**** DETERMINATION OF NO HAZARD TO AIR NAVIGATION ****

The Federal Aviation Administration has conducted an aeronautical study under the provisions of 49 U.S.C., Section 44718 and if applicable Title 14 of the Code of Federal Regulations, part 77, concerning:

Structure:	Antenna Tower Cumberland Falls
Location:	Parkers Lake, KY
Latitude:	36-50-21.04N NAD 83
Longitude:	84-20-51.31W
Heights:	135 feet above ground level (AGL) 1245 feet above mean sea level (AMSL)

This aeronautical study revealed that the structure does not exceed obstruction standards and would not be a hazard to air navigation provided the following condition(s), if any, is(are) met:

Based on this evaluation, marking and lighting are not necessary for aviation safety. However, if marking and/or lighting are accomplished on a voluntary basis, we recommend it be installed and maintained in accordance with FAA Advisory circular 70/7460-1 K Change 2.

This determination is based, in part, on the foregoing description which includes specific coordinates, heights, frequency(ies) and power. Any changes in coordinates, heights, and frequencies or use of greater power will void this determination. Any future construction or alteration, including increase to heights, power, or the addition of other transmitters, requires separate notice to the FAA.

This determination does include temporary construction equipment such as cranes, derricks, etc., which may be used during actual construction of the structure. However, this equipment shall not exceed the overall heights as indicated above. Equipment which has a height greater than the studied structure requires separate notice to the FAA.

This determination concerns the effect of this structure on the safe and efficient use of navigable airspace by aircraft and does not relieve the sponsor of compliance responsibilities relating to any law, ordinance, or regulation of any Federal, State, or local government body.

A copy of this determination will be forwarded to the Federal Communications Commission if the structure is subject to their licensing authority.

APPROVAL OF APPLICATION

APPLICANT:
BLUEGRASS CELLULAR
MR SCOTT McCLOUD
2902 RING ROAD
ELIZABETHTOWN, KY 42702

SUBJECT: AS-074-W38-2008-185

STRUCTURE: Antenna Tower
LOCATION: Parkers Lake, KY
COORDINATES: 36° 50' 21.04" N / 84° 20' 51.31" W
HEIGHT: 255' AGL/1365' AMSL

The Kentucky Airport Zoning Commission has approved your application for a permit to construct 255' AGL/ 1365' AMSL Antenna Tower near Parkers Lake, KY 36° 50' 21.04" N / 84° 20' 51.31" W.

This permit is valid for a period of 18 Month(s) from its date of issuance. If construction is not completed within said 18-Month period, this permit shall lapse and be void, and no work shall be performed without the issuance of a new permit.

A copy of the approved application is enclosed for your files.

Dual Obstruction Lighting is required.

A handwritten signature in black ink, appearing to read "John Houlihan".
