RURAL SERVICE AREA #5 (WAYNE) OF THE	)	
COMMONWEALTH OF KENTUCKY	)	

O R D E R

On May 21, 2009, Cumberland Cellular Partnership ("Applicant"), filed an application seeking a Certificate of Public Convenience and Necessity to construct and operate a wireless telecommunications facility. The proposed facility consists of a self-supporting antenna tower not to exceed 255 feet in height, with attached antenna, to be located at 145 Abbott Road, Monticello, Wayne County, Kentucky. The coordinates for the proposed facility are North Latitude 36° 46' 19.75" by West Longitude 84° 45' 58.95".

The Applicant has provided information regarding the structure of the tower, safety measures, and antenna design criteria for the proposed facility. Based upon the application, the design of the tower and foundation conforms to applicable nationally recognized building standards, and a Licensed Professional Engineer has certified the plans.

Pursuant to 807 KAR 5:063, the Applicant has notified the County Judge/Executive of the proposed construction. The Applicant has filed applications with the Federal Aviation Administration ("FAA") and the Kentucky Airport Zoning

Commission ("KAZC") seeking approval for the construction and operation of the proposed facility. The FAA application has been approved, but the KAZC application is still pending.

The Applicant has filed evidence of the appropriate notices provided pursuant to 807 KAR 5:063. The notices solicited comments and informed the recipients of their right to request intervention. On April 9, 2009, the Commission received comments from Angela Tucker in support of the proposed facility. On April 16, 2009, the Commission received comments and a request for intervention from Jerry H. Neal. On July 8, 2009, the Commission granted limited intervention to Mr. Neal. On September 22, 2009, the Commission ordered that Mr. Neal would have 10 days to provide to the Commission and to the Applicant a statement indicating his desire for a formal hearing to be held in this proceeding. To date, the Commission has received no correspondence from Mr. Neal indicating his desire for a formal hearing.

The Commission, having taken all filed comments and the evidence of the record under fair consideration and being otherwise sufficiently advised, finds that the Applicant has demonstrated that a facility is necessary to provide adequate utility service and that, therefore, a Certificate of Public Convenience and Necessity to construct the proposed facility should be granted.

Pursuant to KRS 278.280, the Commission is required to determine proper practices to be observed when it finds, upon complaint or on its own motion, that the facilities of any utility subject to its jurisdiction are unreasonable, unsafe, improper, or insufficient. To assist the Commission in its efforts to comply with this mandate, the Applicant should notify the Commission if it does not use this antenna tower to provide

service in the manner set out in its application and this Order. Upon receipt of such notice, the Commission may, on its own motion, institute proceedings to consider the proper practices, including removal of the unused antenna tower, which should be observed by the Applicant.

IT IS THEREFORE ORDERED that:

1. The Applicant is granted a Certificate of Public Convenience and Necessity to construct a wireless telecommunications facility. The proposed facility consists of a self-supporting antenna tower not to exceed 255 feet in height, with attached antenna, and is to be located at 145 Abbott Road, Monticello, Wayne County, Kentucky. The coordinates for the proposed facility are North Latitude  $36^{\circ} 46' 19.75''$  by West Longitude  $84^{\circ} 45' 58.95''$ .

2. The Applicant shall file a copy of the final decision regarding the pending KAZC application for the proposed construction within 10 days of receiving the decision.

3. The Applicant shall immediately notify the Commission in writing, if, after the antenna tower is built and utility service is commenced, the tower is not used for a period of three months in the manner authorized by this Order.

4. The Applicant shall also notify the Commission in writing, within 20 days of completion that it has finished construction of the tower and the date upon which said construction was complete.

By the Commission
