

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

THE APPLICATION OF DUKE ENERGY)	
KENTUCKY, INC. FOR AN ORDER TO)	
ENTER INTO UP TO \$25,000,000)	CASE NO. 2008-00504
PRINCIPAL AMOUNT OF CAPITAL)	
LEASE OBLIGATIONS)	

O R D E R

On December 8, 2008, Duke Energy Kentucky, Inc. ("Duke Kentucky") filed its application for authority to enter into Capital Lease obligations ("Capital Leases") up to a \$25,000,000 principal amount over a period ending December 31, 2010. Duke Kentucky proposes to utilize the Capital Leases as another form of financing capital requirements, such as meters, computers, office equipment, software and site licenses. Land, plant or equipment in service, plant under construction, or land or equipment to be acquired or constructed may also be leased.

The Capital Leases will have structures and terms similar to other forms of debt financing but with the potential to lower the overall cost associated with financing property acquisitions. Lessors that have higher credit ratings than Duke Kentucky can often secure capital at a lower cost. In some instances, the lessor may be able to better utilize tax depreciation benefits than the lessee, which may lower the cost of financing.

Duke Kentucky may enter into one or more participation agreements with its affiliates and a lessor in connection with the capital leases for the purpose of providing administrative efficiencies and for the convenience of the parties involved. At the end of a lease, Duke Kentucky will have the following options: (1) renew the lease, (2)

purchase the property, or (3) terminate the lease. Duke Kentucky will retain its obligation to pursue the best terms available for the structure selected.

The Commission, having considered the evidence of record and being otherwise sufficiently advised, finds that Duke Kentucky's entering into up to \$25,000,000 in Capital Lease obligations is for lawful objects within its corporate purposes, is necessary and appropriate for and consistent with the proper performance of its service to the public, is reasonably necessary and appropriate for such purposes, and should therefore be approved. We also find that Duke Kentucky should be required to document the Capital Leases it enters into; therefore, we will impose the documentation requirements set forth in Ordering Paragraph 3 below.

IT IS THEREFORE ORDERED that:

1. Duke Kentucky is authorized to enter into up to \$25,000,000 of Capital Leases in one or more transactions through December 31, 2010.
2. Duke Kentucky shall agree only to such terms and prices that are consistent with the parameters set out in its application.
3. Duke Kentucky shall, within 10 days after entering into a capital lease, file with the Commission a statement setting forth the starting date and period of the lease, a description of the property, the name and address of the lessor, the dollar amount of the lease, any stated or implied interest rate, all fees and expenses included in the lease and a copy of any participation agreements. In addition, Duke Kentucky shall perform an analysis comparing the cost of financing through Capital Leases to that of other forms of debt financing for any Capital Lease in excess of \$1,000,000. The

analysis and supporting data should be retained as documentation for establishing ratepayer benefits from Capital Leases during future rate proceedings.

4. The proceeds from the transactions authorized herein shall be used only for the lawful purposes set out in the application.

Nothing contained herein shall be construed as a finding of value for any purpose or as a warranty on the part of the Commonwealth of Kentucky or any agency thereof as to the securities authorized herein.

Done at Frankfort, Kentucky, this 4th day of February, 2009.

By the Commission
