

Public Service Commission,

I'm writing concerning the
50% rate increase on our water
bill.

Our town of Clinton, Ky. have
A high number of senior citizens
that live on a fixed income. They
have such a small amount of
income to live on.

Please consider the senior
citizens before raising the water
bills. Everyone needs water
and want to pay their share,
but not doubling our water bills.

Our case number:
