PUBLIC SERVICE
COMMISSION

To whom it may concern:

I am writing today to tell you that I am strongly opposed to the 50.8% increase on our water and sewer. I, one of this town's many senior citizens, am very disappointed with the decision of the Water Service Corporation of Kentucky to increase our rates. I am an 84 year old widow and cannot afford such an outrageous increase.

I hope that you will consider holding a public meeting in our area so that concerned residents may voice their opinions. Unfortunately, due to my health, the time and expense it would take to travel to Frankfort, I would not be able to come there to voice my opposition to this hike. There are a lot of people in this town who feel neglected by our city officials, especially in this case. I hope this letter reaches someone who will come down here and take a look at what is happening in this town.

Thank you,
