This letter is to let you know I would like to attend the hearing on Tues., March 17, 2009, at 10 a.m.

I do not know why my bill is so high - all of my neighbors, too. Is fuel adjustment just the tip of the iceberg? I could not afford last month's bill - or this month, and I will have to get assistance again. My husband lost his job in October, but we will not be able to afford electric in our \$900 sq. ft house!! Our bill was \$220.00.

What the heck? Our assistance money will all be gone when we use it this month. I am a student, have 2 children, & will be unable to pay ever-increasing electric bills.

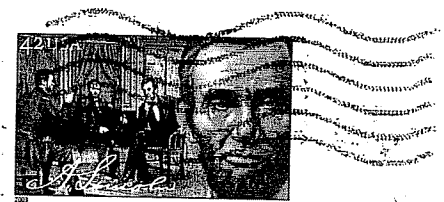

Thanks,
Stephanie West

P.S. I have not used electric any differently than I have in the past!
