Re: Water Service Corporation of Kentucky

Dear Brent:

Attached are revised pages 2, 16, 18, 19, 19a, 21, 23, and a sample bill used for both Middlesboro and Clinton. I believe that these revisions complete the tariff filing for Case 2005-00325.

If there are any additional revisions, or if you have any questions, please contact me.

however, shall the pressure at the Customer's service pipe under normal conditions fall below thirty (30) psig nor shall the static pressure exceed 150 psig.

8. PLUMBING WORK MUST BE APPROVED BY COMPANY:

All plumbing work done in connection with the Company's water mains or appurtenances shall be submitted for the inspection of the Company, and no underground work shall be covered up until inspected and approved by the Company. Whenever the Company determines that a job of plumbing is obviously defective, although not in direct violation of these Rules and Regulations, the Company will insist upon its being corrected before the water will be turned on.

9. METERS AND METER INSTALLATIONS:

(a) The company shall specify the kind and size of meter to be installed.

(b) Meters will be furnished, installed, and removed by the Company and shall remain its property.

(c) Each premises shall have a separate meter and the applicant for service shall be solely responsible for all water used on and in said buildings or premises.

(d) Meters will be maintained by the Company at its expense insofar as ordinary wear is concerned, but damage due to hot weather, freezing (as a result of Customer's unauthorized removal of meter cover) or other external causes arising out of or caused by the Customer's negligence or carelessness shall be paid for by the Customer.

10. METER TESTS AND TEST FEES:

(a) All meters are accurately tested before installation and are also periodically tested in accordance with the Public Service Commission's regulations. The Company may at any time remove any meter for periodic tests or for repairs or replacement and may, at its option and expense, test any meter when the Company has reason to believe that it is registering inaccurately.

(b) The Company shall make a test of the accuracy of any meter upon written request of the Customer, provided the Customer does not request such test more frequently than once in twelve months. For such request test, the fee as estimated herein shall be paid in advance by the complaint but should the said meter be found, upon said test, to be more than two (2) percent incorrect to the prejudice of the Customer, the fee so charged shall be returned to the complaint.

(c) For test of meters made upon request of the Customer and performed by the Company, the following fees shall be paid:

Outlet 1-inch or less \$15.00

Outlet 2-inches and over 1 -inch Cost of Test

Outlet 3-inches and over 2-inches Cost of Test

Outlet 4-inches and over 3-inches Cost of Test

Outlets greater than 4-inches Cost of Test

11, 12, & 13. PUBLIC FIRE HYDRANTS (including Private Fire Hydrants) and
(Fire Hydrants in Unincorporated Areas)

Fire Protection Generally

1. On or after the effective date (June 7, 1992) of administrative regulation 807
KAR 5:066 Section 10(2) fire hydrants may be installed by a Utility only if:

a. A Professional engineer with a Kentucky registration has certified that the
system can provide a minimum free flow of 250 gallons per minute; and

b. The system supporting this flow has the capability of providing this flow
for a period of not less than two (2) hours plus consumption at the maximum
daily rate.

2. The location, installation, and the responsibility for maintenance of fire hydrants,
public and private fire protection facilities, connecting mains, and their ownership may
be subject to negotiation between the Utility and the applicant. Fire hydrants and
public and private fire protection facilities shall be installed as required by the Utility
and if owned by the Utility shall be subject to any conditions the Public Service
Commission may impose, based upon the compensation received for this service.

Fire Departments Any city, county, urban-county, charter county, fire protection district,
or volunteer fire protection district ("User") may withdraw water from the utility's water
distribution system for the purpose of fighting fires or training firefighters at no charge on
the condition that it maintains estimates of the amount of water used for fire protection and
training during the calendar month and reports the amount of this water usage to the utility no
later than the 15th day of the following calendar month.

CONTENTS

Any city, county, urban-county, charter county, fire protection district, or volunteer fire protection district that withdraws water from the utility's water distribution system for fire protection or training purposes and fails to submit the required report on water usage in a timely manner shall be assessed the cost of this water.

A non-reporting user's usage shall be presumed to be 0.3 percent of the utility's total water sales for the calendar month. A non-reporting user may present evidence of its actual usage to rebut the presumed usage. The utility shall consider this evidence and may adjust the presumed usage amount accordingly.

The non-reporting user shall be billed for this usage at the lowest usage block rate regardless of customer classification that the utility charges.

A. Non-reporting user shall also be assessed a penalty of \$20.00 for each failure to submit a report in a timely manner

B. 14, DISCONTINUANCE OF WATER SERVICE:

(a) Service rendered under any application, contract or agreement may be discontinued by the Company after proper notification in accordance with 807 KAR 5:006, Section 14 for any of the following reasons:

- (1) For willful or indifferent waste of water.

16. TURN-ON CHARGE

(a) When it has been necessary to discontinue water service to any premises because of a violation of the Rules and Regulations or on account of the non-payment of any bill; a charge will be made to cover the expense of turning on water, and this charge together with any arrears that may be due the Company for charges against the Customer must be paid before the water will again be turned on.

(b) If at the time of such discontinuance of service, the Customer does not have a deposit with the Company, the Company may require a deposit as a guarantee of the payment of future bills before the water will be turned on.

17. BILLS FOR WATER SERVICE:

(a) Customers are responsible for furnishing the Company with their correct address. Failure to receive bills will not be considered an excuse for non-payment nor permit an extension of the date when the account would be considered delinquent.

(b) All bills will be sent to the address entered in the application unless the Company is notified in writing by the Customer of any change of address.

(c) If requested in writing by the Customer, the Company will send bills to and will receive payments from agents or tenants. However, this accommodation will in no way relieve the Customer of the liability for all water charges. The Company shall notify the Customer of the non-payment of water bills by such agents or tenants pursuant to applicable regulations.

(d) Payments shall be made at the office of the Company or at such other places

(b) If test results on a Customer's meter show an average error greater than two percent (2%) fast or slow, or if a Customer has been incorrectly billed for any other reason, except in an instance where a Company has filed a verified complaint with the appropriate law enforcement agency alleging fraud or theft by a Customer, the Company shall immediately determine the period during which the error has existed, and shall recompute and adjust the Customer's bill to either provide a refund to the Customer or collect an additional amount of revenue from the underbilled Customer. The account adjustment shall be performed according to 807 KAR 5:006 Section 10(2) with corrected billing or refund as directed therein.

20. BOILER AND ENGINE WATER SUPPLY:

The Company does not guarantee a sufficient or uniform pressure, or an uninterrupted supply of water, and Customers are cautioned to provide a sufficient storage of water where an absolutely uninterrupted supply must be assured; such as for steam boilers, hot water systems, gas engines, etc.

21. INTERRUPTIONS IN WATER SUPPLY:

The Company may at any time shut off the water in the mains in case of accident, or for the purpose of making connections, alterations, repairs, changes, or for other reasons, and may restrict the use of water to reserve a sufficient supply for the public fire service or other emergencies whenever the public welfare may require it.
