Through some
significant changes
in your outlook and
attitude, views and
concepts that have
held you back will
finally be resolved
in the year ahead.
The new you will
discover what
you've been looking
for in this fresh per-
spective.

Pisces (Feb. 20-March 20) — An associate of yours who always asks more of everyone than this person is ever willing to do for others will perform the old tricks again. Don't be afraid to reject any undesirable requests.
Aries (March 21-April 19) —

even if they're small.

Taurus (April 20-May 20) — There is a strong possibility that you will be privy to some information that could be harmful to another if it got out. Don't be either prosecutor or judge when deciding who should know what.

Gemini (May 21-June 20) — Harmful comments about another will damage you more than they will any individual you trash. You won't have much luck winning friends with nasty gossip.

Cancer (June 21-July 22) — Be careful not to overreact if a loyal friend provides support to your opposition. The person isn't

other pertinent information about anything new in your life, even if it's similar to something previously explored. It'll save you a big headache.

Virgo (Aug. 23-Sept. 22) — Without meaning to, there's a good chance you could put restraints on those you love. Remember, the tighter you try to bind them to you, the harder they're going to strain to break away.

Libra (Sept. 23-Oct. 23) — Don't force yourself to take on a project if you're only luke-warm about seeing it through to completion. Your small amount of enthusiasm won't hold up long enough to fin-

so keep your thoughts to yourself. Finger-pointing will only create hostility and the loss of a pal.

Sagittarius (Nov. 23-Dec. 21) — Loss of a prized possession is possible unless you are extra diligent about protecting that which you hold dear. Don't leave anything lying around where it can easily be stolen.

Capricorn (Dec. 22-Jan. 19) — Heal old differences by letting bygones be bygones, even if they remind you of past indiscretions. Dredging this stuff up again will only widen the chasm.

Aquarius (Jan. 20-Feb. 19) — If your thoughts are
