COMMISSION

RE: PSC Case Number: 2009-00093.

Dear Mr. Skeans:

I am in receipt of a copy of your letter addressed to the Executive Director of the Kentucky Public Service Commission dated March 30, 2009 regarding Case Number 2009-00093. I represent the applicant, New Cingular Wireless PCS, LLC, and will be working with you to address any of your concerns.

I have enclosed with this letter is a copy of the survey and vicinity map completed by a Licensed Professional Land Surveyor for your review. Your property is indicated as number 6 on the 500' Radius Vicinity Map. The survey and vicinity map should address your issue regarding the placement of the proposed tower in relation to your property. I apologize if the previously sent map appeared "faulty", however it was created using the coordinates of the latitude/longitude of the proposed tower.

Please feel free to contact me if you need further clarification or have any questions.

Sincerely,

Todd R. Briggs
Counsel for New Cingular Wireless PCS, LLC.
