Re: U.S. 60 Water District of Shelby & Franklin  
Counties, Kentucky Fire Department Rule  
Case No. 2008-00045

Dear Mr. Derouen:

Enclosed for filing in the record of the captioned case is a copy of the December 11, 2008 letter from Kenneth Slone, State Director of United States Department of Agriculture Rural Development to Mr. William Eggen, Chairman of U.S. 60 Water District, which Mr. Eggen only just received. This letter consents to the tariff change requested by U.S. 60 Water District in this case and is being filed pursuant to the request of Jerry Wuetcher.

It is my understanding this is the final document needed for the Commission to process the District's request. Please contact me if further information is needed for this request to be processed.

Yours Truly,

MATHIS, RIGGS & PRATHER, P.S.C.

December 11, 2008

Mr. William Eggen, Chairman  
US 60 Water District  
PO Box 97  
Bagdad KY 40003

Dear Mr. Eggen:

This letter is in response to Donald T. Prather, Attorney-At-Law, request for Rural Development concurrence in the water district change in tariff.

Rural Development has no objection to the fire hydrant charge and the surcharge as mentioned in the letter being removed from the water district's tariff. The fire hydrant charge did not generate significant revenue that will affect the water district ability to repay the loan as the water district has some cash reserves. The prior surcharge and normal growth of customer count has improved the water district financial capacity.

If there are any questions, please contact this office at (859) 224-7336.

Sincerely,

  
Kenneth Slone  
State Director
