PUBLIC SERVICE
COMMISSION

Jeff Derouen,

I would like to request leave to intervene in case #2009-00198. They have had 3 rate increases in this past year. In February 2009, November 2008, and it was either June or July of 2008. They have also received alot of money for the ice storm clean-up. They have asked for additional money to improve and expand their facilities, numerous times. Sometimes a business has to swallow the cost of updates and improvements. It's not all about how much money you can put into the investors pockets. Although the Lord provides for me, there are real people out here struggling, getting layed-off without another job to go to. Too many people out here looking for employment. They are trying to provide for their families and just that little bit more that LG&E wants to charge us, could mean one or two more bottles of formula for the baby or a loaf of bread, gallon of milk, possibly some gas to go look for a job. I can remember in my past, putting 38cents in my gas tank to get to my job that day so I could get my paycheck and make it the next week. Us real people do not get pay increases to keep up with the rate hikes, the cost of living and the cost of greed that has taken over our once great nation! Thank-you very much for taking your time out to read this.

HAVE A BEAUTIFUL, PEACHY DAY AND MAY GOD BLESS YOU AND YOUR FAMILY, ALWAYS!!!!

Sincerely,
Tammy Stewart
