In the Matter of:

APPLICATION OF BLUE GRASS ENERGY	)	
COOPERATIVE CORPORATION TO	)	CASE NO.
PASS-THROUGH AN INCREASE OF ITS	)	2008-00411
WHOLESALE POWER SUPPLIER PURSUANT	)	
TO KRS 278.455(2)	)	

ORDER

On October 31, 2008, Blue Grass Energy Cooperative Corporation ("Blue Grass Energy") submitted an application to pass-through any wholesale rate adjustment granted to East Kentucky Power Cooperative, Inc. ("EKPC") in Case No. 2008-00409.<sup>1</sup> Blue Grass Energy submitted its application pursuant to the authority of KRS 278.455(2) and 807 KAR 5:007, Section 2.

In its application, Blue Grass Energy described how its proposed pass-through rates were developed:

In accordance with the provisions of KRS 278.455(2), Blue Grass Energy Cooperative Corporation hereby states that the effects of the increase in rates from its wholesale supplier, EKPC, are being passed through to its retail tariffs on a proportional basis and that the rate design structure proposed for each retail rate schedule does not change the rate design currently in effect.<sup>2</sup>

---

<sup>1</sup> Case No. 2008-00409, General Adjustment of Electric Rates of East Kentucky Power Cooperative, Inc. (Ky. PSC March 31, 2009)

<sup>2</sup> Application, Page 1.

KRS 278.455(2) provides that a distribution cooperative may change its rates to reflect a change in the rate of its wholesale supplier if the effects of an increase or decrease are allocated to each class and within each tariff on a proportional basis that will result in no change in the rate design currently in effect. Further, 807 KAR 5:007, Section 2(2), provides that the distribution cooperative shall file an analysis demonstrating that the rate change does not alter the rate design currently in effect and that the revenue change has been allocated to each class and within each tariff on a proportional basis.

The Commission has reviewed the approach proposed by Blue Grass Energy to pass-through any increases in the wholesale rates of EKPC and to allocate such increases to its retail rates. Based upon this review, the Commission finds that Blue Grass Energy's approach complies with the provisions of KRS 278.455(2) and 807 KAR 5:007, Section 2(2), and, therefore, should be accepted.

The Commission issued an Order in Case No. 2008-00409 on March 31, 2009 authorizing a \$59.5 million annualized increase in EKPC's wholesale rates effective for service rendered on and after April 1, 2009. According to Blue Grass Energy, this will increase its wholesale power cost by \$6,824,020 annually.<sup>3</sup>

IT IS THEREFORE ORDERED that:

1. The proposed rates submitted with Blue Grass Energy's application are rejected.
2. The approach proposed by Blue Grass Energy to allocate its portion of the increase in the wholesale rates authorized in Case No. 2008-00409 is accepted.

---

<sup>3</sup> Response to Commission Staff's Supplemental Data Request issued on March 18, 2009.

3. The rates set forth in the tariff sheets in the Appendix hereto are approved for service rendered on and after April 1, 2009.

4. Within 20 days from the date of this Order, Blue Grass Energy shall file with the Commission its revised tariffs, setting out the rates approved herein and stating that they were approved pursuant to this Order.

By the Commission
