The undersigned, Donald R. Schaefer, as President & CEO of Jackson Energy Cooperative Corporation (Jackson Energy), being first duly sworn, states as responses to requests for information herein as follows:

1. Refer to the questions in the Appendix of the Commission Order dated April 14, 2009.

Request No. 1a: Are you proposing as part of this case to revise the allocation methodology that you currently use to pass through EKPC's environmental surcharge to your retail customers? If yes, identify the revised allocation methodology you propose to adopt and the specific retail rate classes that will be subject to the revised allocation methodology.

Response No. 1a: No.

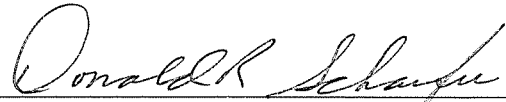

Request No. 1b: Have the customers that are proposing to be billed under the revised allocation methodology been notified of the proposed change? If yes, provide a copy of the customer notice.

Response No. 1b: Jackson Energy does not propose to change its current methodology.

Request No. 1c: State whether a change to your retail allocation methodology for billing the environmental surcharge will require a change to the existing language in your environmental surcharge tariff and, if so, provide a statement showing, with cross-outs and italicized inserts, all proposed changes. A copy of the current rate schedule can be used to show the proposed changes.

Response No. 1c: Jackson Energy does not propose to change its current methodology.

I certify that the above responses to the requests for information are true and accurate to the best of my knowledge and belief formed after a reasonable inquiry.
