O R D E R

On November 10, 2009, Communications Venture Corporation d/b/a INdigital Telecom (“INdigital”) filed a petition for arbitration, pursuant to 47 U.S.C. § 252(b), seeking resolution of the proposed terms and conditions for interconnection with BellSouth Telecommunications, Inc. d/b/a AT&T Kentucky (“AT&T Kentucky”). On April 9, 2010, the Commission issued a ruling in the affirmative on the underlying threshold question of whether competitive access to 911/E911 services and facilities qualifies for interconnection under 47 U.S.C. §§ 251 and 252.

On July 28, 2010, INdigital and AT&T Kentucky notified the Commission that they had resolved all remaining issues that are the subject of the arbitration. The parties asked that the formal hearing in this matter be canceled and stated that they would submit a final interconnection agreement for Commission review. The formal hearing

was canceled by Order dated August 2, 2010, and the parties filed the final agreement on September 15, 2010.

The Commission has completed a review of the terms and conditions for interconnection between the parties. The Commission finds that agreement was negotiated in part and arbitrated in part pursuant to 47 U.S.C. §§ 251 and 252 of the 1996 Telecommunications Act. The Commission has reviewed the agreement and finds that no portion of the document discriminates against a telecommunications carrier not a party. The Commission finds that the parties have included within the agreement the terms and conditions for access to 911/E911 services and facilities, pursuant to the Commission's April 9, 2010 Order. Lastly, the Commission finds that the implementation of this agreement is consistent with the public interest, convenience and necessity.

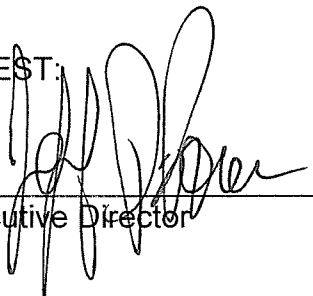

IT IS HEREBY ORDERED that:

1. The interconnection agreement is accepted and approved, pursuant to 47 U.S.C. § 252(e)(4).
2. This matter is closed and removed from the Commission's docket.

By the Commission
