

COMMONWEALTH OF KENTUCKY

BEFORE THE PUBLIC SERVICE COMMISSION

RECEIVED

JUN 21 2007

PUBLIC SERVICE
COMMISSION

In the Matter of:

APPLICATION OF NORTHERN KENTUCKY)
WATER DISTRICT FOR A CERTIFICATE OF)
CONVENIENCE AND NECESSITY FOR THE) CASE NO. 2007-00131
CONSTRUCTION OF SUB DISTRICT G WATER MAIN)
EXTENSIONS, FINANCING AND SURCHARGE)

MOTION FOR INTERIM ORDER

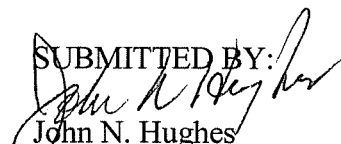

Northern Kentucky Water District (Northern), by counsel, petitions the Commission for an order authorizing the construction of various water main extensions in an area to be known as sub district G, prior to the issuance of the final order in this case.

The District proposed this project in the application filed on March 28, 2007. Since that filing, the need for immediate extension of water facilities into the area described as sub district G in the application has increased significantly. The current unusually dry weather conditions have increased demand for water, resulting in a number of residents hauling water more frequently than normal and at a much higher cost than they would pay for piped water under rates proposed for customers of the sub district.

The District has received a number of requests for this extension and is attempting to address the economic and physical hardship that the residents are facing. To alleviate some of this problem, the District requests that the Commission immediately issue an order granting the certificate of convenience and necessity for the construction described in the application.

Upon approval of the construction portion of the application, the District can begin immediate work on the extension of water facilities to residents suffering unnecessarily during this period. The bid acceptance deadlines for this project were extended by the contractors in an effort to provide the benefit of extremely favorable bids to the District and its customers. The extensions for acceptance expire on July 1, July 2 and July 4. In order for the District to assure that it can retain these bids, it would have to have an order by June 29, 2007 for purposes of preparing the notice of award and finalizing the contracts.

For these reasons, the District requests an interim order granting approval for the construction of facilities in the areas designated as sub district G in the application.
