Mr. Thompson:
Mr. Bailey:

Re: Commitment to Unwind

The purpose of this letter is to inform you that we have obtained our business group's authorisations in relation to the Unwind. We expect to obtain Rio Tinto's final authorisation, following which Alcan Primary Products Corporation ("Alcan") would be in a position to proceed to closing the Unwind transaction.

Of course, as discussed after the KPSC Informal Conference last week, Alcan's intent to go forward is predicated on the current terms and conditions of the Unwind. Should further amendments be proposed or agreed, including with other parties, Alcan reserves the right to review and approve such future modifications.

As of this writing, we do not know the status of the consent from Southwire or whether the issues with Century Aluminum or between Big Rivers and HMPL can be resolved acceptably. Please advise as soon as you can the status of these discussions.

Yours sincerely,
