**RESPONSES TO SUPPLEMENTAL DATA REQUEST JULY 7, 2009
BY SOUTH KENTUCKY RURAL ELECTRIC COOPERATIVE CORPORATION**

The undersigned, Allen Anderson, as President & CEO of South Kentucky Rural Electric Cooperative Corporation (South KY RECC), being first duly sworn, states as responses to requests for information herein as follows:

1. Refer to the questions in the Appendix of the Commission Order dated April 14, 2009.

Request No. 1a: Are you proposing as part of this case to revise the allocation methodology that you currently use to pass through EKPC's environmental surcharge to your retail customers? If yes, identify the revised allocation methodology you propose to adopt and the specific retail rate classes that will be subject to the revised allocation methodology.

Response No. 1a: Yes, we are proposing that the environmental surcharge should be changed at the wholesale (EKPC) and then the retail level (SKRECC) based on the amount of kWh purchased and sold regardless of rate class used for the month instead of the current methodology as percent of revenue.

Request No. 1b: Have the customers that are proposed to be billed under the revised allocation methodology been notified of the proposed change? If yes, provide a copy of the customer notice.

Response No. 1b: No.

Request No. 1c: State whether a change to your retail allocation methodology for billing the environmental surcharge will require a change to the existing language in your environmental surcharge tariff and, if so, provide a statement showing, with cross-outs and italicized inserts, all proposed changes. A copy of the current rate schedule can be used to show the proposed changes.

Response No. 1c: Changes will be needed on both the EKPC and SKRECC rate schedules reflecting the change from the existing allocation methodology based on revenue.

I certify that the above responses to the requests for information are true and accurate to the best of my knowledge and belief formed after a reasonable inquiry.
