Re: Case No. 2009-00039

Dear Mr. Derouen:

Please find enclosed an original and (5) copies of the responses to the supplemental data request of Commission Staff to East Kentucky Power Cooperative, Inc.'s sixteen member distribution cooperatives, in the matter of An Examination by the Public Service Commission of the Environmental Surcharge Mechanism of East Kentucky Power Cooperative, Inc. for the Six-Month Billing Periods Ending December 31, 2007; June 30, 2008 and December 31, 2008; and the Pass-Through Mechanism for its Sixteen Member Distribution Cooperatives. A copy of the responses to the supplemental data request have been sent to all parties of record as shown on the attached list.

Very truly yours,

James William Barnett
Counsel for Inter-County Energy Cooperative Corporation

SUPPLEMENTAL DATA REQUEST OF COMMISSION STAFF TO
EAST KENTUCKY POWER COOPERATIVE, INC.'S
SIXTEEN MEMBER DISTRIBUTION COOPERATIVES

RESPONSES BY INTER-COUNTY ENERGY COOPERATIVE

- 1. Refer to the questions in the Appendix of the Commission Order dated April 14, 2009.**

Request No. 1a

Are you proposing as part of this case to revise the allocation methodology that you currently use to pass through EKPC's environmental surcharge to your retail customers? If yes, identify the revised allocation methodology you propose to adopt and the specific retail rate classes that will be subject to the revised allocation methodology.

Response: No. Inter-County Energy has the understanding that a "levelized" pass-through mechanism may not be allowable under current regulations for the Environmental Surcharge. Since a change to the mechanism in this manner may require changes in current regulations, Inter-County's response dated April 29, 2009 in reference to question No. 4 in the Appendix of the Commission Order dated April 14, 2009 was simply a recommendation to the Commission for the future, not to change our current methodology.

Request No. 1b

Have the customers that are proposed to be billed under the revised allocation methodology been notified of the proposed change? If yes, provide a copy of the customer notice.

Response: Inter-County does not propose to change its current methodology.

Request No. 1c

State whether a change to your retail allocation methodology for billing the environmental surcharge will require a change to the existing language in your environmental surcharge tariff and, if so, provide a statement showing, with cross-outs and italicized inserts, all proposed changes. A copy of the current rate schedule can be used to show the proposed changes.

Response: Inter-County does not propose to change its current methodology.

Sheree Gilliam, being duly sworn, states that she has prepared the responses of Inter-County Energy Cooperative Corporation to the Public Service Commission to the supplemental data request in the above-referenced case dated July 7, 2009, and that the matters and things set forth therein are true and accurate to the best of my knowledge, information and belief, formed after reasonable inquiry.

Sheree Gilliam, Vice President-Customer Services
Inter-County Energy Cooperative Corporation

Subscribed and sworn to before me by Sheree Gilliam as Vice President-Customer Services of Inter-County Energy Cooperative Corporation this 9th day of July, 2009.
