1. Has your cooperative experienced any problems in administering its environmental surcharge pass-through mechanism over the 18-month period under review in this case? If yes, explain in detail the nature of the problems and any suggested changes to cure the problems.

Answer: Cumberland Valley Electric has experienced no problems administering its environmental surcharge pass-through mechanism during the 18-month period in review.

Robert Tolliver will be available to answer questions related to the information provided.

2. Has your cooperative received any customer complaints regarding the environmental surcharge pass-through mechanism during the 18-month period under review in this case? If yes, state the number of complaints received, the nature of each complaint, and the service classification of each customer making a complaint.

Answer: Cumberland Valley Electric has received no customer complaints regarding the environmental surcharge pass-through mechanism during the 18-month period under review in this case.

Robert Tolliver will be available to answer questions related to the information provided.

3. Does your cooperative believe that its environmental surcharge pass-through mechanism has operated reasonably over the 18-month period under review in this case? If no, explain in detail.

Answer: Cumberland Valley Electric believes its environmental surcharge pass-through mechanism has operated reasonably over the 18-month period under review in this case.

Robert Tolliver will be available to answer questions related to the information provided.

4. Does your cooperative have any recommended changes for its existing environmental surcharge pass-through mechanism? If yes, explain in detail the nature of each change and the reasons why the change is needed.

Answer: Cumberland Valley Electric has no recommended changes.

Robert Tolliver will be available to answer questions related to the information provided.
