall be BellSouth's Retail Rates less the applicable discount. The following discount will apply to all Telecommunications Services available for resale in Louisiana.

Residential Service	20.72%
Business Service:	20.72%

### **3. Unbundled Network Elements**

The prices that LEC Unwired shall pay to BellSouth for Unbundled Network Elements are set forth in Table 1.

### **4. Compensation For Local Interconnection (Call Transport and Termination)**

The prices that LEC Unwired and BellSouth shall pay each other for the termination of local calls are set forth in Table 1.

### **5. Ancillary Functions**

5.1 Collocation - The rates, terms and conditions for Physical Collocation are as set forth in Table 2. Rates, terms, and conditions for Virtual Collocation are as set forth in Section 20 of BellSouth Telecommunications, Inc.'s Interstate Access Tariff, FCC No. 1.

5.2 Poles, Ducts and Conduits - BellSouth shall provide access to poles, conduits and ducts at rates that are consistent with 47 USC Section 224(d). LEC Unwired may file a complaint with the appropriate regulatory authority if it believes the rates provided by BellSouth are not consistent with 47 USC Section 224(d).

6. **Recorded Usage Data**

The prices for recorded usage data are set forth in Table 1.

7. **Electronic Interfaces**

The prices for Operational Support Systems are set forth in Table 1.

8. **Operational Support Systems (OSS) Rates**

Rates for OSS are set forth in Table 1. In addition to OSS charges, applicable service order and related charges apply per the tariff.

## BELLSOUTH/LEC UNWIRED RATES - LOUISIANA

### PHYSICAL COLLOCATION (cont.)

Note(s):

N/A refers to rate elements which do not have a negotiated rate.

- (1) Subsequent Application Fee: BellSouth requires the submission of an Application Fee for modifications to an existing arrangement. However, when the modifications do not require BellSouth to expend capital, BellSouth will assess the Subsequent Application Fee in lieu of the Application Fee. Proposed modifications that could result in assessment of a Subsequent Application Fee would cause BellSouth to analyze the following but are not limited to: floor loading changes, changes to HVAC requirements, power requirement changes which may result in a power plant upgrade, environmental or safety requirements, or equipment relocation. Should the Subsequent Application Fee not be included as part of this Agreement, LEC Unwired will be assessed the full Application Fee for all subsequent activity for completed arrangements.
- (2) Space Preparation Fee: The Space Preparation Fee is a one-time fee, assessed per arrangement, per location. It recovers the costs associated with the shared physical collocation area within a Premises, which include survey, engineering, design and modification costs for network, building and support systems. In the event LEC Unwired opts for non-enclosed space, the space preparation fee will be assessed based on the total floor space dedicated to LEC Unwired as prescribed in Article 5 of the Collocation Agreement.
- (3) Space Enclosure Construction Fee: The Space Enclosure Construction Fee is a monthly recurring fee, assessed per enclosure, per location with a one-hundred (100) square foot minimum enclosure. It recovers costs associated with providing an optional equipment arrangement enclosure, which include architectural and engineering fees, materials, and installation costs. The cost for additional square feet is applicable only when ordered with the first 100 square feet and must be requested in fifty (50) square foot increments. LEC Unwired may, at its option, arrange with a BellSouth certified contractor to construct the space enclosure in accordance with BellSouth's guidelines and specifications. In this event, the contractor shall directly bill LEC Unwired for the space enclosure, and this fee shall not be applicable.
- (4) Cross Connects: The charges for cross connects are for orders placed electronically. Cross connect elements may also be ordered manually for which there is an additional charge per element.

#### Disconnect Charges

	First / Additional	First / Additional
2-wire	\$24.92/\$23.99	\$10.56/\$9.62
4-wire	\$25.11/\$24.12	\$10.61/\$9.63
DS-1	\$45.49/\$32.48	\$10.64/\$9.71
DS-3	\$43.34/\$31.08	\$12.14/\$9.94

- (5) Additional Engineering Fee: BellSouth's additional engineering, and other labor costs associated with handling LEC Unwired-requested modifications to requests in progress or augmentations to existing arrangements shall be recovered as Additional Engineering charges, under provisions in BellSouth's FCC Number 1 Tariff, Sections 13.1 and 13.2. Should Additional Engineering rates not be included, LEC Unwired agrees not to make changes to collocation arrangement after a Bona Fide Firm Order is submitted.
- (6) Additional Security Access Cards: Where Security Access card systems are utilized, two Security Access Cards will be provided initially to LEC Unwired upon occupancy of collocation space.
- (7) Direct Connection. As stated in Article 1.2 of the Collocation Agreement, LEC Unwired may connect to other CLECs within the designated Premises in addition to, and not in lieu of, interconnection to BellSouth services and facilities. Where BellSouth must construct a cable rack structure to house the direct connection, construction charges will be applied on an individual case basis. BellSouth shall provide an estimate of these charges in the Application Response. Where an existing cable rack structure is in place and has sufficient capacity to accommodate the direct connection requested, the recurring charges as stated in this Table 2 shall apply.

SECOND AMENDMENT  
TO THE INTERCONNECTION AGREEMENT  
BETWEEN LEC UNWIRED, LLC AND  
BELLSOUTH TELECOMMUNICATIONS, INC.  
DATED MAY 5, 1999.

Pursuant to this Agreement (the "Amendment"), BellSouth Telecommunications, Inc. ("BellSouth") and LEC Unwired, LLC ("LEC Unwired"), hereinafter referred to collectively as the "Parties," hereby agree to amend that certain Interconnection Agreement (Adoption of MICm-Louisiana Agreement) between the Parties dated May 5, 1999 ("Interconnection Agreement").

NOW THEREFORE, in consideration of the mutual provisions contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, BellSouth and LEC Unwired hereby covenant and agree as follows:

1. The Parties hereby agree to amend Attachment 3, Section 4.7 to include the following:

**4.7 Unbundled Copper Loop**

4.7.1 Where it exists in BellSouth's network, BellSouth shall make available an Unbundled Copper Loop (UCL). The UCL will be a copper twisted pair loop up to eighteen (18) kilofeet in length that is unencumbered by any intervening equipment (e.g., filters, load coils, range extenders, digital loop carrier, or repeaters). The UCL may contain up to 6,000 ft of bridge tap. The UCL is a dry copper loop and is not intended to support any particular telecommunications service. LEC Unwired may use the UCL for a variety of services, including xDSL (e.g. ADSL and HDSL) services, by attaching appropriate LEC Unwired terminal equipment.

4.7.2. The UCL will be a designed circuit, provisioned with a test point and come standard with a DLR. The Service Inquiry (SI) Process will be required to determine if facilities are available prior to issuing the order. Order Coordination (OC) will be offered as a chargeable option on all UCLs. Order Coordination – Time Specific (OC-TS) will not be offered on UCLs.

4.7.3 BellSouth shall only be obligated to maintain copper continuity and provide balance relative to tip and ring on UCLs.

2. The Parties further hereby agree to amend Table 1, Attachment 1, as previously amended on May 5, 1999 for the state of Louisiana, as follows:

	LA
<b>2-Wire Copper Loop, per month</b>	\$21.00
NRC - 1 <sup>st</sup>	\$450.00
NRC - Add'l	\$375.00
NRC – Order Coordination	\$65.00
NRC-Incremental Charge- Manual Svc Ord -1 <sup>st</sup>	\$25.52
NRC-Incremental Charge- Manual Svc Ord –Add'll	\$11.34
NRC-Incremental Charge- Manual Svc Ord –Disconnect	\$16.06

3. The Parties agree that all of the other provisions of the Interconnection Agreement shall remain in full force and effect.

4. The Parties further agree that either or both of the Parties are authorized to submit this Amendment to the appropriate Commission or other regulatory body having jurisdiction over the subject matter of this Amendment, for approval subject to Section 252(e) of the federal Telecommunications Act of 1996.

IN WITNESS WHEREOF, the Parties hereto have caused this Amendment to be executed by their respective duly authorized representatives on the date indicated below.

**Collocation Agreement**

**By and Between**

**BellSouth Telecommunications, Inc.**

**and**

**LEC Unwired, LLC**

## **BELLSOUTH PHYSICAL COLLOCATION MASTER AGREEMENT**

THIS AGREEMENT, made this 2nd day of August, 1999, by and between BellSouth Telecommunications, Inc., ("BellSouth") a corporation organized and existing under the laws of the State of Georgia, and LEC Unwired, LLC, ("LEC Unwired") a Limited Liability Company organized and existing under the laws of Louisiana;

### **W I T N E S S E T H**

WHEREAS, LEC Unwired is a telecommunications carrier and wishes to occupy BellSouth Central Office Collocation Space as defined herein for the purpose of interconnection to BellSouth's facilities;

WHEREAS, BellSouth has space available in its Central Office(s) which LEC Unwired desires to utilize; and

WHEREAS, BellSouth is willing to make such space available to LEC Unwired within its Central Office(s) subject to all terms and conditions of this Agreement;

NOW THEREFORE, in consideration of the mutual agreements and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereto agree as follows:

### **1. SCOPE OF AGREEMENT**

1.1 Scope of Agreement. The rates, terms, and conditions contained within this Agreement shall only apply when LEC Unwired is occupying the collocation space as a sole occupant or as a Host pursuant to Section 4.

1.2 Right to occupy. Subject to Section 4 of this Agreement, BellSouth hereby grants to LEC Unwired a right to occupy that certain area designated by BellSouth within a BellSouth central office premises, of a size which is specified by LEC Unwired and agreed to by BellSouth (hereinafter "Collocation Space"). Notwithstanding the foregoing, BellSouth shall consider in its designation for cageless collocation any unused space within the BellSouth central office premises. The size specified by LEC Unwired may contemplate a request for space sufficient to accommodate LEC Unwired's growth within a two year period unless otherwise agreed to by the Parties.

1.2.1 Space Reclamation. In the event of space exhaust within a central office premises, LEC Unwired may be required to release space to BellSouth to be allocated to other physical collocation applicants when a minimum of fifty percent of the total amount of space in LEC Unwired's collocation arrangement is not being utilized within the first year of operation, or 100% of the total amount of space by the end of the second year of operation.

1.3 Use of Space. LEC Unwired shall use the Collocation Space for the purposes of installing, maintaining and operating LEC Unwired's equipment (to include testing and monitoring equipment) used or useful primarily to interconnect with BellSouth services and facilities, including access to unbundled network elements, for the provision of

telecommunications services. Pursuant to Section 5 following, LEC Unwired may at its option, place LEC Unwired-owned fiber entrance facilities to the Collocation Space. In addition to, and not in lieu of, interconnection to BellSouth services and facilities, LEC Unwired may connect to other interconnectors within the designated BellSouth Central Office (including to its other virtual or physical collocated arrangements) through co-carrier cross connect facilities designated by LEC Unwired pursuant to section 5.6 following. The Collocation Space may be used for no other purposes except as specifically described herein or authorized in writing by BellSouth.

1.4 Rates and charges. LEC Unwired agrees to pay the rates and charges identified at Exhibit A attached hereto.

1.5 Term. The term of this Agreement shall be for an initial period of two (2) years, beginning on the Agreement date stated above and ending two (2) years later on the month and day corresponding to such date.

## **2. SPACE NOTIFICATION**

2.1 Availability of Space. Upon submission of an application pursuant to Section 6, BellSouth will permit LEC Unwired to physically collocate, pursuant to the terms of this Agreement, at any BellSouth central office premises, unless BellSouth has determined that there is no space available due to space limitations or no space available due to technical infeasibility. BellSouth will respond to an application within ten (10) business days as to whether space is available or not available within a BellSouth central office premises.

2.2 Reporting. Upon request from LEC Unwired, BellSouth will provide a written report specifying the amount of collocation space available at the central office premises requested, the number of collocators present at the central office premises, any modifications in the use of the space since the last report or the central office premises requested and the measures BellSouth is taking to make additional space available for collocation arrangements.

2.2.1 The request from LEC Unwired must be written and must include the central office premises and Common Language Location Identification (CLLI) code of the central office premises. Such information regarding central office premises and CLLI code is located in the National Exchange Carriers Association (NECA) Tariff FCC No. 4.

2.2.2 BellSouth will respond to a request for a particular Central Office location within ten (10) business days of receipt of such request. BellSouth will make best efforts to respond in ten (10) business days to such a request when the request includes up to and including five (5) Central Office locations within the same state. The response time for requests of more than five (5) shall be negotiated between the Parties. If BellSouth cannot meet the ten business day response time, BellSouth shall notify LEC Unwired and inform LEC Unwired of the time frame under which it can respond.

2.3 Denial of Application. After notifying LEC Unwired that BellSouth has no available space in the requested Central Office ("Denial of Application"), BellSouth will allow LEC Unwired, upon request, to tour the entire Central Office within ten (10) business days of such Denial of Application. In order to schedule said tour within ten (10) business days, the

request for a tour of the Central Office must be received by BellSouth within five (5) business days of the Denial of Application.

2.4 Filing of Petition for Waiver. Upon Denial of Application BellSouth will timely file a petition with the Commission pursuant to 47 U.S.C. § 251(c)(6).

2.5 Waiting List. On a first come first served basis, BellSouth will maintain a waiting list of requesting carriers who have either received a Denial of Application or, where it is publicly known that the central office premises is out of space, have submitted a Letter of Intent to collocate. BellSouth will notify the telecommunications carriers on the waiting list when space becomes available according to how much space becomes available and the position of telecommunications carrier on said waiting list. Upon request BellSouth will advise LEC Unwired as to its position on the list.

2.6 Public Notification. BellSouth will maintain on its Interconnection Services website a notification document that will indicate all central office premises that are without available space. BellSouth shall update such document within ten (10) business days of the Denial of Application date. BellSouth will also post a document on its Interconnection Services website that contains a general notice where space has become available in a Central Office previously on the space exhaust list. BellSouth shall allocate said available space pursuant to the waiting list referenced in Section 2.5.

2.7 State Agency Procedures. Notwithstanding the foregoing, should any state regulatory agency impose a procedure different than procedures set forth in this section, that procedure shall supersede the requirements set forth herein.

### 3. **COLLOCATION OPTIONS**

3.1 Cageless. Except where local building code does not allow cageless collocation, BellSouth shall allow LEC Unwired to collocate LEC Unwired's equipment and facilities without requiring the construction of a cage or similar structure and without requiring the creation of a separate entrance to the Collocation Space. BellSouth shall allow LEC Unwired to have direct access to its equipment and facilities but may require LEC Unwired to use a central entrance to the BellSouth Central Office. BellSouth shall make cageless collocation available in single bay increments pursuant to Section 7. Except where LEC Unwired's equipment requires special technical considerations (e.g., special cable racking, isolated ground plane), BellSouth shall assign cageless Collocation Space in conventional equipment rack lineups where feasible. For equipment requiring special technical considerations, LEC Unwired must provide the equipment layout, including spatial dimensions for such equipment pursuant to generic requirements contained in BellCore (Telcordia) GR-63-Core and shall be responsible for constructing all special technical requirements associated with such equipment pursuant to Section 6.5 following.

3.2 Cages and Adjacent Arrangement Enclosures. BellSouth shall authorize the enclosure of LEC Unwired's equipment and facilities at LEC Unwired's option or if required by local building code. LEC Unwired must arrange with a BellSouth certified contractor to construct a collocation arrangement enclosure in accordance with BellSouth's guidelines and specifications and at its sole expense. BellSouth will provide guidelines and specifications upon request. Where local building codes require enclosure specifications more stringent than

BellSouth's standard enclosure specification, LEC Unwired and LEC Unwired's BellSouth certified contractor must comply with local building code requirements. LEC Unwired's BellSouth certified contractor shall be responsible for filing and receiving any and all necessary permits and/or licenses for such construction. The Certified Vendor shall bill LEC Unwired directly for all work performed for LEC Unwired pursuant to this Agreement and BellSouth shall have no liability for nor responsibility to pay such charges imposed by the Certified Vendor. LEC Unwired must provide the local BellSouth building\_contact with two Access Keys used to enter the locked enclosure. Except in case of emergency, BellSouth will not access LEC Unwired's locked enclosure prior to notifying LEC Unwired.

3.2.1 BellSouth has the right to review LEC Unwired's plans and specifications prior to allowing construction to start. BellSouth has the right to inspect the enclosure after construction to make sure it is designed and constructed according to BellSouth's guidelines and specifications and to require LEC Unwired to remove or correct at LEC Unwired's cost any structure that does not meet these standards.

3.3 Shared (Subleased) Caged Collocation. LEC Unwired may allow other telecommunications carriers to share LEC Unwired's caged collocation arrangement pursuant to terms and conditions agreed to by LEC Unwired ("Host") and other telecommunications carriers ("Guests") and pursuant to this section with the following exceptions: (1) where local building code does not allow Shared (Subleased) Caged Collocation and (2) where the BellSouth central office premises is located within a leased space and BellSouth is prohibited by said lease from offering such an option. The terms and conditions of the agreement between the Host and its Guests shall be written and a copy provided to the BellSouth contact specified in Section 15 within ten (10) business days of its execution and prior to any Firm Order. Further, said agreement shall incorporate by reference the rates, terms, and conditions of this Agreement between BellSouth and LEC Unwired.

3.3.1 LEC Unwired shall be the sole interface and responsible party to BellSouth for the purpose of submitting applications for initial and additional equipment placements of Guest; for assessment of rates and charges contained within this Agreement; and for the purposes of ensuring that the safety and security requirements of this Agreement are fully complied with by the Guest, its employees and agents. The initial Guest application shall require the assessment of an Application Fee, as set forth in Exhibit A. Notwithstanding the foregoing, Guest may arrange directly with BellSouth for the provision of the interconnecting facilities between BellSouth and Guest and for the provisions of the services and access to unbundled network elements.

3.3.2 LEC Unwired shall indemnify and hold harmless BellSouth from any and all claims, actions, causes of action, of whatever kind or nature arising out of the presence of LEC Unwired's Guests in the Collocation Space.

3.4 Adjacent Collocation. BellSouth will provide adjacent collocation arrangements ("Adjacent Arrangement") where space within the Central Office is legitimately exhausted, subject to technical feasibility, where the Adjacent Arrangement does not interfere with access to existing or planned structures or facilities on the Central Office property and where permitted by zoning and other applicable state and local regulations. The Adjacent Arrangement shall be constructed or procured by LEC Unwired and in conformance with BellSouth's design and construction specifications. Further, LEC Unwired shall construct, procure, maintain and

operate said Adjacent Arrangement(s) pursuant to all of the terms and conditions set forth in this Agreement. Rates shall be negotiated at the time of the request for Adjacent Collocation.

3.4.1 Should LEC Unwired elect such option, LEC Unwired must arrange with a BellSouth certified contractor to construct an Adjacent Arrangement structure in accordance with BellSouth's guidelines and specifications. BellSouth will provide guidelines and specifications upon request. Where local building codes require enclosure specifications more stringent than BellSouth's standard specification, LEC Unwired and LEC Unwired's contractor must comply with local building code requirements. LEC Unwired's contractor shall be responsible for filing and receiving any and all necessary zoning, permits and/or licenses for such construction. LEC Unwired's BellSouth Certified Vendor shall bill LEC Unwired directly for all work performed for LEC Unwired pursuant to this Agreement and BellSouth shall have no liability for nor responsibility to pay such charges imposed by the Certified Vendor. LEC Unwired must provide the local BellSouth building contact with two cards, keys or other access device used to enter the locked enclosure. Except in cases of emergency, BellSouth shall not access LEC Unwired's locked enclosure prior to notifying LEC Unwired.

3.4.2 BellSouth maintains the right to review LEC Unwired's plans and specifications prior to construction of an Adjacent Arrangement(s). BellSouth may inspect the Adjacent Arrangement(s) following construction and prior to commencement, as defined in Section 4.1 following, to ensure the design and construction comply with BellSouth's guidelines and specifications. BellSouth may require LEC Unwired, at LEC Unwired's sole cost, to correct any deviations from BellSouth's guidelines and specifications found during such inspection(s), up to and including removal of the Adjacent Arrangement, within five (5) business days of BellSouth's inspection, unless the Parties mutually agree to an alternative time frame.

3.4.3 LEC Unwired shall provide a concrete pad, the structure housing the arrangement, HVAC, lighting, and all facilities that connect the structure (i.e. racking, conduits, etc.) to the BellSouth point of interconnection. At LEC Unwired's option, BellSouth shall provide an AC power source and access to physical collocation services and facilities subject to the same nondiscriminatory requirements as applicable to any other physical collocation arrangement.

3.4.4 BellSouth shall allow Shared (Subleased) Caged Collocation within an Adjacent Arrangement pursuant to the terms and conditions set forth in Section 3.3 proceeding.

## **4. OCCUPANCY**

4.1 Commencement Date. The "Commencement Date" shall be the day LEC Unwired's equipment becomes operational as described in Article 4.2, following.

4.2 Occupancy. BellSouth will notify LEC Unwired in writing that the Collocation Space is ready for occupancy. LEC Unwired must place operational telecommunications equipment in the Collocation Space and connect with BellSouth's network within one hundred eighty (180) calendar days after receipt of such notice. LEC Unwired must notify BellSouth in writing that collocation equipment installation is complete and is operational with BellSouth's network. BellSouth may, at its option, not accept orders for interconnected service until receipt of such notice. If LEC Unwired fails to place operational telecommunications equipment in the

Collocation Space within 180 calendar days and such failure continues for a period of thirty (30) calendar days after receipt of written notice from BellSouth, then and in that event LEC Unwired's right to occupy the Collocation Space terminates and BellSouth shall have no further obligations to LEC Unwired with respect to said Collocation Space. Termination of LEC Unwired's rights to the Collocation Space pursuant to this paragraph shall not operate to release LEC Unwired from its obligation to reimburse BellSouth for all costs reasonably incurred by BellSouth in preparing the Collocation Space, but rather such obligation shall survive this Agreement. For purposes of this paragraph, LEC Unwired's telecommunications equipment will be deemed operational when cross-connected to BellSouth's network for the purpose of service provision.

4.3 Termination. Except where otherwise agreed to by the Parties, LEC Unwired may terminate occupancy in a particular Collocation Space upon thirty (30) days prior written notice to BellSouth. Upon termination of such occupancy, LEC Unwired at its expense shall remove its equipment and other property from the Collocation Space. LEC Unwired shall have thirty (30) calendar days from the termination date to complete such removal, including the removal of all equipment and facilities of LEC Unwired's Guests; provided, however, that LEC Unwired shall continue payment of monthly fees to BellSouth until such date as LEC Unwired has fully vacated the Collocation Space. Should LEC Unwired fail to vacate the Collocation Space within thirty (30) calendar days from the termination date, BellSouth shall have the right to remove the equipment and other property of LEC Unwired at LEC Unwired's expense and with no liability for damage or injury to LEC Unwired's property unless caused by the gross negligence or intentional misconduct of BellSouth. Upon expiration of this Agreement, LEC Unwired shall surrender the Collocation Space to BellSouth in the same condition as when first occupied by the LEC Unwired except for ordinary wear and tear. LEC Unwired shall be responsible for the cost of removing any enclosure, together with all support structures (e.g., racking, conduits), of an Adjacent Collocation arrangement at the termination of occupancy and restoring the grounds to their original condition.

## **5. USE OF COLLOCATION SPACE**

5.1 Equipment Type. BellSouth permits the collocation of any type of equipment used or useful for interconnection to BellSouth's network or for access to unbundled network elements in the provision of telecommunications services. Such equipment used or useful for interconnection and access to unbundled network elements includes, but is not limited to transmission equipment including, but not limited to, optical terminating equipment and multiplexers, and digital subscriber line access multiplexers, routers, asynchronous transfer mode multiplexers, and remote switching modules. Nothing in this section requires BellSouth to permit collocation of equipment used solely to provide enhanced services; provided, however, that BellSouth may not place any limitations on the ability of requesting carriers to use all the features, functions, and capabilities of equipment collocated pursuant to this section.

5.1.1 Such equipment must at a minimum meet the following BellCore (Telcordia) Network Equipment Building Systems (NEBS) General Equipment Requirements: Criteria Level 1 requirements as outlined in the BellCore (Telcordia) Special Report SR-3580, Issue 1; equipment design spatial requirements per GR-63-CORE, Section 2; thermal heat dissipation per GR-063-CORE, Section 4, Criteria 77-79; acoustic noise per GR-063-CORE, Section 4, Criterion 128, and National Electric Code standards.

5.1.2 LEC Unwired shall not use the Collocation Space for marketing purposes nor shall it place any identifying signs or markings in the area surrounding the Collocation Space or on the grounds of the central office premises.

5.1.3 LEC Unwired shall place a plaque or other identification affixed to LEC Unwired's equipment necessary to identify LEC Unwired's equipment, including a list of emergency contacts with telephone numbers.

5.2 Entrance Facilities. LEC Unwired may elect to place LEC Unwired-owned or LEC Unwired-leased fiber entrance facilities into the Collocation Space. BellSouth will designate the point of interconnection in close proximity to the Central Office building housing the Collocation Space, such as an entrance manhole or a cable vault which are physically accessible by both parties. LEC Unwired will provide and place fiber cable at the point of interconnection of sufficient length to be pulled through conduit and into the splice location. LEC Unwired will provide and install a sufficient length of fire retardant riser cable, to which the entrance cable will be spliced, which will extend from the splice location to the LEC Unwired's equipment in the Collocation Space. In the event LEC Unwired utilizes a non-metallic, riser-type entrance facility, a splice will not be required. LEC Unwired must contact BellSouth for instructions prior to placing the entrance facility cable in the manhole. LEC Unwired is responsible for maintenance of the entrance facilities. At LEC Unwired's option BellSouth will accommodate where technically feasible a microwave entrance facility pursuant to separately negotiated terms and conditions.

5.2.1 Dual Entrance. BellSouth will provide at least two interconnection points at each central office premises where there are at least two such interconnection points available and where capacity exists. Upon receipt of a request for physical collocation under this Agreement, BellSouth shall provide LEC Unwired with information regarding BellSouth's capacity to accommodate dual entrance facilities. If conduit in the serving manhole(s) is available and is not reserved for another purpose for utilization within 12 months of the receipt of an application for collocation, BellSouth will make the requested conduit space available for installing a second entrance facility to LEC Unwired's arrangement. The location of the serving manhole(s) will be determined at the sole discretion of BellSouth. Where dual entrance is not available due to lack of capacity, BellSouth will so state in the Application Response.

5.2.2 Shared Use. LEC Unwired may utilize spare capacity on an existing Interconnector entrance facility for the purpose of providing an entrance facility to another LEC Unwired collocation arrangement within the same BellSouth Central Office. LEC Unwired must arrange with BellSouth for BellSouth to splice the utilized entrance facility capacity to LEC Unwired-provided riser cable.

5.3 Splicing in the Entrance Manhole. Although not generally permitted, should LEC Unwired request a splice to occur in the entrance manhole(s), BellSouth, at its sole discretion, may grant such a request, provided that BellSouth will not unreasonably withhold approval of requests to make such a splice. When the request for a splice is granted to LEC Unwired by BellSouth, LEC Unwired shall ensure its employees or agents entering and/or performing work in the entrance manhole(s) are trained and comply with BellSouth procedures and OSHA requirements regarding access to manholes and that BellSouth personnel are notified and present for all entrances and work performed in the entrance manhole(s). Manhole covers shall be properly closed and secured at the conclusion of entry and/or work. Advance notification to

BellSouth shall occur at a minimum of 48 hours prior to desired entry for normal work activities and at a minimum of 2 hours prior to desired entry in an out of service condition.

5.4 Demarcation Point. BellSouth will designate the point(s) of interconnection between LEC Unwired's equipment and/or network and BellSouth's network. Each party will be responsible for maintenance and operation of all equipment/facilities on its side of the demarcation point. For 2-wire and 4-wire connections to BellSouth's network, the demarcation point shall be a common block on the BellSouth designated conventional distributing frame. LEC Unwired shall be responsible for providing, and LEC Unwired's BellSouth Certified Vendor shall be responsible for installing and properly labelling/stenciling, the common block, and necessary cabling pursuant to Section 6.4. For all other terminations BellSouth shall designate a demarcation point on a per arrangement basis. LEC Unwired or its agent must perform all required maintenance to equipment/facilities on its side of the demarcation point, pursuant to subsection 5.5, following, and may self-provision cross-connects that may be required within the collocation space to activate service requests. At LEC Unwired's option, a Point of Termination (POT) bay or frame may be placed in the Collocation Space.

5.5 LEC Unwired's Equipment and Facilities. LEC Unwired, or if required by this Agreement, LEC Unwired's BellSouth certified vendor, is solely responsible for the design, engineering, installation, testing, provisioning, performance, monitoring, maintenance and repair of the equipment and facilities used by LEC Unwired. Such equipment and facilities may include but are not limited to cable(s); equipment; and point of termination connections.

5.6 Co-Carrier Cross-connect. In addition to, and not in lieu of, obtaining interconnection with, or access to, BellSouth telecommunications services, unbundled network elements, and facilities, LEC Unwired may directly connect to other Interconnectors within the designated BellSouth Central Office (including to its other virtual or physical collocated arrangements) through facilities owned by LEC Unwired or through BellSouth facilities designated by LEC Unwired, at LEC Unwired's option. Such connections to other carriers may be made using either optical or electrical facilities. LEC Unwired may deploy such optical or electrical connections directly between its own facilities and the facilities of other Interconnector(s) without being routed through BellSouth equipment.

5.6.1 If LEC Unwired requests a co-Carrier cross-connect after the initial installation, LEC Unwired must submit an application with a Subsequent Application Fee. LEC Unwired must use a Certified Vendor to place the co-Carrier cross connect, except in cases where the LEC Unwired equipment and the equipment of the other Interconnector are located within the same collocation area or are within contiguous collocation spaces. In cases where LEC Unwired's equipment and the equipment of the other Interconnector are located in the same collocation area or are in contiguous collocation spaces, LEC Unwired will have the option to deploy the co-Carrier cross connects between the sets of equipment. Where cable support structure exists for such connection there will be a recurring charge per linear foot of support structure used. When cable support structures do not exist and must be constructed a non-recurring charge for the individual case will be assessed.

5.7 Easement Space. From time to time BellSouth may require access to the Collocation Space. BellSouth retains the right to access such space for the purpose of making BellSouth equipment and building modifications (e.g., running, altering or removing racking, ducts, electrical wiring, HVAC, and cables). BellSouth will give reasonable notice to LEC Unwired when access to the Collocation Space is required. LEC Unwired may elect to be

present whenever BellSouth performs work in the Collocation Space. The Parties agree that LEC Unwired will not bear any of the expense associated with this work.

5.8 Access. Pursuant to Section 11, LEC Unwired shall have access to the Collocation Space twenty-four (24) hours a day, seven (7) days a week. LEC Unwired agrees to provide the name, social security number, and date of birth of each employee, contractor, or agents provided with Access Keys or cards ("Access Keys") prior to the issuance of said Access Keys. Access Keys shall not be duplicated under any circumstances. LEC Unwired agrees to be responsible for all Access Keys and for the return of all said Access Keys in the possession of LEC Unwired employees, contractors, Guests, or agents after termination of the employment relationship, contractual obligation with LEC Unwired or upon the termination of this Agreement or the termination of occupancy of an individual collocation arrangement.

5.8.1 Lost or Stolen Access Keys. LEC Unwired shall notify BellSouth in writing immediately in the case of lost or stolen Access Keys. LEC Unwired will pay BellSouth \$250.00 per Access Key(s) lost or stolen. Should it become necessary for BellSouth to re-key buildings as a result of a lost Access Key(s) or for failure to return an Access Key(s), LEC Unwired shall pay for all reasonable costs associated with the re-keying.

5.9 Interference or Impairment. Notwithstanding any other provisions of this Agreement, equipment and facilities placed in the Collocation Space shall not interfere with or impair service provided by BellSouth or by any other Interconnector located in the Central Office; shall not endanger or damage the facilities of BellSouth or of any other Interconnector, the Collocation Space, or the Central Office; shall not compromise the privacy of any communications carried in, from, or through the Central Office; and shall not create an unreasonable risk of injury or death to any individual or to the public. If BellSouth reasonably determines that any equipment or facilities of LEC Unwired violates the provisions of this paragraph, BellSouth shall give written notice to LEC Unwired, which notice shall direct LEC Unwired to cure the violation within forty-eight (48) hours of LEC Unwired's actual receipt of written notice or, at a minimum, to commence curative measures within 24 hours and to exercise reasonable diligence to complete such measures as soon as possible thereafter. After receipt of the notice, the parties agree to consult immediately and, if necessary, to inspect the arrangement. If LEC Unwired fails to take curative action within 48 hours or if the violation is of a character which poses an immediate and substantial threat of damage to property, injury or death to any person, or interference/impairment of the services provided by BellSouth or any other interconnector, then and only in that event BellSouth may take such action as it deems appropriate to correct the violation, including without limitation the interruption of electrical power to LEC Unwired's equipment. BellSouth will endeavor, but is not required, to provide notice to LEC Unwired prior to taking such action and shall have no liability to LEC Unwired for any damages arising from such action, except to the extent that such action by BellSouth constitutes willful misconduct.

5.10 Personalty and its Removal. Subject to requirements of this Agreement, LEC Unwired may place or install in or on the Collocation Space such facilities and equipment, including storage for and spare equipment, as it deems desirable for the conduct of business; Provided that such equipment is telecommunications equipment, does not violate floor loading requirements, imposes or could impose or contains or could contain environmental conditions or hazards. Personal property, facilities and equipment placed by LEC Unwired in the Collocation Space shall not become a part of the Collocation Space, even if nailed, screwed or otherwise fastened to the Collocation Space, but shall retain their status as personalty and may

be removed by LEC Unwired at any time. Any damage caused to the Collocation Space by LEC Unwired's employees, agents or representatives during the removal of such property shall be promptly repaired by LEC Unwired at its expense.

5.11 Alterations. In no case shall LEC Unwired or any person acting on behalf of LEC Unwired make any rearrangement, modification, improvement, addition, repair, or other alteration to the Collocation Space or the BellSouth Central Office without the written consent of BellSouth, which consent shall not be unreasonably withheld. The cost of any such specialized alterations shall be paid by LEC Unwired.

5.12 Janitorial Service. LEC Unwired shall be responsible for the general upkeep and cleaning of the Caged Collocation Space and shall arrange directly with a BellSouth certified contractor for janitorial services. BellSouth shall provide a list of such contractors on a site-specific basis upon request.

## **6. ORDERING AND PREPARATION OF COLLOCATION SPACE**

6.1 Application for Space. LEC Unwired shall submit an application document when LEC Unwired or LEC Unwired's Guest(s), as defined in Section 3.3, desires to request or modify the use of the Collocation Space.

6.1.1 Initial Application. For LEC Unwired or LEC Unwired's Guest(s) initial equipment placement, LEC Unwired shall submit to BellSouth a complete and accurate Application and Inquiry document (Bona Fide Application), together with payment of the Application Fee as stated in Exhibit A. The Bona Fide Application shall contain a detailed description and schematic drawing of the equipment to be placed in LEC Unwired's Collocation Space(s) and an estimate of the amount of square footage required.

6.1.2 Subsequent Application Fee. In the event LEC Unwired or LEC Unwired's Guest(s) desire to modify the use of the Collocation Space, LEC Unwired shall complete an Application document detailing all information regarding the modification to the Collocation Space together with payment of the minimum Subsequent Application Fee as stated in Exhibit A. Said minimum Subsequent Application Fee shall be considered a partial payment of the applicable Subsequent Application Fee which shall be calculated as set forth below. BellSouth shall determine what modifications, if any, to the Central Office premises are required to accommodate the change requested by LEC Unwired in the Application. Such necessary modifications to the Central Office premises may include but are not limited to, floor loading changes, changes necessary to meet HVAC requirements, changes to power plant requirements, and equipment additions. The fee paid by LEC Unwired for its request to modify the use of the Collocation Space shall be dependent upon the modification requested. Where the subsequent application does not require provisioning or construction work by BellSouth, no Subsequent Application Fee will be required and the pre-paid fee shall be refunded to LEC Unwired. The fee for an application where the modification requested has limited effect (e.g., does not require capital expenditure by BellSouth) shall be the Subsequent Application Fee as set forth in Exhibit A. All other modifications shall require a Subsequent Application Fee assessed at the applicable application fee. In the event such modifications require the assessment of a full Application Fee as set forth in Exhibit A, the outstanding balance shall be due by LEC Unwired within 30 calendar days following LEC Unwired's receipt of a bill or invoice from BellSouth.

6.2 Application Response. In addition to the notice of space availability pursuant to Section 2.1, BellSouth will respond within ten (10) business days of receipt of an Application whether the Application is Bona Fide, and if it is not Bona Fide, the items necessary to cause the Application to become Bona Fide. When space has been determined to be available, BellSouth will provide a comprehensive written response within thirty (30) business days of receipt of a complete application. When multiple applications are submitted within a fifteen business day window, BellSouth will respond to the applications as soon as possible, but no later than the following: within thirty (30) business days for applications 1-5; If LEC Unwired submits more than five(5) Collocation Applications within the same state within fifteen (15) days, BellSouth and LEC Unwired will negotiate in good faith a prioritization of the requests and a reasonable time frame under which BellSouth will respond to LEC Unwired's Collocation Applications. All negotiations shall consider the total volume from all requests from telecommunications companies for collocation. The Application Response will detail whether the amount of space requested is available or if the amount of space requested is not available, the amount of space that is available. The response will also include the configuration of the space. When the amount of space is less than that requested by LEC Unwired or differently configured, LEC Unwired has the option of applying for this space by amending its application to reflect the actual space available. Where the request has been for an enclosed space, the amended application shall be for the actual space available. In the aforementioned situation, LEC Unwired will not be required to pay a supplemental application fee and BellSouth will provide an application response to the amended application within the agreed upon response interval provided that LEC Unwired has provided the amended application in a timely manner.

6.3 Bona Fide Firm Order. LEC Unwired shall indicate its intent to proceed with equipment installation in a BellSouth Central Office by submitting a Bona Fide Firm Order to BellSouth. A Bona Fide Firm Order requires LEC Unwired to complete the Application/Inquiry process described in Subsection 6.1, preceding, and submit the Expanded Interconnection Bona Fide Firm Order document (BSTEI-1P-F) indicating acceptance of the written application response provided by BellSouth ("Bona Fide Firm Order") and all appropriate fees. The Bona Fide Firm Order must be received by BellSouth no later than thirty (30) calendar days after BellSouth's response to LEC Unwired's Application/Inquiry. If LEC Unwired makes changes to its application in light of BellSouth's written Application Response, BellSouth will be required to re-evaluate and respond to the change(s). In this event, BellSouth's provisioning interval will not start until the re-evaluation and response to the change(s) is complete and the Bona Fide Firm Order is received by BellSouth and all appropriate fees and duties have been executed. If BellSouth needs to reevaluate LEC Unwired's application as a result of changes requested by LEC Unwired to LEC Unwired's original application, then BellSouth will charge LEC Unwired a fee based upon the additional engineering hours required to do the reassessment. Major changes such as requesting additional space or adding additional equipment may require LEC Unwired to resubmit the application with an application fee.

6.3.1 BellSouth will establish a firm order date, per request, based upon the date BellSouth is in receipt of a Bona Fide Firm Order. BellSouth will acknowledge the receipt of LEC Unwired's Bona Fide Firm Order within five (5) business days of receipt indicating that the Bona Fide Firm Order has been received. A BellSouth response to a Bona Fide Firm Order will include a Firm Order Confirmation containing the firm order date.

6.3.2 BellSouth will permit one accompanied site visit to LEC Unwired's designated collocation arrangement location after receipt of the Bona Fide Firm Order without charge to LEC Unwired.

6.3.3 Space preparation for the Collocation Space will commence immediately upon the receipt of the Bona Fide Firm Order and all applicable fees.

6.3.4 LEC Unwired must submit to BellSouth the completed Access Control Request Form (RF-2906-A) for all employees or agents requiring access to the BellSouth Central Office a minimum of 30 calendar days prior to the date LEC Unwired desires access to the Collocation Space.

6.4 Construction and Provisioning Interval. BellSouth will negotiate construction and provisioning intervals per request on an individual case basis. Excluding the time interval required to secure the appropriate government licenses and permits, BellSouth will use best efforts to complete construction for collocation arrangements under ordinary conditions as soon as possible and within a maximum of 90 business days from receipt of a complete and accurate Bona Fide Firm Order. Ordinary conditions are defined as space available with only minor changes to support systems required, such as but not limited to, HVAC, cabling and the power plant(s). Excluding the time interval required to secure the appropriate government licenses and permits, BellSouth will use best efforts to complete construction of all other collocation space ("extraordinary conditions") within 130 business days of the receipt of a complete and accurate Bona Fide Firm Order. Extraordinary conditions are defined to include but are not limited to major BellSouth equipment rearrangement or addition; power plant addition or upgrade; major mechanical addition or upgrade; major upgrade for ADA compliance; environmental hazard or hazardous materials abatement.

6.4.1 Joint Planning Meeting. Unless otherwise agreed to by the Parties, a joint planning meeting or other method of joint planning between BellSouth and LEC Unwired will commence within a maximum of 15 business days from BellSouth's receipt of a Bona Fide Firm Order and the payment of agreed upon fees. At such meeting, the Parties will agree to the preliminary design of the Collocation Space and the equipment configuration requirements as reflected in the Application and affirmed in the Bona Fide Firm Order. The Collocation Space Completion time period will be provided to LEC Unwired during the joint planning meeting or as soon as possible thereafter. BellSouth will complete all design work following the joint planning meeting.

6.4.2 Permits. Each Party or its agents will diligently pursue filing for the permits required for the scope of work to be performed by that Party or its agents within 7 business days of the completion of finalized construction designs and specifications.

6.4.3 Acceptance Walk Through. LEC Unwired and BellSouth will complete an acceptance walk through of each Collocation Space requested from BellSouth by LEC Unwired. BellSouth will correct any deviations to LEC Unwired's original or jointly amended requirements within five (5) business days after the walk through, unless the Parties jointly agree upon a different time frame.

6.5 Use of Certified Vendor. LEC Unwired shall select a vendor which has been approved as a BellSouth Certified Vendor to perform all engineering and installation work required in the Collocation Space. In some cases, LEC Unwired must select separate

BellSouth Certified Vendors for transmission equipment, switching equipment and power equipment. BellSouth shall provide LEC Unwired with a list of Certified Vendors upon request. The Certified Vendor(s) shall be responsible for installing LEC Unwired's equipment and components, installing co-carrier cross connects, extending power cabling to the BellSouth power distribution frame, performing operational tests after installation is complete, and notifying BellSouth's equipment engineers and LEC Unwired upon successful completion of installation. The Certified Vendor shall bill LEC Unwired directly for all work performed for LEC Unwired pursuant to this Agreement and BellSouth shall have no liability for nor responsibility to pay such charges imposed by the Certified Vendor. BellSouth shall consider certifying LEC Unwired or any vendor proposed by LEC Unwired.

6.6 Alarm and Monitoring. BellSouth shall place environmental alarms in the Central Office for the protection of BellSouth equipment and facilities. LEC Unwired shall be responsible for placement, monitoring and removal of environmental and equipment alarms used to service LEC Unwired's Collocation Space. Upon request, BellSouth will provide LEC Unwired with applicable tariffed service(s) in LEC Unwired's collocation space including, but not limited to, (4) POTS lines,(1) ISDN line,(1) T1, and (1) 56kbps line to facilitate remote monitoring of collocated equipment by LEC Unwired. Both parties shall use best efforts to notify the other of any verified environmental hazard known to that party. The parties agree to utilize and adhere to the Environmental Hazard Guidelines identified as Exhibit B attached hereto.

6.7 Basic Telephone Service. Upon request of LEC Unwired, BellSouth will provide basic telephone service to the Collocation Space under the rates, terms and conditions of the current tariff offering for the service requested.

6.8 Space Preparation. BellSouth shall pro rate the costs of any renovation or upgrade to Central Office space or support mechanisms which is required to accommodate physical collocation. LEC Unwired's pro rated share will be calculated by multiplying such cost by a percentage equal to the amount of square footage occupied by LEC Unwired divided by the total Central Office square footage receiving renovation or upgrade. For this section, support mechanisms provided by BellSouth may include, but not be limited to heating/ventilation/air conditioning (HVAC) equipment, HVAC duct work, cable support structure, fire wall(s), mechanical upgrade, asbestos abatement, or ground plane addition. Such renovation or upgrade will be evaluated and the charges assessed on a per Central Office basis. BellSouth will reimburse LEC Unwired in an amount equal to LEC Unwired reasonable, demonstrative and mitigated expenditures incurred as a direct result of delays to the completion and turnover dates caused by BellSouth.

6.9 Virtual Collocation Transition. BellSouth offers Virtual Collocation pursuant to the rates, terms and conditions set forth in its F.C.C. Tariff No. 1. For the interconnection to BellSouth's network and access to BellSouth unbundled network elements, LEC Unwired may purchase 2-wire and 4-wire Cross-Connects as set forth in Exhibit A, and LEC Unwired may place within its Virtual Collocation arrangements the telecommunications equipment set forth in Section 5.1. In the event physical collocation space was previously denied at a location due to technical reasons or space limitations, and that physical collocation space has subsequently become available, LEC Unwired may transition its virtual collocation arrangements to physical collocation arrangements and pay the appropriate non-recurring fees for physical collocation and for the rearrangement or reconfiguration of services terminated in the virtual collocation arrangement. In the event that BellSouth knows when additional space for physical collocation

may become available at the location requested by LEC Unwired, such information will be provided to LEC Unwired in BellSouth's written denial of physical collocation. To the extent that (i) physical collocation space becomes available to LEC Unwired within 180 calendar days of BellSouth's written denial of LEC Unwired's request for physical collocation, and (ii) LEC Unwired was not informed in the written denial that physical collocation space would become available within such 180 calendar days, then LEC Unwired may transition its virtual collocation arrangement to a physical collocation arrangement and will receive a credit for any nonrecurring charges previously paid for such virtual collocation credit for any LEC Unwired must arrange with a BellSouth certified vendor for the relocation of equipment from its virtual collocation space to its physical collocation space and will bear the cost of such relocation.

6.10 Cancellation. If, at anytime, LEC Unwired cancels its order for the Collocation Space(s), LEC Unwired will reimburse BellSouth for any expenses incurred up to the date that written notice of the cancellation is received. In no event will the level of reimbursement under this paragraph exceed the maximum amount LEC Unwired would have otherwise paid for work undertaken by BellSouth if no cancellation of the order had occurred.

6.11 Licenses. LEC Unwired, at its own expense, will be solely responsible for obtaining from governmental authorities, and any other appropriate agency, entity, or person, all rights, privileges, and licenses necessary or required to operate as a provider of telecommunications services to the public or to occupy the Collocation Space.

## **7. RATES AND CHARGES**

7.1 Non-recurring Fees. In addition to the Application Fee referenced in Section 6, preceding, LEC Unwired shall remit payment of a Cable Installation Fee and one-half (1/2) of the estimated Space Preparation Fee, as applicable, coincident with submission of a Bona Fide Firm Order. The outstanding balance of the actual Space Preparation Fee shall be due thirty (30) calendar days following LEC Unwired's receipt of a bill or invoice from BellSouth. Once the installation of the initial equipment arrangement is complete, a subsequent application fee may apply (as described in Subsection 7.4, when LEC Unwired requests a modification to the arrangement.

7.2 Documentation. BellSouth shall provide documentation to establish the actual Space Preparation Fee. The Space Preparation Fee will be pro rated as prescribed in Section 6, preceding.

7.3 Cable Installation. Cable Installation Fee(s) are assessed per entrance fiber placed. No Cable installation fee is required for Service Interconnection.

7.4 Floor Space. The floor space charge includes reasonable charges for lighting, heat, air conditioning, ventilation and other allocated expenses associated with maintenance of the Central Office but does not include amperage necessary to power LEC Unwired's equipment. When the Collocation Space is enclosed, LEC Unwired shall pay floor space charges based upon the number of square feet so enclosed. When the Collocation Space is not enclosed, LEC Unwired shall pay floor space charges based upon the following floor space calculation: [(depth of the equipment lineup in which the rack is placed) + (0.5 x maintenance aisle depth) + (0.5 x wiring aisle depth)] X (width of rack and spacers). For purposes of this calculation, the depth of the equipment lineup shall consider the footprint of equipment racks

plus any equipment overhang. BellSouth will assign unenclosed Collocation Space in conventional equipment rack lineups where feasible. In the event LEC Unwired's collocated equipment requires special cable racking, isolated grounding or other treatment which prevents placement within conventional equipment rack lineups, LEC Unwired shall be required to request an amount of floor space sufficient to accommodate the total equipment arrangement. Floor space charges are due beginning with the date on which BellSouth releases the Collocation Space for occupancy or on the date LEC Unwired first occupies the Collocation Space, whichever is sooner.

7.5 Power. BellSouth shall supply -48 Volt (-48V) DC power for LEC Unwired's Collocation Space within the central office premises and shall make available AC power at LEC Unwired's option for Adjacent Arrangement collocation.

7.5.1 Charges for -48V DC power will be assessed per ampere per month based upon the certified vendor engineered and installed power feed fused ampere capacity. Rates include redundant feeder fuse positions (A&B) and cable rack to LEC Unwired's equipment or space enclosure. When obtaining power from a BellSouth Battery Distribution Fuse Bay, fuses and power cables (A&B) must be engineered (sized), furnished and installed by LEC Unwired's certified vendor. When obtaining power from a BellSouth Power Board, power cables (A&B) must be engineered (sized), furnished and installed by LEC Unwired's certified power vendor. LEC Unwired's certified vendor must also provide a copy of the engineering power specification prior to the Commencement Date. In the event BellSouth shall be required to construct additional DC power plant or upgrade the existing DC power plant in a Central Office as a result of LEC Unwired's request to collocate in that Central Office ("Power Plant Construction"), LEC Unwired shall pay its pro-rata share of costs associated with the Power Plant Construction. The determination of whether Power Plant Construction is necessary shall be within BellSouth's sole, but reasonable, discretion. BellSouth shall comply with all BellCore (Telcordia) and ANSI Standards regarding power cabling, including BellCore (Telcordia) Network Equipment Building System (NEBS) Standard GR-63-CORE. BellSouth will notify LEC Unwired of the need for the Power Plant Construction and will estimate the costs associated with the Power Plant Construction if BellSouth were to perform the Power Plant Construction. The costs of power plant construction shall be pro-rated and shared among all who benefit from that construction. LEC Unwired shall pay BellSouth one-half of its prorata share of the estimated Power Plant Construction costs prior to commencement of the work. LEC Unwired shall pay BellSouth the balance due (actual cost less one-half of the estimated cost) within thirty (30) days of completion of the Power Plant Construction. LEC Unwired has the option to perform the Power Plant Construction itself; provided, however, that such work shall be performed by a BellSouth certified contractor and such contractor shall comply with BellSouth's guidelines and specifications. Where the Power Plant Construction results in construction of a new power plant room, upon termination of this Agreement LEC Unwired shall have the right to remove its equipment from the power plant room, but shall otherwise leave the room intact. Where the Power Plant Construction results in an upgrade to BellSouth's existing power plant, upon termination of this Agreement, such upgrades shall become the property of BellSouth.

7.5.2 Charges for AC power will be assessed per breaker ampere per month based upon the certified vendor engineered and installed power feed fused ampere capacity. Rates include the provision of commercial and standby AC power. When obtaining power from a BellSouth Distribution Fuse Bay, Power Board or Service Panel, fuses and power cables must be engineered (sized), furnished and installed by LEC Unwired's certified vendor. LEC

Unwired's certified vendor must also provide a copy of the engineering power specification prior to the Commencement Date. Charges for AC power shall be assessed pursuant to the rates specified in Exhibit A. AC power voltage and phase ratings shall be determined on a per location basis.

7.6 Security Escort. A security escort will be required whenever LEC Unwired or its approved agent desires access to the entrance manhole or must have access to the Central Office Premises after the one accompanied site visit allowed pursuant to subsection 6.2.2 prior to completing BellSouth's Security Training requirements and/or prior to Space Acceptance. Rates for a security escort are assessed in one-half (1/2) hour increments according to the schedule appended hereto as Exhibit A.

7.7 Rate "True-Up." The Parties agree that the prices reflected as interim herein shall be "trued-up" (up or down) based on final prices either determined by further agreement or by final order, including any appeals, in a proceeding involving BellSouth before the regulatory authority for the state in which the services are being performed or any other body having jurisdiction over this agreement (hereinafter "Commission"). Under the "true-up" process, the interim price for each service shall be multiplied by the volume of that service purchased to arrive at the total interim amount paid for that service ("Total Interim Price"). The final price for that service shall be multiplied by the volume purchased to arrive at the total final amount due ("Total Final Price"). The Total Interim Price shall be compared with the Total Final Price. If the Total Final Price is more than the Total Interim Price, LEC Unwired shall pay the difference to BellSouth. If the Total Final Price is less than the Total Interim Price, BellSouth shall pay the difference to LEC Unwired. Each party shall keep its own records upon which a "true-up" can be based and any final payment from one party to the other shall be in an amount agreed upon by the Parties based on such records. In the event of any disagreement as between the records or the Parties regarding the amount of such "true-up," the Parties agree that the Commission shall be called upon to resolve such differences.

7.8 Other. If no rate is identified in the contract, the rate for the specific service or function will be negotiated by the parties upon request by either party. Payment of all other charges under this Agreement shall be due thirty (30) days after receipt of the bill (payment due date). LEC Unwired will pay a late payment charge of one and one-half percent (1-1/2%) assessed monthly on any balance which remains unpaid after the payment due date.

## **8. INSURANCE**

8.1 LEC Unwired shall, at its sole cost and expense, procure, maintain, and keep in force insurance as specified in this Article VI and underwritten by insurance companies licensed to do business in the states applicable under this Agreement and having a BEST Insurance Rating of B ++ X (B ++ ten).

8.2 LEC Unwired shall maintain the following specific coverage:

8.2.1 Commercial General Liability coverage in the amount of ten million dollars (\$10,000,000.00) or a combination of Commercial General Liability and Excess/Umbrella coverage totaling not less than ten million dollars (\$10,000,000.00). BellSouth shall be named as an ADDITIONAL INSURED on ALL applicable policies as specified herein.

8.2.2 Statutory Workers Compensation coverage and Employers Liability coverage in the amount of one hundred thousand dollars (\$100,000.00) each accident, one hundred thousand dollars (\$100,000.00) each employee by disease, and five hundred thousand dollars (\$500,000.00) policy limit by disease.

8.2.3 LEC Unwired may elect to purchase business interruption and contingent business interruption insurance, having been advised that BellSouth assumes no liability for loss of profit or revenues should an interruption of service occur.

8.3 The limits set forth in Subsection 6.2 above may be increased by BellSouth from time to time during the term of this Agreement upon thirty (30) calendar days notice to LEC Unwired to at least such minimum limits as shall then be customary with respect to comparable occupancy of BellSouth structures.

8.4 All policies purchased by LEC Unwired shall be deemed to be primary and not contributing to or in excess of any similar coverage purchased by BellSouth. All insurance must be in effect on or before the date equipment is delivered to BellSouth's Central Office and shall remain in effect for the term of this Agreement or until all LEC Unwired's property has been removed from BellSouth's Central Office, whichever period is longer. If LEC Unwired fails to maintain required coverage, BellSouth may pay the premiums thereon and seek reimbursement of same from LEC Unwired.

8.5 LEC Unwired shall submit certificates of insurance reflecting the coverage required pursuant to this Section a minimum of ten (10) calendar days prior to the commencement of any work in the Collocation Space. Failure to meet this interval may result in construction and equipment installation delays. LEC Unwired shall arrange for BellSouth to receive thirty (30) calendar days advance notice of cancellation from LEC Unwired's insurance company. LEC Unwired shall forward a certificate of insurance and notice of cancellation to BellSouth at the following address:

BellSouth Telecommunications, Inc.  
Attn.: Risk Management Coordinator  
600 N. 19<sup>th</sup> Street, 18B3  
Birmingham, Alabama 35203

8.6 LEC Unwired must conform to recommendations made by BellSouth's fire insurance company to the extent BellSouth has agreed to, or shall hereafter agree to, such recommendations.

8.7 Failure to comply with the provisions of this Section will be deemed a material breach of this Agreement.

## **9. MECHANICS LIENS**

9.1 If any mechanics lien or other liens shall be filed against property of either party (BellSouth or LEC Unwired), or any improvement thereon by reason of or arising out of any labor or materials furnished or alleged to have been furnished or to be furnished to or for the other party or by reason of any changes, or additions to said property made at the request or under the direction of the other party, the other party directing or requesting those changes

shall, within thirty (30) days after receipt of written notice from the party against whose property said lien has been filed, either pay such lien or cause the same to be bonded off the affected property in the manner provided by law. The party causing said lien to be placed against the property of the other shall also defend, at its sole cost and expense, on behalf of the other, any action, suit or proceeding which may be brought for the enforcement of such liens and shall pay any damage and discharge any judgment entered thereon.

## **10. INSPECTIONS**

10.1 BellSouth shall conduct an inspection of LEC Unwired's equipment and facilities in the Collocation Space(s) prior to the activation of facilities between LEC Unwired's equipment and equipment of BellSouth. BellSouth may conduct an inspection if LEC Unwired adds equipment and may otherwise conduct routine inspections at reasonable intervals mutually agreed upon by the Parties. BellSouth shall provide LEC Unwired with a minimum of forty-eight (48) hours or two (2) business days, whichever is greater, advance notice of all such inspections. All costs of such inspection shall be borne by BellSouth.

## **11. SECURITY AND SAFETY REQUIREMENTS**

11.1 Only BellSouth employees, BellSouth certified vendors and authorized employees, authorized Guests, pursuant to Section 3.3, preceding, or authorized agents of LEC Unwired will be permitted in the BellSouth Central Office. LEC Unwired shall provide its employees and agents with picture identification which must be worn and visible at all times while in the Collocation Space or other areas in or around the Central Office. The photo Identification card shall bear, at a minimum, the employee's name and photo, and the LEC Unwired name. BellSouth reserves the right to remove from its premises any employee of LEC Unwired not possessing identification issued by LEC Unwired. LEC Unwired shall hold BellSouth harmless for any damages resulting from such removal of its personnel from BellSouth premises. LEC Unwired shall be solely responsible for ensuring that any Guest of LEC Unwired is in compliance with all subsections of this Section 11.

11.1.1 LEC Unwired will be required, at its own expense, to conduct a statewide investigation of criminal history records for each LEC Unwired employee being considered for work on the BellSouth Central Office, for the states/counties where the LEC Unwired employee has worked and lived for the past five years. Where state law does not permit statewide collection or reporting, an investigation of the applicable counties is acceptable.

11.1.2 LEC Unwired will be required to administer to their personnel assigned to the BellSouth Central Office security training either provided by BellSouth, or meeting criteria defined by BellSouth.

11.1.3 LEC Unwired shall not assign to the BellSouth Central Office any personnel with records of felony criminal convictions. LEC Unwired shall not assign to the BellSouth Central Office any personnel with records of misdemeanor convictions, without advising BellSouth of the nature and gravity of the offense(s). BellSouth reserves the right to refuse building access to any LEC Unwired personnel who have been identified to have misdemeanor criminal convictions.

11.1.4 For each LEC Unwired employee requiring access to a BellSouth Central Office pursuant to this agreement, LEC Unwired shall furnish BellSouth, prior to an employee gaining such access, a notarized affidavit certifying that the aforementioned background check and security training were completed. The affidavit will contain a statement certifying no felony convictions were found and certifying that the security training was completed by the employee. If the employee's criminal history includes misdemeanor convictions, LEC Unwired will disclose the nature of the convictions to BellSouth at that time.

11.1.5 At BellSouth's request, LEC Unwired shall promptly remove from the BellSouth's premises any employee of LEC Unwired BellSouth does not wish to grant access to its premises pursuant to any investigation conducted by BellSouth.

11.2 Notification to BellSouth. BST reserves the right to interview LEC Unwired's employees, agents, or contractors. LEC Unwired and its contractors shall cooperate fully with BellSouth's investigation into allegations of wrongdoing or criminal conduct committed by or involving LEC Unwired's employees, agents, or contractors. Additionally, BellSouth reserves the right to bill LEC Unwired for all costs associated with investigations involving its employees, agents, or contractors if it can be reasonably established that LEC Unwired's employees, agents, or contractors are responsible for the alleged act. BellSouth shall bill LEC Unwired for BellSouth property which is stolen or damaged where an investigation determines the culpability of LEC Unwired's employees, agents, or contractors. LEC Unwired shall notify BellSouth in writing immediately in the event that the CLEC discovers one of its employees already working on the BellSouth premises is a possible security risk. BellSouth reserves the right to permanently remove from its premises any employee of LEC Unwired identified as posing a security risk to BellSouth or any other CLEC, or having violated BellSouth policies set forth in the BellSouth CLEC Security Training. LEC Unwired shall hold BellSouth harmless for any damages resulting from such removal of its personnel from BellSouth premises.

11.3 Use of BellSouth Supplies by LEC Unwired Employees. Use of any BellSouth supplies by a LEC Unwired employee, whether or not used routinely to provide telephone service (e.g. plug-in cards,) will be considered theft and will be handled accordingly. Costs associated with such unauthorized use of BellSouth property may be charged to LEC Unwired as may be all associated investigative costs. At BellSouth's request, LEC Unwired shall promptly and permanently remove from BellSouth's Central Office any employee of LEC Unwired found to be in violation of this rule.

11.4 Use of Official Lines by LEC Unwired Employees. Except for local calls necessary in the performance of their work, LEC Unwired employees shall not use the telephones on BellSouth Central Office. Charges for unauthorized telephone calls made by a LEC Unwired's employees may be charged to LEC Unwired as may be all associated investigative costs. At BellSouth's request, LEC Unwired shall promptly and permanently remove from BellSouth's premises any employee of LEC Unwired found to be in violation of this rule.

11.5 Accountability. Full compliance with the Security requirements of this section shall in no way limit the accountability of any CLEC for the improper actions of its employees.

## **12. DESTRUCTION OF COLLOCATION SPACE**

12.1 In the event a Collocation Space is wholly or partially damaged by fire, windstorm, tornado, flood or by similar causes to such an extent as to be rendered wholly unsuitable for LEC Unwired's permitted use hereunder, then either party may elect within ten (10) calendar days after such damage, to terminate this Agreement, and if either party shall so elect, by giving the other written notice of termination, both parties shall stand released of and from further liability under the terms hereof. If the Collocation Space shall suffer only minor damage and shall not be rendered wholly unsuitable for LEC Unwired's permitted use, or is damaged and the option to terminate is not exercised by either party, BellSouth covenants and agrees to proceed promptly without expense to LEC Unwired, except for improvements not the property of BellSouth, to repair the damage. BellSouth shall have a reasonable time within which to rebuild or make any repairs, and such rebuilding and repairing shall be subject to delays caused by storms, shortages of labor and materials, government regulations, strikes, walkouts, and causes beyond the control of BellSouth, which causes shall not be construed as limiting factors, but as exemplary only. LEC Unwired may, at its own expense, accelerate the rebuild of its collocated space and equipment provided however that a certified vendor is used and the necessary space preparation has been completed. Rebuild of equipment must be performed by a BellSouth Certified Vendor. If LEC Unwired's acceleration of the project increases the cost of the project, then those additional charges will be incurred by LEC Unwired. Where allowed and where practical, LEC Unwired may erect a temporary facility while BellSouth rebuilds or makes repairs. In all cases where the Collocation Space shall be rebuilt or repaired, LEC Unwired shall be entitled to an equitable abatement of rent and other charges, depending upon the unsuitability of the Collocation Space for LEC Unwired's permitted use, until such Collocation Space is fully repaired and restored and LEC Unwired's equipment installed therein (but in no event later than thirty (30) calendar days after the Collocation Space is fully repaired and restored). Where LEC Unwired has placed an Adjacent Arrangement pursuant to section 3.4, LEC Unwired shall have the sole responsibility to repair or replace said Adjacent Arrangement provided herein. Pursuant to this section, BellSouth will restore the associated services to the Adjacent Arrangement.

### **13. EMINENT DOMAIN**

13.1 If the whole of a Collocation Space or Adjacent Arrangement shall be taken by any public authority under the power of eminent domain, then this Agreement shall terminate as of the day possession shall be taken by such public authority and rent and other charges for the Collocation Space or Adjacent Arrangement shall be paid up to that day with proportionate refund by BellSouth of such rent and charges as may have been paid in advance for a period subsequent to the date of the taking. If any part of the Collocation Space or Adjacent Arrangement shall be taken under eminent domain, BellSouth and LEC Unwired shall each have the right to terminate this Agreement and declare the same null and void, by written notice of such intention to the other party within ten (10) days after such taking.

### **14. NONEXCLUSIVITY**

12.1 LEC Unwired understands that this Agreement is not exclusive and that BellSouth may enter into similar agreements with other parties. Assignment of space pursuant to all such agreements shall be determined by space availability and made on a first come, first served basis.

## **15. NOTICES**

15.1 Except as otherwise provided herein, any notices or demands that are required by law or under the terms of this Agreement shall be given or made by LEC Unwired or BellSouth in writing and shall be given by hand delivery, or by certified or registered mail, and addressed to the parties as follows:

To BellSouth:

600 N. 19<sup>th</sup> Street

9<sup>th</sup> Floor

Birmingham, AL 35240

ATTN: CLEC Account Team

To LEC Unwired:

1 Lakeshore Drive

Suite 1900

Lake Charles, LA 70629

ATTN: Mr. C.J. LeJeune

15.2 Such notices shall be deemed to have been given in the case of certified or registered mail when deposited in the United States mail with postage prepaid.

## **16. INDEMNITY / LIMITATION OF LIABILITY**

16.1 LEC Unwired shall be liable for any damage to property, equipment or facilities or injury to person caused by the activities of LEC Unwired, its agents or employees pursuant to, or in furtherance of, rights granted under this Agreement. LEC Unwired shall indemnify and hold BellSouth harmless from and against any judgments, fees, costs or other expenses resulting or claimed to result from such activities by LEC Unwired, its agents or employees.

16.2 BellSouth shall not be liable to LEC Unwired for any interruption of LEC Unwired's service or for interference with the operation of LEC Unwired's communications facilities, or for any special, indirect, incidental or consequential damages arising in any manner, including BellSouth's negligence, out of the use of the Collocation Space(s) and LEC Unwired shall indemnify, defend and hold BellSouth harmless from and against any and all claims, demands, causes of action, costs and reasonable attorneys' fees with respect to such special, indirect, incidental or consequential damages.

## **17. PUBLICITY**

17.1 LEC Unwired agrees to submit to BellSouth all advertising, sales promotion, press releases, and other publicity matters relating to this Agreement or mentioning or implying the tradenames, logos, trademarks or service marks (hereinafter "Marks") of BellSouth Corporation and/or any of its affiliated companies or language from which the connection of said Marks therewith may be inferred or implied, or mentioning or implying the names of any personnel of BellSouth Corporation and/or any of its affiliated companies, and LEC Unwired further agrees not to publish or use such advertising, sales promotions, press releases, or publicity matters without BellSouth's prior written consent.

## **18. FORCE MAJEURE**

18.1 Neither party shall be in default by reason of any failure in performance of this Agreement, in accordance with its terms and conditions, if such failure arises out of causes beyond the control of the nonperforming party including, but not restricted to, acts of God, acts of government, insurrections, fires, floods, accidents, epidemics, quarantines, restrictions, strikes, freight embargoes, inability to secure raw materials or transportation facilities, acts or omissions of carriers or any and all other causes beyond the party's control.

## **19. YEAR 2000 COMPLIANCE**

19.1 Each party warrants that it has implemented a program the goal of which is to ensure that all collocated equipment, software, hardware and related materials (collectively called "Systems") delivered, connected with BellSouth or supplied in the furtherance of the terms and conditions specified in this Agreement: (i) will record, store, process and display calendar dates falling on or after January 1, 2000, in the same manner, and with the same functionality as such software records, stores, processes and calendar dates falling on or before December 31, 1999; and (ii) shall include without limitation date data century recognition, calculations that accommodate same century and multicentury formulas and date values, and date data interface values that reflect the century.

## **20. ASSIGNMENT**

20.1 LEC Unwired acknowledges that this Agreement does not convey any right, title or interest in the Central Office to LEC Unwired. This Agreement is not assignable by either party without the prior written consent of the other party, and any attempt to assign any of the rights, duties or obligations of this Agreement without such consent is void. Notwithstanding the foregoing, either party may assign any rights, duties or obligations of this Agreement to a parent, subsidiary or affiliate without the consent of the other party.

## **21. NO IMPLIED WAIVER**

21.1 No consent or waiver by either party to or of any breach of any covenant, term, condition, provision or duty of the other party under this Agreement shall be construed as a consent to or waiver of any other breach of the same or any other covenant, term, condition, provision or duty. No such consent or waiver shall be valid unless in writing and signed by the party granting such consent or waiver.

## **22. RESOLUTION OF DISPUTES**

22.1 Except as otherwise stated in this Agreement, the Parties agree that if any dispute arises as to the interpretation of any provision of this Agreement or as to the proper implementation of this Agreement, the parties will petition the Commission in the state where the services are provided pursuant to this Agreement for a resolution of the dispute. However, each party reserves any rights it may have to seek judicial review of any ruling made by the Public Service Commission concerning this Agreement.

## **23. SECTION HEADINGS**

23.1 The section headings used herein are for convenience only, and shall not be deemed to constitute integral provisions of this Agreement.

## **24. AUTHORITY**

24.1 Each of the parties hereto warrants to the other that the person or persons executing this Agreement on behalf of such party has the full right, power and authority to enter into and execute this Agreement on such party's behalf and that no consent from any other person or entity is required as a condition precedent to the legal effect of this Agreement.

## **25. REVIEW OF AGREEMENT**

25.1 The parties acknowledge that each has had an opportunity to review and negotiate this Agreement and has executed this Agreement only after such review and negotiation. The Parties further agree that this Agreement shall be deemed to have been drafted by both BellSouth and LEC Unwired and the terms and conditions contained herein shall not be construed any more strictly against one party or the other.

## **26. FILING OF AGREEMENT**

26.1 Upon execution of this Agreement it shall be filed with the appropriate state regulatory agency pursuant to the requirements of section 252 of the Act. If the regulatory agency imposes any filing or public interest notice fees regarding the filing or approval of the Agreement, said costs shall be borne by LEC Unwired.

## **27. ENTIRE AGREEMENT**

27.1 This Agreement contains the full understanding of the Parties (superseding all prior or contemporaneous correspondence between the Parties) and shall constitute the entire agreement between BellSouth and LEC Unwired and may not be modified or amended other than by a written instrument signed by both parties. If any conflict arises between the terms and conditions contained in this Agreement and those contained in a filed tariff, the terms and conditions of this Agreement shall control.

IN WITNESS WHEREOF, the Parties have executed this Agreement by their duly authorized representatives in one or more counterparts, each of which shall constitute an original, on the day and year first above written.

Note(s):

N/A refers to rate elements which do not have a negotiated rate.

- (1) **Subsequent Application Fee:** BellSouth requires the submission of an Application Fee for modifications to an existing arrangement. However, when the modifications do not require BellSouth to expend capital, BellSouth will assess the Subsequent Application Fee in lieu of the Application Fee. Proposed modifications that could result in assessment of a Subsequent Application Fee would cause BellSouth to analyze the following but are not limited to: floor loading changes, changes to HVAC requirements, power requirement changes which may result in a power plant upgrade, environmental or safety requirements, or equipment relocation. Should the Subsequent Application Fee not be included as part of this Agreement, LEC Unwired will be assessed the full Application Fee for all subsequent activity for completed arrangements.
- (2) **Space Preparation Fee:** The Space Preparation Fee is a one-time fee, assessed per arrangement, per location. It recovers the costs associated with the shared physical collocation area within a Central Office, which include survey, engineering, design and modification costs for network, building and support systems. In the event LEC Unwired opts for non-enclosed space, the space preparation fee will be assessed based on the total floor space dedicated to LEC Unwired as prescribed in Section 7 of the Collocation Agreement.
- (3) **Space Enclosure:** For cages requested prior to June 1, 1999, the Space Enclosure Construction Fee is a monthly recurring fee, assessed per enclosure, per location with a one-hundred (100) square foot minimum enclosure. It recovers costs associated with providing an optional equipment arrangement enclosure, which include architectural and engineering fees, materials, and installation costs. The cost for additional square feet is applicable only when ordered with the first 100 square feet and must be requested in fifty (50) square foot increments. LEC Unwired may, at its option, arrange with a BellSouth certified contractor to construct the space enclosure in accordance with BellSouth's guidelines and specifications. In this event, the contractor shall directly bill LEC Unwired for the space enclosure, and this fee shall not be applicable.
- (4) **Cross Connects:** The charges for cross connects are for orders placed electronically. Cross connect elements may also be ordered manually for which there is an additional charge per element.

		Disconnect Charges
	First / Additional	First / Additional
2-wire	\$34.03 / \$32.67	\$14.48 / \$13.11
4-wire	\$34.28 / \$32.85	\$14.55 / \$13.12
DS-1	\$64.08 / \$44.98	\$14.58 / \$13.23
DS-3	\$61.07 / \$43.08	\$16.66 / \$13.49
- (5) **Co-Carrier Cross-Connect:** As stated in Section 1.2 of the Collocation Agreement, LEC Unwired may connect to other CLECs within the designated Central Office in addition to, and not in lieu of, interconnection to BellSouth services and facilities. Where BellSouth must construct a cable rack structure to house the co-Carrier cross connection, construction charges will be applied on an individual case basis. BellSouth shall provide an estimate of these charges in the Application Response. Where an existing cable rack structure is in place and has sufficient capacity to accommodate the co-Carrier cross connection requested, the recurring charges as stated in this Exhibit A shall apply.
- (6) **Additional Engineering Fee:** BellSouth's additional engineering, and other labor costs associated with handling LEC Unwired-requested modifications to requests in progress or augmentations to existing arrangements shall be recovered as Additional Engineering charges, under provisions in BellSouth's F.C.C. Number 1 Tariff, Sections 13.1 and 13.2. Should Additional Engineering rates not be included, LEC Unwired agrees not to make changes to collocation arrangement after a Bona Fide Firm Order is submitted.

- (1) **Subsequent Application Fee:** BellSouth requires the submission of an Application Fee for modifications to an existing arrangement. However, when the modifications do not require BellSouth to expend capital, BellSouth will assess the Subsequent Application Fee in lieu of the Application Fee. Proposed modifications that could result in assessment of a Subsequent Application Fee would cause BellSouth to analyze the following but are not limited to: floor loading changes, changes to HVAC requirements, power requirement changes which may result in a power plant upgrade, environmental or safety requirements, or equipment relocation. Should the Subsequent Application Fee not be included as part of this Agreement, LEC Unwired will be assessed the full Application Fee for all subsequent activity for completed arrangements.
- (2) **Space Preparation Fee:** The Space Preparation Fee is a one-time fee, assessed per arrangement, per location. It recovers costs associated with the shared physical collocation area within a Central Office, which include survey, engineering, design and modification costs for network, building and support systems. BellSouth will pro rate the total shared space preparation costs among the collocators at each location based on the amount of square footage occupied by each collocator. This charge may vary depending on the location and type of arrangement requested.
- (3) **Space Enclosure Fee:** For cages requested prior to June 1, 1999, the Space Enclosure Construction Fee is a monthly recurring fee, assessed per enclosure, per location with a one-hundred (100) square foot minimum enclosure. It recovers costs associated with providing an optional equipment arrangement enclosure, which include architectural and engineering fees, materials, and installation costs. The cost for additional square feet is applicable only when ordered with the first 100 square feet and must be requested in fifty (50) square foot increments. LEC Unwired may, at its option, arrange with a BellSouth certified contractor to construct the space enclosure in accordance with BellSouth's guidelines and specifications. In this event, the contractor shall directly bill LEC Unwired for the space enclosure, and this fee shall not be applicable.
- (4) **Cross Connects:** Rates shown are the equivalent per cross connect rates based on the Florida PSC Ordered rates as follows:

<u>Cross Connects</u>	<u>Per Cross Connect</u>	<u>RC</u>	<u>NRC</u>
2-wire	Per 100 X-Connects	\$5.24	\$1,157.00

DS-3/DSX	Per Cross Connect	\$10.06	\$528.00
Optical Cross Connects	Per Cross Connect	\$6.46	\$2,431.00

**EXHIBIT A: BELLSOUTH/LEC Unwired RATES - FLORIDA**  
**PHYSICAL COLLOCATION (cont.)**

- (5) **Co-Carrier Cross-Connect.** As stated in Section 5 of the Collocation Agreement, LEC Unwired may connect to other CLECs within the designated Central Office in addition to, and not in lieu of, interconnection to BellSouth services and facilities. Where BellSouth must construct a cable rack structure to house the direct connection, construction charges will be applied on an individual case basis. BellSouth shall provide an estimate of these charges in the Application Response. Where an existing cable rack structure is in place and has sufficient capacity to accommodate the direct connection requested, the recurring charges as stated in this Exhibit A shall apply.
- (6) **POT Bays:** BellSouth's Florida specific rates were established in the Florida Public Service Commission Docket No. 960833. The Commission did not set permanent rates for POT Bays, given the assumption by the parties to the Proceeding that they will always provide their own POT Bays. It will be necessary for LEC Unwired to provide its own POT Bays per BellSouth specifications and provide the necessary information from which BellSouth can inventory.
- (7) **Additional Engineering Fee:** BellSouth's additional engineering, and other labor costs associated with handling LEC Unwired-requested modifications to requests in progress or augmentations to existing arrangements shall be recovered as Additional Engineering charges, under provisions in BellSouth's F.C.C. Number 1 Tariff, Sections 13.1 and 13.2. Should Additional Engineering rates not be included, LEC Unwired agrees not to make changes to collocation arrangement after a Bona Fide Firm Order is submitted.

**Note(s):**

N/A refers to rate elements which do not have a negotiated rate.

- (1) **Subsequent Application Fee:** BellSouth requires the submission of an Application Fee for modifications to an existing arrangement. However, when the modifications do not require BellSouth to expend capital, BellSouth will assess the Subsequent Application Fee in lieu of the Application Fee. Proposed modifications that could result in assessment of a Subsequent Application Fee would cause BellSouth to analyze the following but are not limited to: floor loading changes, changes to HVAC requirements, power requirement changes which may result in a power plant upgrade, environmental or safety requirements, or equipment relocation. Should the Subsequent Application Fee not be included as part of this Agreement, LEC Unwired will be assessed the full Application Fee for all subsequent activity for completed arrangements.
- (2) **Space Preparation Fee:** The Space Preparation Fee is a one-time fee, assessed per arrangement, per location. It recovers the costs associated with the shared physical collocation area within a Central Office, which include survey, engineering, design and modification costs for network, building and support systems. In the event LEC Unwired opts for non-enclosed space, the space preparation fee will be assessed based on the total floor space dedicated to LEC Unwired as prescribed in Section 7 of the Collocation Agreement.

**EXHIBIT A: BELLSOUTH/LEC Unwired RATES - LOUISIANA**  
**PHYSICAL COLLOCATION (cont.)**

- (3) **Space Enclosure Fee:** For cages requested prior to June 1, 1999, the Space Enclosure Construction Fee is a monthly recurring fee, assessed per enclosure, per location with a one-hundred (100) square foot minimum enclosure. It recovers costs associated with providing an optional equipment arrangement enclosure, which include architectural and engineering fees, materials, and installation costs. The cost for additional square feet is applicable only when ordered with the first 100 square feet and must be requested in fifty (50) square foot increments. LEC Unwired may, at its option, arrange with a BellSouth certified contractor to construct the space enclosure in accordance with BellSouth's guidelines and specifications. In this event, the contractor shall directly bill LEC Unwired for the space enclosure, and this fee shall not be applicable.

- (4) **Cross Connects:** The charges for cross connects are for orders placed electronically. Cross connect elements may also be ordered manually for which there is an additional charge per element.

	First / Additional	Disconnect Charges First / Additional
2-wire	\$24.92/\$23.99	\$10.56/\$9.62
4-wire	\$25.11/\$24.12	\$10.61/\$9.63
DS-1	\$45.49/\$32.48	\$10.64/\$9.71
DS-3	\$43.34/\$31.08	\$12.14/\$9.94

- (5) **Co-Carrier Cross-Connect.** As stated in Section 5 of the Collocation Agreement, LEC Unwired may connect to other CLECs within the designated Central Office in addition to, and not in lieu of, interconnection to BellSouth services and facilities. Where BellSouth must construct a cable rack structure to house the co-Carrier cross-connection, construction charges will be applied on an individual case basis. BellSouth shall provide an estimate of these charges in the Application Response. Where an existing cable rack structure is in place and has sufficient capacity to accommodate the co-Carrier cross-connection requested, the recurring charges as stated in this Exhibit A shall apply.

- (6) **Additional Engineering Fee:** BellSouth's additional engineering, and other labor costs associated with handling LEC Unwired-requested modifications to requests in progress or augmentations to existing arrangements shall be recovered as Additional Engineering charges, under provisions in BellSouth's F.C.C. Number 1 Tariff, Sections 13.1 and 13.2. Should Additional Engineering rates not be included, LEC Unwired agrees not to make changes to collocation arrangement after a Bona Fide Firm Order is submitted.

N/A refers to rate elements which do not have a negotiated rate.

- (1) **Subsequent Application Fee:** BellSouth requires the submission of an Application Fee for modifications to an existing arrangement. However, when the modifications do not require BellSouth to expend capital, BellSouth will assess the Subsequent Application Fee in lieu of the Application Fee. Proposed modifications that could result in assessment of a Subsequent Application Fee would cause BellSouth to analyze the following but are not limited to: floor loading changes, changes to HVAC requirements, power requirement changes which may result in a power plant upgrade, environmental or safety requirements, or equipment relocation. Should the Subsequent Application Fee not be included as part of this Agreement, LEC Unwired will be assessed the full Application Fee for all subsequent activity for completed arrangements.
- (2) **Space Preparation Fee:** The Space Preparation Fee is a one-time fee, assessed per arrangement, per location. It recovers the costs associated with the shared physical collocation area within a Central Office, which include survey, engineering, design and modification costs for network, building and support systems. In the event LEC Unwired opts for non-enclosed space, the space preparation fee will be assessed based on the total floor space dedicated to LEC Unwired as prescribed in Section 7 of the Collocation Agreement.
- (3) **Space Enclosure Fee:** For cages requested prior to June 1, 1999, the Space Enclosure Construction Fee is a monthly recurring fee, assessed per enclosure, per location with a one-hundred (100) square foot minimum enclosure. It recovers costs associated with providing an optional equipment arrangement enclosure, which include architectural and engineering fees, materials, and installation costs. The cost for additional square feet is applicable only when ordered with the first 100 square feet and must be requested in fifty (50) square foot increments. LEC Unwired may, at its option, arrange with a BellSouth certified contractor to construct the space enclosure in accordance with BellSouth's guidelines and specifications. In this event, the contractor shall directly bill LEC Unwired for the space enclosure, and this fee shall not be applicable.
- (4) **Cross Connects:** The charges for cross connects are for orders placed electronically. Cross connect elements may also be ordered manually for which there is an additional charge per element.

	<u>First / Additional</u>
2-wire	\$46.66 / \$44.10
4-wire	\$46.68 / \$44.02
DS-1	\$75.88 / \$55.87
DS-3	\$74.69 / \$54.23

- (5) **Co-Carrier Cross-Connect.** As stated in Section 5 of the Collocation Agreement, LEC Unwired may connect to other CLECs within the designated Central Office in addition to, and not in lieu of, interconnection to BellSouth services and facilities. Where BellSouth must construct a cable rack structure to house the co-Carrier cross-connection, construction charges will be applied on an individual case basis. BellSouth shall provide an estimate of these charges in the Application Response. Where an existing cable rack structure is in place and has sufficient capacity to accommodate the co-Carrier cross-connection requested, the recurring charges as stated in this Exhibit A shall apply.

**EXHIBIT A: BELLSOUTH/LEC Unwired RATES – SOUTH CAROLINA  
PHYSICAL COLLOCATION (cont.)**

- (6) **Additional Engineering Fee:** BellSouth's additional engineering, and other labor costs associated with handling LEC Unwired-requested modifications to requests in progress or augmentations to existing arrangements shall be recovered as Additional Engineering charges, under provisions in BellSouth's F.C.C. Number 1 Tariff, Sections 13.1 and 13.2. Should Additional Engineering rates not be included, LEC Unwired agrees not to make changes to collocation arrangement after a Bona Fide Firm Order is submitted.

Should Additional Engineering rates not be included, LEC Unwired agrees not to make changes to collocation arrangement after a Bona Fide Firm Order is submitted.

## **ENVIRONMENTAL AND SAFETY PRINCIPLES**

The following principles provide basic guidance on environmental and safety issues when applying for and establishing Physical Collocation arrangements.

### **1. GENERAL PRINCIPLES**

1.1 Compliance with Applicable Law. BellSouth and LEC Unwired agree to comply with applicable federal, state, and local environmental and safety laws and regulations including U.S. Environmental Protection Agency (USEPA) regulations issued under the Clean Air Act (CAA), Clean Water Act (CWA), Resource Conservation and Recovery Act (RCRA), Comprehensive Environmental Response, Compensation and Liability Act (CERCLA), Superfund Amendments and Reauthorization Act (SARA), the Toxic Substances Control Act (TSCA), and OSHA regulations issued under the Occupational Safety and Health Act of 1970, as amended and NFPA and National Electrical Codes (NEC) and the NESC ("Applicable Laws"). Each party shall notify the other if compliance inspections are conducted by regulatory agencies and/or citations are issued that relate to any aspect of this Agreement.

1.2 Notice. BellSouth and LEC Unwired shall provide notice to the other, including Material Safety Data Sheets (MSDSs), of known and recognized physical hazards or Hazardous Chemicals existing on site or brought on site. Each party is required to provide specific notice for known potential Imminent Danger conditions. LEC Unwired should contact 1-800-743-6737 for BellSouth MSDS sheets.

1.3 Practices/Procedures. BellSouth may make available additional environmental control procedures for LEC Unwired to follow when working at a BellSouth Central Office (See Section 2, below). These practices/procedures will represent the regular work practices required to be followed by the employees and contractors of BellSouth for environmental protection. LEC Unwired will require its contractors, agents and others accessing the BellSouth Central Office to comply with these practices. Section 2 lists the Environmental categories where BST practices should be followed by CLEC when operating in the BellSouth Central Office.

1.4 Environmental and Safety Inspections. BellSouth reserves the right to inspect the LEC Unwired space with proper notification. BellSouth reserves the right to stop any LEC Unwired work operation that imposes Imminent Danger to the environment, employees or other persons in the area or Facility.

1.5 Hazardous Materials Brought On Site. Any hazardous materials brought into, used, stored or abandoned at the BellSouth Central Office by LEC Unwired are owned by LEC Unwired. LEC Unwired will indemnify BellSouth for claims, lawsuits or damages to persons or property caused by these materials. Without prior written BellSouth approval, no substantial new safety or environmental hazards can be created by LEC Unwired or different hazardous materials used by LEC Unwired at BellSouth Facility. LEC Unwired must demonstrate

adequate emergency response capabilities for its materials used or remaining at the BellSouth Facility.

1.6 Spills and Releases. When contamination is discovered at a BellSouth Central Office, the party discovering the condition must notify BellSouth. All Spills or Releases of regulated materials will immediately be reported by LEC Unwired to BellSouth.

1.7 Coordinated Environmental Plans and Permits. BellSouth and LEC Unwired will coordinate plans, permits or information required to be submitted to government agencies, such as emergency response plans, spill prevention control and countermeasures (SPCC) plans and community reporting. If fees are associated with filing, BellSouth and LEC Unwired will develop a cost sharing procedure. If BellSouth's permit or EPA identification number must be used, LEC Unwired must comply with all of BellSouth's permit conditions and environmental processes, including environmental "best management practices (BMP)" (see Section 2, below) and/or selection of BST disposition vendors and disposal sites.

1.8 Environmental and Safety Indemnification. BellSouth and LEC Unwired shall indemnify, defend and hold harmless the other party from and against any claims (including, without limitation, third-party claims for personal injury or death or real or personal property damage), judgments, damages, (including direct and indirect damages, and punitive damages), penalties, fines, forfeitures, costs, liabilities, interest and losses arising in connection with the violation or alleged violation of any Applicable Law or contractual obligation or the presence or alleged presence of contamination arising out of the acts or omissions of the indemnifying party, its agents, contractors, or employees concerning its operations at the Facility.

## **2. CATEGORIES FOR CONSIDERATION OF ENVIRONMENTAL ISSUES**

When performing functions that fall under the following Environmental categories on BellSouth's Central Office, LEC Unwired agrees to comply with the applicable sections of the current issue of BellSouth's Environmental and Safety Methods and Procedures (M&Ps), incorporated herein by this reference. LEC Unwired further agrees to cooperate with BellSouth to ensure that LEC Unwired's employees, agents, and/or subcontractors are knowledgeable of and satisfy those provisions of BellSouth's Environmental M&Ps which apply to the specific Environmental function being performed by LEC Unwired, its employees, agents and/or subcontractors.

The most current version of reference documentation must be requested from BellSouth.

**2. Categories for Consideration of Environmental Issues (cont.)**

<b>ENVIRONMENTAL CATEGORIES</b>	<b>ENVIRONMENTAL ISSUES</b>	<b>ADDRESSED BY THE FOLLOWING DOCUMENTATION</b>
Disposal of hazardous material or other regulated material (e.g., batteries, fluorescent tubes, solvents & cleaning materials)	Pollution liability insurance  EVET approval of contractor	Std T&C 450 GU-BTEN-001BT, Chapter 4 Std T&C 660-3 GU-BTEN-001BT, Chapter 10
Emergency response	Hazmat/waste release/spill firesafety emergency	GU-BTEN-001BT, Chapter Building Emergency Operations Plan (EOP) (specific to Central Office)
Contract labor/outsourcing for services with environmental implications to be performed on BellSouth Central Office (e.g., disposition of hazardous material/waste; maintenance of storage tanks)	Performance of services in accordance with BST's environmental M&Ps  Insurance	Std T&C 450 Std T&C 450-B (Contact E/S or your DEC/LDEC for copy of appropriate E/S M&Ps.) Removing or disturbing building materials that may contain asbestos	Asbestos work practices	GU-BTEN-001BT, Chapter 3

### **3. DEFINITIONS**

Generator. Under RCRA, the person whose act produces a Hazardous Waste, as defined in 40 CFR 261, or whose act first causes a Hazardous Waste to become subject to regulation. The Generator is legally responsible for the proper management and disposal of Hazardous Wastes in accordance with regulations.

Hazardous Chemical. As defined in the U.S. Occupational Safety and Health (OSHA) hazard communication standard (29 CFR 1910.1200), any chemical which is a health hazard or physical hazard.

Hazardous Waste. As defined in section 1004 of RCRA.

Imminent Danger. Any conditions or practices at a facility which are such that a danger exists which could reasonably be expected to cause immediate death or serious harm to people or immediate significant damage to the environment or natural resources.

Spill or Release. As defined in Section 101 of CERCLA.
