CASE NO. 2008-00563

To Whom it may concern

The citizens of Clinton, Ky., Hickman Co., need your help.  
Our county is economically poor.

Please be advised that if the requested rate increase of 50.8% by Utilities Inc. is allowed it will affect me in the following ways:

Water Service Corp. Case No 2008-00563

I am unemployed & going to school & live in the city of Clinton Ky.

1. The cause for the raise in our water bill is that the water company went on a new billing system. That is not the consumers fault.
  2. We are a poor, small community. There are no jobs in this county that can support a family. - The economy has us <sup>all</sup> stopped.
  3. At present without a vote, we pay a water bill and then on top that 130% of the total water bill is added on for the sewer.
  4. The city of Clinton will not allow us to build our own wells.
  5. My meter cannot be read each month. The dirt around & on the meter is never disturbed.
  6. I have never seen a water sewer loop maintenance crew working or reading, replacing, or unhooking a water meter or line on my street or any other street in this town.
- For the above reasons I am against a raise in water rates.

I request that you hold a public meeting in the city of Clinton so that the citizens can attend and voice their opposition to you directly.

Thank You

I cannot afford to come to Frankfort.

Could you please come to Clinton for a meeting?

Conquer your ego on the hardships in this town. Some families owe \$700 water bills right now which they cannot pay. Thanks!
