Re: Columbia Gas of Kentucky, Inc.
Gas Cost Adjustment Case No. 2009 - 00036

Dear Mr. Derouen:

On January 30, 2009, Columbia Gas of Kentucky, Inc., ("Columbia") submitted via fax its March quarterly Gas Cost Adjustment ("GCA"). Hardcopies of the application were delivered to the Commission on Monday, February 2, 2009. Columbia's understanding was that this is an acceptable filing practice. However, the application was date-stamped received on February 2, 2009 rather than January 30, 2009. Hence, Columbia respectfully requests a waiver of the 30-day filing requirement, if needed, so that the proposed rates may become effective with Columbia's March billing cycle on March 2, 2009.

Also attached are supplier refund letters to supplement the Refund Adjustment of Columbia's proposed GCA. These letters were not included in the fax, due to their volume, and thus were not in the original filing documents. Further, Sheet No. 6 of Schedule No. 1 is attached which was inadvertently omitted. Please feel free to contact me at 859-288-0242 if there are any questions.

Sincerely,

Judy M. Cooper
Director, Regulatory Policy

Re: Columbia Gas Transmission, LLC, Docket No. RP09-____
Penalty Revenue Crediting Report

Dear Secretary Bose:

Pursuant to Section 19.6 of the General Terms and Conditions ("GTC") of Columbia Gas Transmission Corporation's ("Columbia") FERC Gas Tariff, Second Revised Volume No. 1 ("Tariff"), Columbia must file a report with the Federal Energy Regulatory Commission ("Commission") within 60 days of the close of each Columbia contract year (November 1 to October 31) showing any Penalty Revenues Columbia has received during the contract year, any Columbia costs netted against the Penalty Revenues, and the resulting Penalty Revenue credits due to Non-Penalized Shippers for each month of the contract year.

In compliance with GTC Section 19.6, Columbia is providing the attached Penalty Revenue Crediting Report for the 2006-2007 contract year.¹ As further detailed in the attached Report, Columbia collected from its Shippers Penalty Revenues totaling \$2,587,635.44, inclusive of interest (see Appendices A and C). Columbia did not incur any costs that it would propose to net against the Penalty Revenues. Finally, the attached Report reflects the calculation of the Non-Penalized Shippers' monthly allocation percentage and their respective Penalty Revenue credits (see Appendix B). In accordance with GTC Section 19.6, Columbia allocated penalties collected each month to all Shippers not assessed penalties during that month based upon such Shippers' monthly commodity volumes. Columbia included the applicable Penalty Revenue credits on the Non-Penalized Shippers' December 2007 invoice for November service.

Columbia requests that the Commission accept this Penalty Revenue Crediting Report and approve the Report as reflecting the proper disposition of Penalty Revenue Credits pursuant to GTC Section 19.6 of Columbia's Tariff.

¹ Due to an administrative oversight, this filing is being made 1 day late, and Columbia requests waiver of any Commission requirements to permit acceptance of this filing.

Waiver

Columbia respectfully requests that the Commission grant any waivers that it may find necessary to accept this filing.

Re: Columbia Gulf Transmission Company, Docket No. RP09-____
Penalty Revenue Crediting Report

Dear Secretary Bose:

Pursuant to Section 19.6 of the General Terms and Conditions ("GTC") of Columbia Gulf Transmission Company's ("Columbia Gulf") FERC Gas Tariff, Second Revised Volume No. 1 ("Tariff"), Columbia Gulf must file a report with the Federal Energy Regulatory Commission ("Commission") within 60 days of the close of each Columbia Gulf contract year (November 1 to October 31) showing any Penalty Revenues Columbia Gulf has received during the contract year, any Columbia Gulf costs netted against the Penalty Revenues, and the resulting Penalty Revenue credits due to Non-Penalized Shippers for each month of the contract year.

In compliance with GTC Section 19.6, Columbia Gulf is providing the attached Penalty Revenue Crediting Report for the 2007-2008 contract year.¹ As further detailed in the attached Report, Columbia Gulf collected from its Shippers Penalty Revenues totaling \$69,411.41, inclusive of interest (see Appendices A and C). Columbia Gulf did not incur any costs that it would propose to net against the Penalty Revenues. Finally, the attached Report reflects the calculation of the Non-Penalized Shippers' monthly allocation percentage and their respective Penalty Revenue credits (see Appendix B). In accordance with GTC Section 19.6, Columbia Gulf allocated penalties collected each month to all Shippers not assessed penalties during that month based upon such Shippers' monthly commodity volumes. Columbia Gulf included the applicable Penalty Revenue credits on the Non-Penalized Shippers' December invoice for November service.

¹ Due to an administrative oversight, this filing is being made 1 day late, and Columbia Gulf requests waiver of any Commission requirements to permit acceptance of this filing.
