Re: PSC Case No. 2008-00563

We are writing to express our opposition to a 50.80% rate increase for Water Service Corp of KY. We are a small city with most residents on fixed incomes of social security, disability, or low income levels. We wonder month to month how we will come up with the money to meet our bills now without added increases.

We cannot afford to travel to Frankfort and would appreciate if a public meeting could be held in our area so all of us could have a chance to voice our opinions.

Yours truly,

A. R. Ellegood
