this can be true because the payee can not control the speed of the mail delivery.

Extending the grace period to fourteen (14) days will not affect LG&E/Eon in any appreciable way but will help numerous customers stay out of a constantly catchup way of life.

If LG&E/Eon is not just attempting to find a new income stream, this should be an easy compromise for all involved.

Wherefore, complainant asks _____

(Specifically state the relief desired.)

Extend grace period from three (3) days to fourteen (14) days from the due date for all customers of LG&E/Eon.

Additionally LG&E/Eon should reimburse all customers for this fee already collected
