Dear Sir(s),

I write this letter in order to inform you of my opposition to the Utilities Inc. request to raise their rates by 50.8% (Water Service Corp., Case # 2008-00563). Primarily the increase is too steep for most of the residents of Clinton. With the economic down-turn and the large number of fixed income families and a high number of low income families this increase would make life much more difficult for so many people.

Please consider making a real effort to come to Clinton, KY for a public hearing in order that you might make a good-faith effort to truly hear from our residents. While there might be a few that could come to Frankfort, most can not come due to a host of work and economic related issues.

Hoping that you are listening.

Rev. Aaron Dowdy, Pastor of Clinton First United Methodist Church.
