

2 February 2009

Dear Sirs:

RECEIVED

FEB 06 2009

PUBLIC SERVICE  
COMMISSION

I would have E-mailed this but I  
do not own a computer and I do not  
have electricity.

Because I have been without electricity  
for one week, in the City of Hawesville,  
County of Hancock, supplied by Kenenergy.  
At this time, I am writing this by daylight.

Kenenergy is raising their rates.  
I urge you not to approve this raise  
until the people can recover from the  
recent weather damage. This raise in  
rates will be a hardship on all especially  
persons on fixed incomes.

Please delay the raise for at least,  
one year until all in the County can get  
on their feet.

Case No.  
2008-00323

Sincerely,  
dianne McKinley
