Attn: Board Members

This e-mail is in response to a notice sent to my business in Northern Kentucky, Commonwealth Foods, Inc. from Duke Energy, regarding their proposed 21% rate increase on electric for businesses.

I hope that you take into consideration the financial burdens that is on small businesses in the state of Kentucky before you vote. 21% is way out of line. It sure is easy for a monopoly, such as Duke Energy, to do so. They can ask for any rate that they want. They have no competition. Small businesses, such as mine, need your help.

As a small business owner, I just want my voice to be heard.

Thank you,

Gary W. Neiheisel
