Charlie and Glenn,

That is interesting that PJM says they do not see a pricing point for this generator. I thought the developer said that it went into service in late 2008? They can't be selling into the PJM market without a pricing node.

Hi Glenn,

I've updated the end date on request 1092401, but I don't see any pricing points for Grand Ridge wind farm.

Just to be safe, make that note in the comments – it may not be set up yet.

Thanks,

Kevin M. Gresh

Subject: Oasis request 1092401

OASIS request number 1092401 should have an end date of 1-1-2015. OASIS would not allow submission of a 5 year request. The actual source for the request is Grand Ridge windfarm, however, it was not listed as an available source point in the OASIS dropdown menu.
