RE: Purchased Water Rate Adjustment  
North McLean County Water District

Dear Ms. Stumbo:

Enclosed please find signed original application for Purchased Water Rate Adjustment on behalf of North McLean County Water District, along with eleven (11) additional copies of same.

A copy of the Notice to Customers, as required pursuant to Section 5 of 807 KAR 5:068, will be filed with your office subsequently. Calculations reflecting the increased rate are attached.

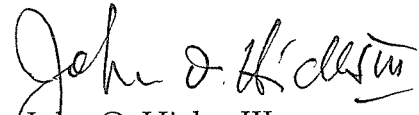

North McLean County Water District proposes that the effective date of its Purchased Water Rate Adjustment would be July 10, 2009. However, we have left the effective date blank on our tariff (rates and charges) sheet so that the Public Service Commission may assign such effective date that you determine to be appropriate. Nevertheless, the Water District requests that you consider our proposed date of July 10, 2009, to be the effective date of the Purchased Water Rate Adjustment.

Please process this application and issue an Order approving the increased rate, as may be appropriate.

- 1.a. Name of all wholesale suppliers and the base (current) rate and changed rate of each. In the event the water purchased is billed by the supplier on a rate that is not a flat rate schedule, the entire rate shedule must be shown. Attach additional sheets if necessary.

<u>Supplier(s)</u>	<u>Base Rate</u>	<u>Changed Rate</u>
West Daviess County Water District	\$2.26	\$2.36
City of Calhoun	\$1.90	N/A (no change)
City of Livermore	\$2.16	N/A (no change)

(All rates are per 1,000 gallons)

- 1.b. A copy of the supplier's notice of the changed rate showing the effective date of the increase is attached as Exhibit A.
2. Twelve-month period upon which the purchased water adjustment is based. (This twelve-month period must end within 90 days of this filing).

From May, 2008 through April, 2009  
(month and year) (month and year)

3. Statement of water purchases. Where water is purchased from more than one supplier, purchases from each supplier must be shown separately. If water is purchased through a declining block rate schedule, purchases for each month must be shown. Attach an additional sheet if necessary.

Supplier(s)	Gallons Purchased during 12 month period
West Daviess County Water District	12,603,700
City of Calhoun	112,600,600
City of Livermore	1,269,500
<b>TOTAL PURCHASES</b>	126,473,800

4. Total sales for the 12 month period 102,009,800.

5. Increased water cost \$1,260.37.

The increased water cost is the cost difference between purchases at base (current rate) and purchases at new rate.

6. Purchased water adjustment factor one cent (1¢) per 1,000 gallons

The purchased water adjustment factor is obtained by dividing the increased cost of water by the total gallons sold.

Note: The purchased water adjustment factor is added to each thousand gallons sold. If the minimum usage is 2,000 gallons then the purchased water adjustment factor would be added to the minimum bill twice. Revised tariff sheets must be attached showing the rate to be charged by the utility and the effective date of the increased rates.

7. Proposed effective date July 10, 2009.
