COMMISSION

Re: Case No. 2009-00428

Dear Mr. Derouen,

I'm writing in regards to the Commission's Order dated December 11, 2009 requesting the City of Greensburg to produce documentation and financial information for the City's utility system, in the case referred to above.

I would respectfully request that the City be given an additional extension of time to deliver the requested information, due to a sudden death in my family. On December 22, my widowed mother became critically ill and was hospitalized in Louisville. She subsequently passed away on December 31. During this time, the engineering firm of Bell Engineering has been preparing to do the requested "Cost of Rate Study", which they anticipate will take six weeks to complete. Accordingly, we would ask that our delivery date be moved back to February 28, 2010 and the remaining timeline adjusted accordingly.

I appreciate your consideration of our request to grant my community some additional time to provide the necessary documentation, due to the unexpected and difficult circumstances of the past few weeks. If you have any questions, please feel free to contact me at (270) 932-4298 or by email at [mayor@Greensburgonline.com](mailto:mayor@Greensburgonline.com).

Thank you in advance for your consideration of this matter.

Sincerely,

George "Lisle" Cheatham, II  
Mayor  
City of Greensburg

Cc: Ronnie Grant, Bell Engineering  
Nancy J. Stearman, CPA
