RE: Informal Conference of March 27, 2009

Pursuant to the Commission's February 12, 2009 Order, on March 27, 2009, representatives of Kentucky Power Company ("Kentucky Power") and Commission Staff ("Staff") met at the Commission's offices to discuss Kentucky Power's testimony and responses to the first round of data requests in the current examination of the company's environmental surcharge mechanism. A list of attendees is attached to this memorandum as Appendix A.

Commission Staff asked a few clarifying questions related to information included in the first data request. The topics discussed were related to operations and maintenance expenses, specifically the air emissions fee and overtime labor, and the SO₂ and NO_x Emissions Allowance Inventory. There being no other questions, the meeting was adjourned.
