Subject: RE: Wind power committed to the PJM market

No currently we have 400 MW currently going online that is committed to PJM that will be finished at the end of this month. Next year we have committed another 150 MW to PJM to AEP. And we are looking to commit another 50 MW very soon. There is another 150 MW that is still up in the air at this point.

Subject: Wind power committed to the PJM market

Dan,

Is the 99MWs at Grand Ridge that we are discussing in our draft agreement committed to the PJM Market in 2010? I would think not but PJM has asked us the question with our PTP TSRequest.

Thanks,

Charlie Freibert
