

COMMISSION OF PUBLIC WORKS

RECEIVED

APR - 7 2009

PUBLIC SERVICE
COMMISSION

April 3, 2009

To Whom It May Concerns:

We the people of Homestead and Yardwood Mobile Home Park in Radcliff, Ky. would like to
Address our concern of Hardin County District#1 who has proposed a tariff law changing our
Park back to master meters. We oppose doing this and am happy having our own meter. We don't
Feel this is necessary and will add an additional burden to us as individuals who are on fixed
Income.

Sincerely,

Judy Lilly
