To Whom it may concern

Please be advised that if the requested rate increase of 50.8% by Utilities Inc. is allowed it will affect me in the following way(s).

Hi, my name is Benny Davis. I live at 200 South College St. in Clinton Ky. I'm writing because I am disappointed and concerned with city leaders over the water and sewer bills. We're already paying 133% of our water bill for sewer which makes my bill over one-hundred dollars a month. And now the city leaders want an increase of 50.8% which will make my bill two-hundred a month or better. I'm concerned because this is a working class community everyone struggles to make ends meet. If the cost of living keeps going up and with the economy in its current state I'm afraid people will not be able to pay their mortgages due to the extreme water bills. I am asking for a formal investigation of the city leaders in Clinton. I have called to ask questions and was told it is not their responsibility. If the city leaders are not responsible for the well being of the citizens then who is responsible? I would like to know if there are any steps the citizens can take to impeach these "unresponsible leaders". Thank-you for your time. you may contact me at (270)254 2017

I request that you hold a public meeting in the city of Clinton so that the citizens can attend and voice there opposition to you directly.

Thank You
