AFFIDAVIT

COMMONWEALTH OF KENTUCKY

COUNTY OF FLOYD

BEFORE ME, the undersigned authority, on this day personally appeared Paul D. Gearheart of Coalfields Telephone Company, ("the Company"), who on his oath deposed and said:

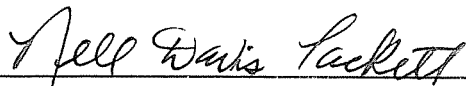

1. My name is Paul D. Gearheart. I am employed by Coalfields Telephone Company in the position of Vice President. In this position, I am personally familiar with the Federal Universal Service support received by the Company and how these funds are used by the Company.
2. Coalfields Telephone Company was designated as an eligible telecommunications carrier by the Kentucky Public Service Commission in PSC Case No. 360 by order dated November 26, 1997.
3. Coalfields Telephone Company estimates that it will receive **\$969,360** of Federal Universal Service high cost support during the **January 1, 2009 to December 31, 2009** time period. This amount is comprised of Local Switching Support and Interstate Common Line Support.
4. The Federal Universal Service Support funds the Company receives during **2009** will be used for the provision, maintenance and upgrading of facilities and services for which the support is intended, as designated by the Federal Communications Commission consistent with Section 254(e) of the federal Telecommunications Act. These funds will be used to provide the following supported services, as outlined in 47 CFR § 54.10(a), which are available to any customer in the Company's service area: single-party voice grade access to the public switched network, unlimited local usage, dual-tone multi-frequency signaling or its functional equivalent, access to emergency services, including 9-1-1 service or enhanced 9-1-1 service, access to operator service, access to interexchange service and access to directory assistance and toll limitation for qualifying low income customers.

5. Coalfields Telephone Company follows Federal Communications Commission Part 32 accounting requirements for regulated local exchange carriers and Part 36 separations provisions used to determine high cost support amounts. As a regulated utility, Coalfields Telephone Company's accounting and separations procedures are subject to periodic National Exchange Carrier Association and Kentucky Public Service Commission reviews.
6. While continuing to receive the estimated amount of Federal Universal Service support as described and using this support for the purposes as described, Coalfields Telephone Company does not anticipate increasing local rates nor withdrawing any services; therefore, the comparability of rates and service between the rural areas served by Coalfields Telephone Company and the urban areas of Kentucky will not be changed because of any action on the part of Coalfields Telephone Company.
7. The matters addressed above are within my personal knowledge and are true and correct.

Paul D. Gearheart, Vice President

Sworn and subscribed before me, the undersigned authority, on this the 7th day of August, 2009.

Nell Davis Tackett

Notary Public, State of Kentucky

My Commission expires **November 25, 2012**.
