PARTIES OF RECORD

Re: Case No. 2008-00441
Salt River Electric Cooperative

Attached is a copy of the memorandum which is being filed in the record of the above-referenced case. If you wish to file any comments regarding the contents of the memorandum, please do so within five days of receipt of this letter. If you have any questions, please contact Rick Bertelson at 502/564-3940, Extension 260.

Sincerely,

A handwritten signature in cursive script that reads "Stephanie Stumbo".

Stephanie Stumbo
Executive Director

INTRA-AGENCY MEMORANDUM
KENTUCKY PUBLIC SERVICE COMMISSION

TO: Case File No. 2008-00441

FROM: Rick Bertelson, Staff Attorney

DATE: November 5, 2008

SUBJECT: Salt River Electric Cooperative
Informal Conference

On October 29, 2008, Commission Staff held an informal conference with Salt River Electric Cooperative ("Salt River"). A sign-in sheet showing the names of the participants is attached.

Commission Staff requested the informal conference to allow Salt River engineers to demonstrate how they ran the computer modeling for their load flow analyses for their 2008-2011 Construction Work Plan.

The Salt River representatives brought with them a laptop computer, with a copy of WindMil® electrical engineering analysis software installed on it. They used the WindMil® software to demonstrate where potential voltage drops will occur on their system in 2011, if no actions are taken to address the problems. Salt River stated that their 2008-2011 Construction Work Plan is designed to address these problems.

Salt River said that they try to keep their actual construction actions relatively "conservative." This means, they said, that they plan to use actual field data to determine how many of the actions outlined in the 2008-2011 Construction Work Plan should actually be done.

Salt River will send a CD-ROM of the 2011 model run, without corrections, and a copy of the database to the Division of Engineering.

The meeting was adjourned.
