BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

TARIFF FILING OF HENRY COUNTY WATER)
DISTRICT NO. 2 TO AMEND ITS POLICY) CASE NO. 2009-00440
REGARDING CERTIFICATION OF WATER)
AVAILABILITY)

ORDER

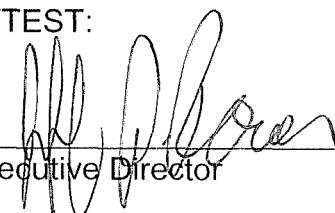

On January 25, 2010, Henry County Water District No. 2 ("Henry District") filed a revised tariff sheet containing its proposed "Plat Tariff" in which it proposes to condition its certification of the availability of water service to subdivision developments upon the payment of an impact fee or system development charge to offset the effect "of holding hydraulic capacity in reserve for . . . [the] subdivision." Pursuant to the revised tariff sheet, the "Plat Tariff" will become effective on March 1, 2010.

Finding that further investigation of the proposed "Plat Tariff" is necessary and that such investigation cannot be completed prior to March 1, 2010, the Commission finds that the operation of the proposed tariff should be suspended for a period no longer than five months.

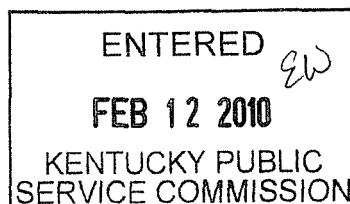

IT IS THEREFORE ORDERED that the operation of Henry District's proposed "Plat Tariff" is suspended from March 1, 2010 through August 31, 2010.
