PARTIES OF RECORD

Re: Case No. 2008-00513

Attached is a copy of the memorandum which is being filed in the record of the above-referenced case. A copy of the sign-in sheet is being served on the parties, as indicated by the memorandum; because the Complainant waived her right to a copy of the records produced by the utility, Commission Staff is not serving a copy of those records on the parties. A copy of those documents, however, is being filed in the record of the case. If you have any comments you would like to make regarding the contents of the informal conference memorandum, please do so within five days of receipt of this letter. If you have any questions, please contact M. Todd Osterloh at 502/564-3940, Extension 439.

Sincerely,

INTRA-AGENCY MEMORANDUM

KENTUCKY PUBLIC SERVICE COMMISSION

TO: Case File

FROM: Todd Osterloh, Staff Attorney

DATE: June 29, 2009

RE: Case No. 2008-00513
Tammy Rogers v. Northeast Woodford County Water District
Teleconference of June 23, 2009

On June 23, 2009, the Commission held an informal conference for the purpose of discussing the substance and procedure of this case. The participants of the conference are listed on the sign-in sheet, which is attached to this memorandum.

Beginning the conference, Commission Staff stated that it would prepare minutes of the conference for the case record, that a copy of these minutes would be provided to all parties, and that all parties would be given an opportunity to submit written comments upon those minutes. Staff also noted that its statements and opinions are not necessarily binding on the Commission.

Commission Staff initially summarized the position of the parties. The Complainant, Tammy Rogers, then elaborated on her position that Northeast Woodford Water District overcharged her and other customers on the December 2008 billing. The water district stated that it could not explain how water was used after it passed through the meter. It also explained that, even if meter readings were inaccurate for previous months, the accurate reading of a subsequent month would remediate the previous inaccuracies.

In order to gather more information, Commission Staff requested that Northeast Woodford Water District provide a redacted copy of billing records for a one-year period for customers in Mrs. Rogers' neighborhood. The water district agreed to provide that information no later than July 14, and Mrs. Rogers stated that the water district did not need to provide a copy of those records to her. Commission Staff noted that, when filed, the records would be accessible online. (Northeast Woodford Water District provided Commission Staff with that information on June 24, and it is being filed in the record of the case as an attachment to this memorandum.) In addition, Commission Staff stated that it would test Mrs. Rogers' water meter at its laboratory.

Commission Staff stated that, after it received this additional information, it would contact the parties to schedule another informal conference. The conference then adjourned.
