O R D E R

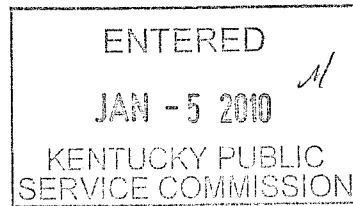

On October 18, 2009, the Commission entered an Order in which it required, *inter alia*, that Madison County Utilities District (“Madison District”) provide certain information no later than November 3, 2009. On October 28, 2009, Madison District Manager John C. Clark filed a letter requesting a three-week extension to file its responses to the information request. The Commission did not act on that letter.

Noting that the Commission’s Order of October 18, 2009 required that all requests for extensions be made in the form of a motion, Madison District’s counsel, Jud Patterson, filed a motion for extension to respond to the information request no later than December 17, 2009. In its motion, Madison District states that the “extension is necessary to provide adequate time to thoroughly answer the in depth questions that require the coordination of MCUD staff, MCUD accountant, counsel and engineer.” The motion and Madison District’s responses were filed contemporaneously on

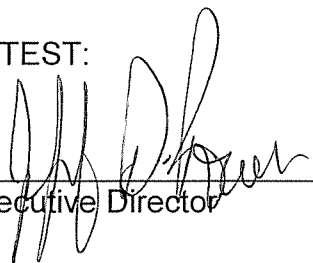

December 17, 2009. Finding good cause, we grant Madison District's motion and accept the information it filed in response to our information request.¹

IT IS THEREFORE ORDERED that Madison District's motion is granted and the information Madison District filed in response to our information request is accepted.

By the Commission

ATTEST:

Executive Director

¹ We note that all requests for information should be filed with the Commission prior to expiration of the deadline.
