Re: *In the Matter of: Application of North Central Telephone Cooperative Corporation, Inc. to Adjust Rates and Charges for Basic Local Exchange Service, Case No. 2007-00162*

Dear Ms. O'Donnell:

Enclosed for filing in the above-referenced case, please find one original and five (5) copies of North Central Telephone Cooperative Corporation's Response to Verizon's Request for Information.

Thank you, and if you have any questions, please call me.

Very truly yours,

DINSMORE & SHOHL LLP

TELEPHONE COOPERATIVE) Case No. 2007-00162
CORPORATION, INC. TO ADJUST)
RATES AND CHARGES FOR BASIC)
LOCAL EXCHANGE SERVICE)**

**NORTH CENTRAL'S RESPONSE TO VERIZON'S REQUEST
FOR INFORMATION**

North Central Telephone Cooperative Corporation ("North Central"), by counsel, hereby files with the Public Service Commission of the Commonwealth of Kentucky (the "Commission"), its response to Verizon's request for information.

REQUEST NO. 1

Provide the date on which NCTC completed implementation of intraLATA toll dialing parity in Kentucky.

Responsible Witness: F. Thomas Rowland

RESPONSE:

North Central objects to this data request on the grounds that it is not reasonably calculated to lead to the discovery of admissible evidence. Subject to this objection, and without waiving same, North Central states that it completed implementation of intra-LATA toll dialing parity in Kentucky between 1993 and 1995.

REQUEST NO. 2

Provide the total Kentucky-specific expenditures for implementing intraLATA dialing parity in NCTC's Kentucky exchanges, including, but not limited to, amounts for specific switch software, hardware and signaling system upgrades, and customer education costs specifically to implement dialing parity.

Responsible Witness: F. Thomas Rowland

RESPONSE:

North Central objects to this data request on the grounds that it is unduly burdensome and not reasonably calculated to lead to the discovery of admissible evidence. Subject to these objections, and without waiving same, North Central states that it implemented intraLATA dialing parity in Kentucky 13-15 years ago, and at this remote date it is unable to reasonably determine the Kentucky-specific expenditures associated therewith.

REQUEST NO. 3

Provide the date on which NCTC began assessing any access rate element associated with the Non-Traffic Sensitive Revenue Requirement ("NTSRR").

Responsible Witness: F. Thomas Rowland

RESPONSE:

North Central began assessing an access rate element associated with the Non-Traffic Sensitive Revenue Requirement on or about March 3, 1992.

REQUEST NO. 4

For the years 2002 and 2006, provide the total intrastate switched access revenues recorded by NCTC.

Responsible Witness: F. Thomas Rowland

RESPONSE:

North Central objects to this data request on the grounds that it is unduly burdensome and would subject North Central to undue expense. North Central does not have this data readily available as North Central does not segregate the revenues by state; rather, North Central records access revenues in one account for both Kentucky and Tennessee jointly.

REQUEST NO. 5

For the year 2006, provide the total Kentucky intrastate terminating switched access minutes of use billed by NCTC, and the total amounts billed for those minutes.

Responsible Witness: F. Thomas Rowland

RESPONSE:

North Central objects to this data request on the grounds that parts of it are unduly burdensome and would subject North Central to undue expense. Subject to these objections, and without waiving same, North Central states that the total Kentucky intrastate terminating switched access minutes of use billed by North Central for the year 2006 totals 5,006,405 minutes. As stated in response to data request number 4, North Central does not segregate the revenues by state.

REQUEST NO. 6

For the year 2006, provide the total revenue associated with NCTC's NTSRR-based rate elements.

Responsible Witness: F. Thomas Rowland

RESPONSE:

North Central's total revenue associated with its Non-Traffic Sensitive Revenue Requirement based rate elements total \$607,570 in 2006.

REQUEST NO. 7

For the year 2006, provide average rate per access minute billed using NCTC's NTSRR-based rate elements.

Responsible Witness: F. Thomas Rowland

RESPONSE:

The average billed rate in 2006 was \$0.099649, and the average rate in 2006 following the application of the true-up was \$0.121359.

REQUEST NO. 8

Provide the date on which NCTC began providing interLATA toll service in Kentucky either directly or through any affiliate.

Responsible Witness: F. Thomas Rowland

RESPONSE:

North Central objects to this data request on the grounds that it is not reasonably calculated to lead to the discovery of admissible evidence. Subject to this objection, and without waiving same, North Central states that this date is on or about April, 1998.

REQUEST NO. 9

Provide the date on which NCTC began providing intraLATA toll service in Kentucky either directly or through any affiliate.

Responsible Witness: F. Thomas Rowland

RESPONSE:

North Central objects to this data request on the grounds that it is not reasonably calculated to lead to the discovery of admissible evidence. Subject to this objection, North Central states that this date is on or about April, 1998.

REQUEST NO. 10

Provide an itemization of all amounts recorded by NCTC in 2006 as Kentucky-specific depreciation expense.

Responsible Witness: F. Thomas Rowland

RESPONSE:

North Central objects to this data request on the grounds that it is unduly burdensome and would subject North Central to undue expense. Subject to these objections, and without waiving same, North Central refers Verizon to its response to the Commission's data request number 17.

REQUEST NO. 11

Provide a copy of the most recent white pages directory distributed in Kentucky by NCTC.

Responsible Witness: F. Thomas Rowland

RESPONSE:

North Central objects to this data request on the grounds that it is not reasonably calculated to lead to the discovery of admissible evidence. Subject to this objection, and without waiving same, North Central has attached hereto as Exhibit A a copy of the pages for exchanges 618 and 622.

Respectfully submitted,

John E. Selent
